

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

NOTE.

The resolution instructing the City Attorney to revise the Charter further instructs him to insert annotations of Supreme Court decisions which construe or refer to Charter provisions. It is believed no case of this nature has been omitted. There has been no attempt to make a general digest of all decisions of our Supreme Court involving questions of municipal law, but notes of some decisions construing charters of other cities having charter provisions similar to ours, and some decisions upon matters of general interest which may assist city officers in the performance of their municipal duties, have also been inserted.

The notes have further been made with special reference to construction of the Charter provision under consideration rather than to the general questions of law involved. All citations of Wisconsin decisions are to the top paging in the reports.

I have not attempted to go back of the work performed by City Attorney Elliott in 1889. Its accuracy has been proved by six years of daily use, and numerous conflicts in the courts.

SECTION 9. The common council shall, on or before the first Tuesday in April, A. D., 1891, and on or before the same day in each year thereafter, direct the city clerk of said city to advertise in one English, one German and one Polish newspaper, published in said city, for proposals to do the advertising for the said city for the next ensuing year thereafter, of all ordinances, notices and all the city

advertising required by law, or by resolution or ordinance of the common council to be published in a newspaper, and also for proposals to publish the proceedings of the common council as may be ordered by the council; such advertisement shall invite separate bids for the advertising required, and for publishing the proceedings of the common council, and shall invite such bids from the English, the German and the Polish newspapers, published daily in said city for at least two consecutive years prior to the date of the bids, and shall require the delivery of such proposals, stating whether in English, in German or in Polish, in writing duly sealed and directed to said clerk, on or before the third Tuesday of April, of the then current year. No bids for either kind of work shall be considered by said clerk, except from a daily newspaper which has been published in said city at least two years consecutively next before the date of the bid, and no bid shall be considered, unless accompanied by a certificate from the city treasurer, showing that the bidder has deposited with him five hundred dollars in money or United States bonds, and a written agreement executed by said bidder under seal, to the effect that if such bid, either for advertising or publishing proceedings, be accepted; and upon being notified thereof, such bidder shall fail to enter into and execute a contract for the advertising or the publication of proceedings, or for both, as required by this act within the time prescribed by said clerk, said advertisement then and in such case the said five hundred dollars shall become absolutely forfeited to said city. If a bid be rejected in case the bidder makes but one, and if both bids be rejected in case the bidder makes two bids, the said certificate of the city treasurer and such agreement and said five hundred dollars shall be thereupon returned to the bidder. The said clerk shall, on the third Tuesday, in April in each year, at 12 o'clock at noon, in the presence of the mayor, open all such bids or proposals, and shall thereupon, in the presence of the mayor, enter upon a record to be kept by the clerk for that purpose, all the said proposals for either kind of work, either in English, German or Polish, with the respective prices for which such newspapers shall offer to do either the advertising or the publication of the proceedings of the common council. And thereupon said clerk shall transmit all such proposals to the common council, at the next regular

meeting thereof held after the opening of such proposals and a statement of all such proposals designating therein the English newspaper or newspapers, the German newspaper or newspapers, and the Polish newspaper or newspapers, which shall respectively do such advertising or such publication of proceedings or both of them, at the lowest price, for the year ensuing. If, however, any two or more bids, either for advertising or for publishing the proceedings either in English, German or Polish, shall be for the same price, then all such facts shall be stated. The common council shall thereupon at said meeting thereof by its resolution designate and award such advertising and such publication of council proceedings to the English newspaper or newspapers, the German newspaper or newspapers and the Polish newspaper or newspapers so published in the said city, which shall respectively offer to do such advertising and such publication of proceedings, or either at the lowest price for the year then ensuing. Provided, that in case only one Polish paper should bid for the publication of such proceedings and said advertising, and such bid should be higher than the lowest bid for the publication of such proceedings and such advertising in German, then the common council shall set the price for such publication of said proceedings and said advertising in the Polish paper equal to the price to be paid to the German newspaper or newspapers to which contracts for publication of said proceedings and said advertising in German have been or may be at that time awarded. And if two or more bids shall be received for either the advertising or the publication of the proceedings in either English, German or Polish, for the same price, then and in such case such advertising or such publication of the proceedings or both, shall be so let to the newspapers, in either such language, having the largest circulation in said city, and the publishers of the newspapers to which such advertising or publication of proceedings, or both, shall be awarded as aforesaid, shall respectively thereupon give bond in the sum of two thousand dollars for the faithful performance of said contract, which bond shall be approved by the comptroller of said city as to the surities therein, and by the city attorney as to the form and execution thereof. Provided, that in case both the advertising and the publication of proceedings, either in English, German or Polish,

shall be let to the same newspaper then the penalty of such bond shall be four thousand dollars. And whenever the successful bidder for the advertising or for the publication of proceedings as aforesaid, or for both, shall have executed the contract and bond aforesaid, and such bond shall have been duly approved as aforesaid, the sum of five hundred dollars, deposited with the city treasurer by such bidder, in accordance with this act shall be returned to the said bidder in accordance with the provisions hereintoforeset forth. Such newspapers shall thereupon become liable to print and publish all such ordinances, notices, council proceedings and other proceeding as are required by the charter of the city of Milwaukee or by resolution or ordinance of the common council, to be published in a public newspaper, and which such newspaper shall have contracted to publish, for the compensation specified in such proposals and contract, and shall receive no other compensation therefor, provided, however, that said common council may, in its discretion, reject any or all bids so made, that by said common council shall be deemed exorbitant or too high and in case of the rejection of all bids for either advertising or publication of proceedings, for such cause it shall thereupon be the duty of the said common council to direct said city clerk to re-advertise for proposals for such advertising or publication of proceedings, as the case may be, in the same manner as hereinbefore in this act provided, and the said clerk shall thereafter transmit to said common council the proposals so received by him, in the manner aforesaid. The said common council shall designate the English, the German, and Polish newspapers receiving the contract for such advertising as the proper official newspapers of the said city.

Council may reject bids, when.

Stated meetings.

SECTION 2. The common council shall hold stated meetings at such times and places as they shall appoint; and the mayor or the president of the board of aldermen may call special meetings thereof by notice of at least twenty-four hours, to each of the members, to be served personally, or left at his usual place of abode. Special meetings shall also be called by the president, at the

written request of five aldermen. The common council shall determine the rules for their own government and proceedings, provided such rules are consistent with the provisions of this act. A majority of the members elected shall be required to constitute a quorum for the transaction of business, but a smaller number may adjourn; their session shall be open and public; their proceedings shall be recorded; and all their papers and records, and all the election returns shall be deposited with the clerk of the common council, and the same may be examined at any time in the presence of the clerk; and each member of the common council shall have one vote, and no more on any one question. The ayes and noes may be required by any member; and on all questions, ordinances or resolutions for assessing and levying taxes, or for the appropriation or disbursement of money, or creating any liabilities or charge against said city or any fund thereof, the vote shall be taken by ayes and noes; and every vote by ayes and noes shall be entered at length upon the journal. At all elections or confirmations by the common council, the vote shall be given viva voce, and shall be duly recorded by the clerk in the journal; and the concurrence of a majority of all the members elect shall be necessary to an election or confirmation. The common council is a continuing body, and unfinished business pending before it shall not lapse or go down with the council year, but all pending business before the common council, or any committee thereof, at the termination of any council year shall be considered as pending before the common council of the next succeeding council year, or the corresponding committee thereof, and may be acted upon and disposed of by the council of such succeeding year in the same manner and with the same effect as if no change in such common council had taken place, by the expiration of a council year.

The common council is a continuing body, and has the control of all its records and papers, while the city clerk has only the custody thereof, and of the corporate seal, and is a mere ministerial officer, without any judicial or *quasi* judicial power.

State, *ex rel. Tibbitts vs. Milwaukee*, 86 Wis., 376.

The power conferred upon the common council to "judge of the election and qualification of its own members," does not exclude the common law jurisdiction of the courts to determine the right to the office of alderman.

A provision in a city charter that every vote by ayes and noes shall be entered on the journal does not apply to votes to adjourn.

Finances.

SECTION 3. The common council shall have the management and control of the finances, and of all the property of the city, except as in this act otherwise provided, and shall likewise, in addition to all other powers herein vested in them, have full power and authority to make, enact, ordain, establish, publish, enforce, alter, modify, amend and repeal all such ordinances, rules, by-laws and regulations for the government and good order of the city—for the benefit of the trade, commerce and health thereof—for the suppression of vice—for the prevention of crime—and for carrying into effect the powers vested in said common council, as they shall deem expedient; and to declare and impose penalties, and to enforce the same against any person or persons who may violate any of the provisions of such ordinances, rules, by-laws and regulations. And such ordinances, rules, by-laws and regulations are hereby

And for these purposes the common council shall have authority—anything in a general law of this state to the contrary notwithstanding—by ordinances, resolutions, by-laws, rules or regulations:

Council may regulate.

To the mayor and common council is expressly given the management and control of the finances, and of all property of the city, except as otherwise provided. They have also full power and authority to enact and enforce the ordinances, rules, by-laws and regulations therein provided for, which said ordinances, rules, by-laws and regulations are thereby made to have the force of law.

And all moneys received by said city for such licenses shall be paid into and be part of the general fund of said city; provided, that nothing in this act contained shall be construed to compel druggists to pay such license fee for the sale of any spirituous, vinous, or fermented liquors contained in any medicine compounded by them.

And the common council shall require each and every such officer and agent to exhibit his books, accounts and vouchers, for such examination and settlement, and if any such officer or agent shall refuse to comply with the orders of said council in the discharge of their duties in pursuance of this section, or shall neglect or refuse to render his accounts or present his books and vouchers to said council, or any authorized committee thereof, it shall be the duty of the common council to declare the office of such person vacant. The common council shall order suits and proceedings at law against any officer and agent of said city, who may be found delinquent or defaulting in his accounts, or in the discharge of his official duties. And they shall make a full record of all such settlements and adjustments.

Accounts of treasurer, board of public works and others shall be annually examined.

Council may order suits.

CHAPTER 148, LAWS OF 1893.

AN ACT to require the publication of applications to village boards and city councils for private or corporate franchises.

SECTION 1. The provisions of the Revised Statutes of the State of Wisconsin, relating to powers of village boards of incorporated villages, and as to powers of common councils of cities in the state of Wisconsin, in relation to granting franchises, are hereby limited and defined by the following provision: No franchise shall be granted by any village board of any village, or by any common council of any city in the State of Wisconsin, to any person or persons or corporation whatsoever, without first having published such franchise, at the expense of the party applying for the same, in the official newspaper of such city or village, for not less than two weeks previous to taking action thereon by such village board or common council, in order that the people whose interests are at stake may have an opportunity to be heard if they so desire.

SECTION 2. This act shall be construed to be an amendment of every city charter and of every village charter, whether incorporated under the special or general laws of the State of Wisconsin, wherein a similar provision does not already exist, but not otherwise.

CHAPTER V.

BOARD OF PUBLIC WORKS.

Board of public works how created and organized.

Term of office.

SECTION 1. There is hereby established for the city of Milwaukee an executive department to be known as the board of public works, which shall consist of four persons styled commissioners of public works. The city engineer of said city shall be ex-officio one of said commissioners, and president of said board. The members of said board shall be appointed by the mayor of said city, with the approval of a majority of the members elect of the common council. The term of office of the city engineer and of the other commissioners shall be three years, and shall commence on the third Tuesday of April. Each of the present members of said board shall hold his office (unless sooner removed as provided by law) until the expiration of the term for which he was appointed, and annually hereafter a person shall be appointed for three years, as above provided, to succeed the member whose term of office shall then expire, and as often as vacancy shall occur in said board, whether by death, resignation, or otherwise, a person shall be appointed in the manner above provided, to succeed the person whose office shall so become vacant, for the remainder of his term. The members of said board,

except the city engineer, at the time of their appointment, shall respectively reside—one in that part of said city which lies east of the Milwaukee river, one in that part of said city which lies west of the Milwaukee and north of the Menomonee rivers, and one in that part of said city which lies south of the Menomonee and west of the Milwaukee rivers. The commissioners shall elect annually, from their own number, a secretary, who is hereby authorized to administer all oaths required by this act. The city engineer and the other commissioners of said board may be removed for incompetency by the mayor, with the approval of a majority of all the members elect of the common council.

Their residence
prescribed.

As amended by Section 17, Chapter 144, Laws of 1875.

"An *executive* department to be known as the board of public works," was established for the city by the charter, with certain limited powers.

Koch vs. Milwaukee, 89 Wis., 220.

The original act creating the board of public works, being ch. 401, laws of 1869, *held* valid.

State, ex rel. Attorney General vs. O'Neill, 24 Wis., 149.

SECTION 2. The mayor shall on the third Tuesday of April, 1875, or within one week thereafter, and once in three years thereafter, appoint, subject to the approval of a majority of the members elect of the common council, some competent person as city engineer, who shall keep his office in some convenient place, to be designated by the common council, and it shall be his special duty to superintend and to do or cause to be done, all the civil engineering required by the board of public works, in the management and prosecution of all the public improvements committed to their charge and all such other surveying as may be directed by said board, or by the common council. He shall devote his whole time to the duties of his office as city engineer and ex-officio commissioner and president of the board of public works, but he shall not be required to sign any contract, certificate or other paper to be executed or issued by said board of public works under this act. Said engineer shall possess the same powers in making surveys and plats within said city that are given by law to county surveyors, and the like validity and effect shall be given to his acts, and to all plats and surveys made by him, as are or may

be given to the acts, plats and surveys of county surveyors. He shall keep a record of all his official acts and doings, shall keep on file a copy of all plats of the lots and blocks and sewers embraced in the city limits, of profiles of streets, alleys and sewers and of the grade thereof, and of all drafts and plans relating to bridges and harbors, and to any public buildings belonging to the city of Milwaukee; and shall keep a record of the location of bench marks and permanent corner stakes from which subsequent surveys shall be started, all of which such records and documents shall be the property of the city, open to the inspection of parties interested, and shall be delivered over by said engineer at the expiration of his term of service to his successor in office, or to the board of public works. He shall make an annual report of all the acts and doings of the engineer's department to the board of public works on or before the first day of February in each year. Said engineer shall appoint such assistants and workmen as he may deem necessary in the discharge of his duties, subject, however, to such regulations respecting the number of assistants and workmen to be appointed, and their compensation, as the common council may prescribe by ordinance.

Shall make annual report.

As amended by Section 18, Chapter 144, Laws of 1875.

Additional employes and workmen.

SECTION 3. The said board of public works are authorized to employ, from time to time, such superintendents, clerks, agents, assistants and workmen as they may deem necessary in the discharge of their duties; and may adopt by-laws for the regulation and conduct of all persons in their employ or under their supervision; subject, however, to such regulations respecting the number of persons regularly or permanently employed and their compensation and duties, as the common council may prescribe by ordinance. Any person appointed or employed under the provisions of this or the next preceding section, may at any time be removed or discharged for incompetency by the board of public works or by a majority of the members elect of the common council. The commissioner of public works appointed prior to the third Tuesday in April, 1874, and now in office, shall receive an annual salary of \$2,250, and the commissioner appointed on the third Tuesday in April of 1874, shall continue to receive the annual salary fixed by the common council on the sixth day of May, 1874. As amended by Section 19, Chapter 144, Laws of 1875; further amended by Chapter 208, Laws of 1881, which was afterward repealed by Section 58, Chapter 324, Laws of 1882.

SECTION 4. Each of the members of the board of public works shall, on entering upon the duties of his office, take and subscribe an oath of office to support the constitution and laws of the state of Wisconsin, and faithfully to perform the duties of his office, and shall give a bond to the said city, with sufficient sureties to be approved by the common council, in such penal sum not less than five thousand dollars, as the common council shall prescribe, for the faithful performance of his duties. Said board shall keep their office at some place to be designated by the common council, and shall fix certain days and hours when they, or a majority of them, will be in attendance to hear complaints and transact business. No estimate, contract or other official paper shall be signed or executed by said board except at the office so designated by the common council. What the board
shall have special
charge of.

SECTION 6. It shall be the duty of said board to take special charge and superintendence, subject to such ordinances as may be lawfully passed by the common council, of all streets, alleys, highways, sidewalks, crosswalks, bridges, docks, wharves, public grounds, engine-houses, school houses, and all other public buildings and grounds belonging to the city or to either of the wards, except as otherwise provided in this act; also of all works for the deepening, widening or dredging of the rivers of said city; of all sewers and the work pertaining thereto; and of all public works commenced or undertaken by the city or either of the wards, except as otherwise provided in this act. They shall have power to make contracts in the name and behalf of the city for the purposes, in the manner and under the limitations prescribed by this act. They shall perform all the duties prescribed by this act, and such other duties as the common council may from time to time require.

May make con-
tracts.

The powers of the board of public works under this section are *quasi* judicial, and their exercise cannot be questioned collaterally.

Robinson vs. Milwaukee, 61 Wis., 585.

The authority of the board of public works is purely statutory, and the validity of their acts depends upon their having proceeded step by step in strict conformity to the statute.

Kneeland vs. Milwaukee, 18 Wis., 431.

The city is responsible for the default of its street commissioners.

Kittredge vs. Milwaukee, 26 Wis., 46.

The owner of an adjoining lot, having an estate in fee to the center of the street, has a right to the enjoyment of any use of his estate consistent with the servitude to which it is subjected.

Repair of school
buildings.

SECTION 7. All repairs and alterations in the school buildings of said city, and in the premises attached thereto, shall be made by the board of public works in the same manner as the said board is authorized to do other similar work. And whenever any such repairs or alterations are deemed necessary by the school board, it shall be their duty to report the same to the common council of the said city for their order and direction in the premises.

As amended by Section 13, Chapter 324, Laws of 1882. Chapter 65, Laws of 1881, repealed by Section 58, Chapter 324, Laws of 1882.

SECTION 8. The said board of public works shall have the exclusive power to grant permits, subject to such regulations and restrictions as may be prescribed by the ordinances of the city, for the moving of houses, along or across streets, alleys or walks, and to regulate the building of vaults under streets, alleys or sidewalks. No building material or other obstruction of any kind shall be placed on the streets, walks, or other public grounds of the city, without the written permit of said board. They shall have power, subject to such ordinances as may be lawfully passed by the common council, to regulate and control the manner of using streets, alleys or walks, for laying down gas or water pipes and sewers, and to determine the location and depth thereof, and to cause the prompt repair in such time and manner as they shall direct, of streets, alleys and walks, whenever such pipes or sewers may be taken up or altered. And in case any corporation or individual shall neglect to repair or restore to its former condition, any street, alley or sidewalk so excavated, taken up or altered, within the time and in the manner directed by said board, the said board shall cause the same to be done at the expense of such corporation or individual.

Moving of houses.

Laying gas and water pipes.

As amended by Section 20, Chapter 144, Laws of 1875,

See note to Section 16, Chapter VIII.

SECTION 9. Whenever any public work or improvement shall be ordered by the common council, the said board shall advertise for proposals for doing the same; a plan or profile of the work to be done, accompanied with specifications for doing the same, or other appropriate and sufficient description of the work required to be done, and of the kinds and quality of material to be furnished, being first placed on file in the office of said board for the information of bidders and others. Such advertisement shall be published at least six days in the official city papers, and shall state the work to be done and the time for doing the same, which shall in all cases be such reasonable time as may be necessary to enable a contractor with proper diligence to perform and complete such work. All proposals shall be sealed and directed to said board, and shall be accompanied with a bond to the city of Milwaukee in such penal sum, not less than thirty per cent. of the amount of the engineer's estimate

of the cost of such work, as the board in such advertisement may direct; which bond shall be signed by the bidder and by two or more responsible sureties who shall each make affidavit that he is the owner of real estate in the county of Milwaukee, over and above all incumbrances and subject to execution, of a cash value equal to the penalty of said bond, that he is worth the penal sum of such bond over and above all his debts and liabilities, in property in said county, subject to execution; such bond and sureties to be approved by the board previous to the opening of the accompanying bids or proposals, and shall be conditioned that such bidder will execute and perform the work for the price mentioned in his proposals and according to the plans and specifications on file, in case the contract shall be awarded to him, and in case of default on his part to execute a contract with satisfactory sureties and to perform the work specified, said bond shall be prosecuted in the name of said city, and judgment recovered thereon for the full amount of the penalty thereof, as liquidated damages, in any court having jurisdiction of the action, unless the common council shall, by resolution, direct that no action shall be commenced; provided, that no bond shall be required of any bidder who, at the time he offers his bid or proposal as aforesaid, shall deposit with the board of public works a sum of money equal to fifty per cent. of the penalty required for such bond, under an agreement that the same shall be returned to such bidder in case the contract for the work bid for is not awarded to such bidder, or in case he makes no default in the execution of the contract, with satisfactory sureties, in case it is awarded to such bidder, and that in case the contract is so awarded, and he shall fail to execute a contract with satisfactory sureties, to perform the work specified, for the price named in his bid, within a reasonable time after such contract is prepared and ready for execution, then said sum of money shall become the property of said city, as fixed and liquidated damages for such default, and shall be paid by the said board to the city treasurer.

As amended by Sec. 21, Chap. 144, Laws of 1875, and further amended by Chap. 294, Laws of 1881, Sec. 14, Chap. 324, Laws of 1882, and Sec. 1, Chap. 388, Laws of 1889.

Board of public works cannot initiate erection or construction of public buildings or improvements, but can act only after the work or improvement has been ordered by the council.

Koch vs. Milwaukee, 89 Wis., 220.

See Wright vs. Forristal, 65 Wis., 341.

See Chapter 368, Laws of 1895, in Chapter VIII of this charter.

SECTION 10. All contracts shall be awarded to the lowest bidder, who shall have complied with the foregoing requisitions; provided, that no contract shall be entered into by the board of public works, unless the same shall be executed by two or more sureties for the contractor guaranteeing to the satisfaction of the said board the performance of such contract by the contractor, under the superintendence, and to the satisfaction of said board, each of which sureties shall make an affidavit endorsed on or attached to such contract, that he is the owner of real estate in the county of Milwaukee, over and above all incumbrances and subject to execution, of a cash value equal to the penal sum of such bond, and that he is worth the estimated amount of money to be paid on such contract, over and above all his debts and liabilities, in property, in said county subject to execution. And provided further, that whenever the lowest bid for any work to be let by said board, shall appear to said board to be unreasonably high, the said board is authorized to reject all bids therefor, and to re-let the work anew; and whenever any bidder shall be, in the judgment of said board, incompetent, or otherwise unreliable for the performance of the work for which he bids, the said board shall report to the common council of the said city a schedule of all the bids for such work, with a recommendation to accept the bid of the lowest competent and reliable bidder for such work, with its reasons for such recommendation, and thereupon it shall be lawful for the said common council to direct the said board either to let the work to such lowest competent and reliable bidder, or to re-let the same anew. And provided further, that the said board may reject the bid of any person who shall previously have wilfully or negligently failed to complete any work or contract entered into by him with the city, or any officer or department thereof, or who shall have wilfully or negligently failed to enter into a contract with satisfactory sureties, for any work or improvement that shall have been previously awarded to

him by said board, and the failure to let such contract to the lowest bidder, in compliance with any provision of this section, shall not invalidate such contract, or any special assessment thereunder, or for the work done in virtue thereof.

As amended by Sections 22, Chapter 144, Laws of 1875 and further amended by Section 15, Chapter 324, Laws of 1882, and Section 2, Chapter 388, Laws of 1889.

The board of public works is authorized to reject all bids for proposed work when the lowest bid shall appear to said board to be unreasonably high. In such case, they may re-let the work anew, and may let the contract for part of the work at one time, and another contract for the remainder at another time, when the board is unable to obtain a satisfactory bid for the whole improvement.

Wright vs. Forristal, 65 Wis., 341.

A contract let without the prescribed notice of letting having been properly given, is void.

Mitchell vs. Milwaukee, 18 Wis., 99.

Where a contract is by law required to be let to the lowest bidder, a violation of that provision will be regarded, *prima facie*, as "affecting the substantial justice of the tax" levied to pay for the work.

Wells vs. Burnham, 20 Wis., 119.

Notice to be given of the letting of contracts should inform bidders, either by the notice or the specifications on file, of the amount of work intended to be included in such contract; the time within which it is to be finished; the manner in which it is to be done; and the quality of the materials, if any, which are to be furnished.

Kneeland vs. Furlong, 20 Wis., 560.

In such contract, the board of public works has no right to "reserve the right to divide the work" after the bids are received.

Ibid.

When a municipal corporation lets a contract in excess of the amount authorized by law, and afterwards procures legislation increasing the amount originally authorized, it will be construed as a ratification of the original contract for an amount exceeding the authority it then possessed.

Hasbrouck vs. Milwaukee, 21 Wis., 219.

Street contractors
to put up suitable
barriers and
lights.

SECTION 11. Whenever any board or officer of the city shall let any work or improvement which shall require the digging up, use or occupancy of any street, alley, highway, or public grounds of said city, there shall be inserted in the contract therefor substantial covenants, requiring such contractor, during the night time, to put up and maintain such barriers and lights as will effectually

prevent the happening of any accident in consequence of such digging up, use or occupancy of said street, alley, highway, or other public grounds, for which the city might be liable; and also such other covenants and conditions as experience has proved or may prove necessary to save the city harmless from damages. And it shall also be provided in such contracts, that the party contracting with the city shall be liable for all damages occasioned by the digging up, use or occupancy of the street, alley, highway or public grounds, or which may result therefrom, or which may result from the carelessness of such contractor, his agents, employes or workmen.

Shall be liable for damages.

When the city has put up a sufficient barrier, it is only bound to use common care and diligence in maintaining it. If such barrier is afterwards removed or thrown down, without the knowledge or fault of the city authorities, the city is not liable.

Klatt vs. Milwaukee, 53 Wis., 196.

SECTION 12. Whenever any work or improvement shall be let by contract to any person or persons, firm or corporation, covenants shall be inserted in such contract, binding such person or persons, firm or corporation and the sureties to save and indemnify, and keep harmless, the said city against all liabilities, judgments, costs and expenses which may in anywise come against said city in consequence of the granting of such contract, or which may in anywise result from the carelessness or neglect of such person or persons, firm or corporation, or his or its agents, employes or workmen, in any respect whatever; and in every such case where judgment is recovered against the city by reason of the carelessness or negligence of such person, persons, firm or corporation so contracting, or his, their or its agents, employes or workmen, and when due notice has been given of the pendency of such suit, such judgment shall be conclusive against such person, persons, firm or corporation, and his, or their, or its sureties on such bond, not only as to the amount of damages, but as to their liability to said city.

Contractors to indemnify city.

City may recover from them all costs and damages.

SECTION 13. All contracts entered into, and all public notices required by law to be given by the board of public works of the city of Milwaukee, shall be countersigned by the comptroller of the said city, and shall have no force unless so countersigned. All contracts entered into by the said board, and all bonds taken by them, shall be

entered into in the name of, and shall be executed to the city of Milwaukee; and all such bonds or contracts, when executed, shall be examined and approved, as to form and execution, by the city attorney.

Contracts shall not exceed appropriations.

SECTION 14. The said board of public works shall have no power, by contract or otherwise, to exceed in the doing of any work, in any one year, the sum appropriated for such work by the said common council, or by law, for such year.

Estimates to accompany contracts.

SECTION 15. It shall be the duty of the said board of public works to deliver to the comptroller of said city, with each contract to be countersigned by him, as accurate an estimate as can be made of the aggregate contract price of the work, to be let by such contract; and it shall be the duty of the comptroller to keep a record of such estimates applicable to each fund, and to refuse to countersign any contract the amount of which shall exceed the balance of the fund to which such contract may be chargeable.

All work to be let by contract.

Exception.

SECTION 16. All work and the purchase of supplies or material, chargeable to any ward fund, or to any city fund, including incidental printing, when the cost thereof shall exceed the sum of two hundred dollars, except street cleaning, shall be let by contract, to the lowest bidder in the manner provided by sections 10, 11 and 13 of this chapter; and no indebtedness shall be incurred in excess of the amount herein limited without a formal contract, let to the lowest bidder and all work done or supplies and material purchased, exceeding in cost, two hundred dollars, shall be done and purchased, when practicable, by said board, by contract, which shall be let after due notice, inviting proposals, in the manner provided for the letting of contracts for the doing of public work. All accounts for such work, or for the furnishing of such materials shall, before being allowed by the common council, be audited by the comptroller, and all such accounts for work done or materials furnished, under the supervision of the Board of Public Works, shall be certified by them before being audited.

As amended by Section 16, Chapter 324, Laws of 1882, and further amended by Chapter 437, Laws of 1891.

SECTION 17. Whenever the lowest bidder for incidental city printing for the said city shall appear to the comptroller of the said city and the committee of the common council on printing, to be incompetent or otherwise unreliable for doing the same, the said comptroller and committee shall report to the common council of said city a schedule of all the bids for such printing, together with their objections to accepting the bid of the lowest bidder therefor, and thereupon the common council shall have power either to order such printing to be let to the next lowest bidder who shall appear to be competent and reliable, or to order such printing to be re-let.

When lowest bidder incompetent, etc.

SECTION 18. Whenever the board of public works shall deem it for the interest of the city, or whenever in the prosecution of any public work, said board shall be of the opinion that the proposed work can be better and more cheaply done without the intervention of a formal contract or whenever the board of public works shall deem it advisable, to purchase horses or horse feed for the fire or police departments without the intervention of a formal contract, they shall report the same to the common council with their reasons therefor, and the common council may, by resolution, authorize the said board to procure the necessary materials therefor and to employ workmen to do such work and to purchase such horses or horse feed; provided, that such authority shall not be given unless approved by the votes of at least three-fourths of all the members elect of the common council, and in case of ward work, of two aldermen of the ward; and further provided, that such authority shall not be exercised unless the comptroller shall, as provided in section 19, of this chapter, advise the board that there are sufficient funds available for such proposed work or purchases. Such resolutions which appropriate money for the purchase of horses or horse feed for the fire or police departments shall be duly referred as provided by section 5, of chapter 4, of the charter of the city of Milwaukee as amended, and in case such resolutions shall thereafter be duly passed by the vote aforesaid, by the common council and take effect, the money so appropriated may, upon itemized statements duly audited by the board of public works and city comptroller, be drawn out of the city treasury upon the order

of the mayor and clerk, countersigned by the city comptroller.

Amended by Section 17, Chapter 324, Laws of 1882, and further amended by Chapter 23, Laws of 1887.

Shall deliver comptroller a statement.

SECTION 19. It shall be the duty of the said board of public works, before causing such work to be done, to deliver to the comptroller a statement in writing of the work authorized and proposed to be done as provided in the next preceding section, showing the nature and estimated cost thereof, and the fund to which the same is chargeable; and it shall be the duty of the comptroller to enter such statement in the record mentioned in section fifteen of this chapter; and in case the comptroller shall be satisfied that the cost of such proposed work will exceed the amount available for the purpose of the fund out of which the same is to be paid, it shall be his duty to so advise the board of public works, and the resolution of the common council, passed as in the last preceding section, shall be inoperative.

As amended by Section 16, Chapter 324, Laws of 1882.

Shall determine performance of contract.

SECTION 20. The said board shall reserve in every contract the right to determine finally all performance of such contract, or doing of the work specified therein; and the right, in case of the improper or imperfect performance thereof, to suspend such work at any time, or to order the entire reconstruction of the same, if improperly done, or to re-let the same to some other competent party; and also the right, in case such work shall not be prosecuted with such diligence, and with such number of men as to insure its completion within the time limited by the contract, to suspend such work and re-let the same to some other competent party or employ men and secure material for the completion of the same, and charge the cost thereof to the contractor. And power is hereby given to the said board to adjust and determine all questions as to the amount earned under any contract by the contractor or contractors according to the true intent and meaning of the contract; and such adjustment and determination by said board shall be final between the parties and binding upon them. If the amount of damages to be paid to the city shall exceed the amount due from the city to such contractor or con-

tractors, according to such determination and adjustment, then the difference or balance in favor of the city, according to such determination and adjustment, shall be recoverable at law in an action in the name of the city against such contractor or contractors and their sureties, in any court having jurisdiction. Every contract with the city shall be made expressly subject to the powers given to said board by this section, and shall also contain a covenant or agreement on the part of the contractor and his sureties, that in case such contractor shall fail to fully and completely perform his contract within the time therein limited for the performance thereof, such contractor shall pay to the city of Milwaukee as liquidated damages for such default, a certain fixed sum to be named in the contract, which shall not in any case be less than ten per cent. nor more than twenty-five per cent. of the aggregate cost of the work embraced in such contract or shall in lieu of such covenant or agreement contain a covenant or agreement on the part of the contractor and his sureties, that in case such contractor shall fail to fully and completely perform his contract within the time therein limited for the performance thereof, such contractor shall pay to the city of Milwaukee as liquidated damages for such default, a certain and definite sum for each day's delay in completing the contract after the time therein limited for its completion, which daily sum shall be determined and fixed by the board of public works before the contract for the work shall be let, and shall be stated in the advertisement for proposals for the work, and shall be inserted in the contract, and shall in no case be less than one-half of one per cent. of the aggregate cost of the work embraced in such contract.

As amended by Chapter 324, of the Laws of 1882, and further amended by Section 3, Chapter 388, Laws of 1889.

A provision in the contract that the board of public works shall adjudicate the amount earned by the contractor, does not necessitate an adjudication by it as to his damages caused by a breach of the contract by the city.

Markey vs. Milwaukee, 76 Wis., 349.

The provision of the charter making the board of public works the arbiter to adjust and determine all questions as to the amounts earned under contracts with the city, and providing that such determination shall be final and binding on the parties, is valid, and an award made upon a contract which by its terms is subject

to such provisions, cannot be set aside except for fraud, misconduct or mistake.

Forristal vs. Milwaukee, 57 Wis., 628.

Under a somewhat similar form of contract, the court held that its meaning was to provide for arbitration; and none being had, the question of the value of the work and materials furnished should have been submitted to the jury.

Hasbrouck vs. Milwaukee, 17 Wis., 274.

Board may pay on estimates.

SECTION 21. In all cases wherein the contractor or contractors shall proceed properly and with diligence to perform and complete his or their contract, the said board may, in its discretion, from time to time, as the work progresses, grant to him or them an estimate of the amount already earned—reserving fifteen per cent. thereon—which shall entitle the holder to the amount due thereon when the amount applicable to the payment of such work shall have been collected, and the condition, if any, annexed to such estimate, shall have been complied with; *provided*, that the said board shall have no authority to grant any such estimate to any contractor when in default; and that no estimate shall be granted by the said board to any contractor for any material which has not actually been put in the work embraced in his contract. And power is hereby given to the said board to extend or enlarge the time limited by the terms of the contract for the performance thereof. Any person entering into any contract with the city, and who agrees to be paid from special assessments shall have no claim upon the city in any event, except from the collection of the special assessments made for the work contracted for; and no work proper to be paid for by special assessments shall be let, except to a contractor who shall so agree.

Special assessment.

As amended by Section 4, Chapter 388, Laws of 1889.

Where a charter provision requires work to be done at the expense of abutting property, the city will not be liable for the work ordered and contracted to be done at the expense of such property, although the authorities did not take the necessary steps to charge such property.

Hall vs. Chippewa Falls, 47 Wis., 267.

SECTION 22. In case the prosecution of any public work shall be suspended by, or in consequence of the default of any contractor, it shall be the duty of the board of public works to report the fact immediately to the common council, with a statement of the condition of the work, and an estimate of the probable cost of completing the same in the manner required by the contract.

SECTION 23. The said board shall have power, under the authority of the common council, to make a contract or contracts with the patentee or his licensees or assigns, to use any patent or patented article, process, combination or work for the said city, at a stipulated sum or royalty for the use thereof. And thereupon the said board shall have power to order any work, whether chargeable to the said city or to lots, parts of lots or parcels of land therein, to be done with the use of such patent or patented article, process, combination or work; and whenever the owner or agent of any lot, part of lot or parcel of land in said city, or other person authorized by law to do such work, shall do the same and use any such patent or patented article, process, combination or work in doing the same; he shall pay to the said city the sum or royalty chargeable therefor by such patentee, his licensees or assigns, to the city under such contract, and shall be liable to suit by the said city therefor; or the amount of such sum or royalty may be charged as a special assessment upon the respective lots, parts of lots, and parcels of land in front of which such patent was so used, and collected for the use of said city, as other special taxes are collected; and whenever any work, chargeable by special assessment to any lots, parts of lots, or parcels of land, shall be done with the use of such patent or patented article, process, combination or work, the sum or royalty chargeable therefor by such patentee, his licensee, or assigns, under such contract shall be charged against such lots, parts of lots or parcels of land, for the use of said city, in such special assessment, in addition to the other cost of doing the work, and shall

SECTION 24. Whenever the said board of public works shall have let, or shall hereafter let any contract or any work chargeable to lots or land in the said city, to be done with the use of any patent or patented article, in pursuance of the preceding section, and have omitted, or shall omit at the time of making the assessment for such work against property chargeable therewith, to make any assessment, or issue a "separate certificate" against such property for the sum or royalty chargeable for the use of such patent or patented article, in pursuance of the provisions of the section last mentioned, the said board of public works shall have power, and it shall be their duty to make such assessment for the sum or royalty chargeable for the use of such patent or patented article, as soon as may be thereafter, and to include the same in a separate certificate for such special assessment for the use of the said city; and such assessment and certificate shall be as binding, and have the same effect when so subsequently made, as if the same had been made at the same time, as the assessment for the contract price of doing such work.

The scope and purpose of the entire chapter relating to the board of public works is to regulate and define the powers and duties of the board, placing them, however, substantially under and subject to the ordinances, direction and control of the common council, especially in the matter of commencing new lines of work and new lines of expenditure.

CHAPTER VI.

TAKING PROPERTY FOR STREETS AND OTHER PURPOSES.

SECTION 1. The common council shall have the power to lay out public squares, grounds, streets and

alleys, and to extend, enlarge and widen or vacate the same as follows: any ten or more free holders residing in any ward may, by petition represent to the common council that it is necessary to take certain lands within the ward where such petitioners reside for public use, for the purpose of laying out, extending, enlarging or widening a public square, ground, street or alley, setting forth in such petition the courses, distances, metes and bounds of the lands proposed to be taken, together with the names and residences of the owners and occupants of such premises, so far as the same shall be known to the petitioners, and praying that such lands may be taken for such purpose according to law. Every person signing such petition, shall write after his signature, a brief description of his real estate which makes him such freeholder or of some part thereof, and of the place of his residence in the city, and shall make and annex to such petition his affidavit that he is a resident and freeholder in said ward, and that the names and residences of the owners of the lands proposed to be taken, so far as they are known to him are correctly set forth in such petition, and such signer making such affidavit shall thereupon be taken to be such resident and freeholder, and the names and residences of the owners of the lands proposed to be taken shall be deemed to be correctly stated in such petition, so far as the names and residences of such owners, are known, and such petition shall be valid and effectual although it may afterward appear that such signers or some of them, were not such residents and freeholders, or that the names and residences of the owners and occupants of the lands proposed to be taken were not correctly stated in such petition, so far as known, or both. Persons in actual possession of real estate, under valid contracts for the purchase thereof, shall be deemed to be freeholders within the meaning and for the purposes of this section.

As amended by Section 23, Chapter 144, Laws of 1875, further amended by Section 1, Chapter 227, Laws of 1879, and Section 1, Chapter 524, 1887.

The proceedings for determining the value and estimating benefits and damages, where land is to be *taken* for the public use, are entirely distinct from those to *improve* streets or highways *after* they have been laid out and established.

SECTION 2. Whenever the said common council with the concurrence of three-fourths of the members elected thereto shall declare by their resolution that it is necessary for the public interest to open a public street or alley, or to take land for any public purpose authorized by this act, the said common council shall have power to open such public street or alley, or to take land for such public purpose, as the case may be, without any petition therefor, and to proceed thereafter in that behalf, as in cases of petition therefor duly made; provided, that in cases of streets and alleys such resolution shall also be approved by both of the aldermen of the ward in which the land proposed to be taken may be situated. The resolution provided for in this section shall declare why it is necessary for the public interest so to proceed; and no such resolution shall be passed by the common council at the same meeting in which it is first considered, but the same shall lie over to a future meeting thereof. And the yeas and nays on the passage of such resolution shall be taken and duly entered in the journal of proceedings of the council.

As amended by Section 24, Chapter 144, Laws of 1875, further amended by Section 2, Chapter 227, Laws of 1879, and Section 2, Chapter 524, Laws 1887.

SECTION 3. The common council shall thereupon, by resolution, direct the city engineer to make and file with the city clerk an accurate survey and plat of the proposed change or improvement and of the lands proposed to be taken therefor, defining separately each parcel and indicating upon such plat the location of any improvements upon said premises, and said city clerk shall return said plat and survey to the common council. The common council shall thereupon direct the city clerk to cause notice of such application or resolution to be given to owners and occupants of the lands proposed to be taken, which notice shall contain a description of the lands proposed to be taken, and shall state that at a certain time and place therein named, which time shall not be less than four weeks after the first publication thereof, application will be made to the circuit or superior court of Milwaukee county or to the judge of either of said courts for the selection of a jury to view said premises and to determine whether or not it is necessary to take said premises for the purposes specified in said

petition or resolution. Such notice shall be published in the official papers of said city for four weeks, at least once in each week, prior to the time therein fixed for the appointment of jurors, and shall be served at least twenty days prior to the time therein fixed for the appointment of jurors, upon each of the owners and occupants of the land proposed to be taken, residing in the city of Milwaukee and known as it shall appear by the petition or resolution, personally by delivering to and leaving with him a copy of such notice if he can be found in the city of Milwaukee, and if he cannot be found in said city, then by leaving a copy of such notice at his usual place of abode with some member of his family of suitable age and discretion, or if such place of abode shall be closed, or no person of suitable age and discretion found there, then by posting a copy of said notice on the principal outer door of such place of abode. Such service shall be made by the chief of police or some police officer of said city, who shall make return under oath, in writing, of the facts of such service, which return shall have the same effect as a sheriff's return of the service of a summons in a civil action. As to unknown owners of such land proposed to be taken, and owners, not residing in the city of Milwaukee, such publication in the official paper shall be a sufficient service of such notice upon them. At the time and place fixed for such hearing and upon the presentation of such application or of such resolution and upon proof of the publication and service of the notice hereinbefore required, the said court or the judge thereof, shall thereupon make a list of twenty-four reputable freeholders, residents of the city of Milwaukee, but not residents of the ward in which the premises proposed to be taken may be situated, and not interested in the result of such taking. The said court or judge shall thereupon hear and decide any challenge for cause or favor made, as to any of said freeholders and if sustained shall replace the name with an unobjectionable juror, until the list shall be perfected. Thereupon under the direction of such court or judge, each party, the city of Milwaukee by its representatives constituting one party, and the owners of land or their agents present, or if none be present or they disagree, a disinterested person appointed by the court or judge, constituting the other party, shall chal-

lenge six names, one at a time alternately, the city beginning. To the twelve jurors remaining such court or judge shall issue a precept requiring them at an hour and day named, not more than fifteen nor less than three days thereafter, to appear before him to be sworn and serve as a jury to view lands, and at the same time shall publicly adjourn the proceedings to the time and place so named; such precept shall be served by the chief of police or any police officer of the city of Milwaukee at least one day before such appointed time, by reading the same to each such juror, or by leaving a copy of such precept at his usual place of abode in said city, in the presence of a member of his family. The jurors summoned shall appear at the time and place named, and if any be excused by the court or judge, or fail to attend, he shall publicly adjourn the proceedings to some time and place and name other disinterested freeholders, not residents of the ward in which the premises proposed to be taken or vacated are situated, in their stead to be forthwith in like manner summoned, and to appear at the time and place fixed by said adjournment

until twelve jurors shall be obtained. The said jurors shall thereupon, before they proceed to view the premises proposed to be taken or vacated, severally take and subscribe an oath or affirmation before the court or judge, to the effect that they will faithfully and honestly discharge the duties imposed upon them, and determine whether or not it is necessary to take or to vacate the premises in question for the public use designated in the application or resolution. The court or judge shall then issue an order in writing, directed to said jurors, requiring them within thirty days from the date thereof, to view said premises, to be specified in such order, and to make return under their hand to the common council whether or not, in their judgment, it is necessary to take or to vacate said premises for the purposes specified in such application or resolution. It shall be the duty of every person appointed as such juror to act, unless excused for reasonable cause by the court or judge thereof appointing him, and every person duly summoned or notified to act as required by this chapter, who shall, without being so excused, neglect or refuse to perform his duty as such juror shall be guilty of a misdemeanor, and shall, upon conviction thereof, be fined not less than

As amended by Section 3, Chapter 227, Laws of 1879, and further amended by Section 3, Chapter 524, Laws of 1887.

It is absolutely essential to the validity of the proceeding that the jury should act under the solemnity of an oath.

SECTION 4. The said jurors when so selected and sworn, shall immediately proceed in a body to view the premises proposed to be taken or to be vacated, and the city engineer or his deputy shall upon the request of the city attorney, proceed with said jury to said premises and point out to said jurors the several places where the lines of the proposed improvement are located according to the survey hereinbefore directed to be made. The city attorney shall thereupon prepare a notice in the following or some equivalent form:

notice shall be sufficient service thereof upon owners of lands proposed to be taken, not known, or not residing in the city of Milwaukee. At the time and place designated in said notice for that purpose, the said jurors shall meet and shall hear all persons interested in the lands proposed to be taken, and shall hear all evidence that shall be produced before them upon the subject of the necessity of taking the land described in the order for the purpose therein stated, and may at the instance of any one or more of their number, summon and examine witnesses upon the same question, and for that purpose either of said jurors may issue a subpoena, and either of the jurors or the city attorney may administer the proper oath to any witness produced before said jury. Said jurors may, if necessary, adjourn such hearing from day to day. If any such jurors shall be absent at the time set for such hearing, and for one hour thereafter, the jurors present shall have power to publicly adjourn their proceedings to the same place, for a period not exceeding twenty-four hours, and the city attorney shall report the names of such absent jurors to the chief of police or to any of the police officers of the city, together with the place and hour to which such jury has adjourned, and the said chief of police or police officer shall thereupon notify such absent juror or jurors of such adjournment and direct them to be present at the time and place fixed by such adjournment. It shall not be necessary for said jurors to reduce the evidence produced before them to writing, nor to return the same with their report. Said jurors shall make a report of their proceedings to the common council within the time limited in the precept, which report shall be signed by them respectively, and shall state whether or not, in their judgment, it is necessary to take the premises in question for the public use proposed in the petition or resolution; provided further, that in all cases where lands shall be condemned without a petition, the city attorney shall prepare a list of the owners and occupants of property to be taken, so far as the same are known, and shall certify the same to be correct, to the best of his knowledge; and notice of the selection of the jury and of the meeting of the jury shall be given, as in the case of condemnation proceedings upon petition; provided further, that no resolution shall be passed or petition

granted in any case for the condemnation of land in said city without the affirmative vote of both the aldermen of the ward in which the land proposed to be taken shall be situated.

As amended by Section 3, Chapter 311, Laws of 1876, further amended by Section 4, Chapter 227, Laws of 1879, and Section 4, Chapter 524, Laws of 1887.

SECTION 5. Should the jury report that it is necessary to take such premises, the common council shall enter an order among its proceedings confirming the whole of said report or any part thereof; and the common council shall direct the board of public works, within one month thereafter, or such further time as may be deemed proper, to view such premises at such time as the board may agree upon, of which at least three days' notice shall be given by publication in the official papers, for the purpose of ascertaining and determining the amount of damages to be paid to the owner or owners of the property proposed to be taken, and also what lands or premises will be benefited by such taking, and to make report of their assessment of such damages and benefits to the common council. Said board may obtain the testimony of witnesses as to the facts in the case, in the same manner as provided in section 4 of this chapter, and shall hear such testimony as may be offered by any party interested, which testimony shall be reduced to writing by one of the members of said board upon the request of any person so interested; and the said board shall determine and assess and return such damages and benefits in the manner hereinafter directed. In case either member of said board of public works shall be interested in the premises, or in any property affected by such proceedings, it shall be the duty of the common council to appoint some disinterested person to act in his stead.

**Council to confirm

As amended by Section 5, Chapter 524, Laws of 1887, and Section 1, Chapter 290, Laws of 1889.

SECTION 6. Whenever it shall have been determined by the report of the jury, that it is necessary to take certain lands for public use, for the purpose of laying out public squares, grounds, streets or alleys or of enlarging or widening or changing the same, and such report or any part thereof shall have been confirmed by the com-

mon council and referred to the board of public works, the said board of public works shall have power to view the premises so to be taken, and to proceed to assess the damages to the land proposed to be taken and also to assess, against the lands which the said board of public works may deem benefited by the proposed improvement, the amount which it shall determine such property to be benefited in the manner hereinafter provided. If the total amount of damages as assessed, exceeds the total amount of benefits as assessed, the excess of such damages shall be chargeable to and paid out of the general city fund and the ward funds of the wards in which the lands proposed to be taken are situated, in equal proportions.

As amended by Section 6, Chapter 524, Laws of 1887, and Section 2, Chapter 290, Laws of 1889.

Lots situated in one ward may be assessed for the special benefits or damages accruing thereto from the condemnation to public use of lands in another ward.

Gilman vs. Milwaukee, 55 Wis., 328.

Board of public works to examine premises and make assessment.

SECTION 7. The board of public works within the time limited by the common council, shall view and examine the premises proposed to be taken, and all such other premises as will in their judgment be injured or benefited thereby and after hearing such testimony as they may obtain or as may be offered by any party interested, they shall proceed to make their assessment and to determine and appraise the value of the real estate so proposed to be taken, and the injury arising to the owners thereof respectively, in consequence of the taking thereof, taking into consideration the value of any building situated in whole or in part thereon, less the value to the owner of such building to remove. The amount of said appraisal of real estate and injury to real estate and buildings, so determined, shall be awarded to such owners respectively as damages, after making due allowance therefrom for any benefit which such owners may respectively derive from such improvement.

Value of buildings for removal to be considered.

As amended by Section 25, Chapter 144, Laws of 1875, and further amended by Section 7, Chapter 524, Laws of 1887.

SECTION 8. If the damages to any person be greater than the benefits received, or if the benefits be greater than the damages; in either case the board shall strike

a balance, and carry the difference forward to another column so that the assessment will show what amount is to be received or paid by such owner or owners respectively, and the difference only shall in any case be collected of them or payable to them.

Board may strike balance as to difference between benefits and damages to owner.

As amended by Section 8, Chapter 524, Laws of 1887.

SECTION 9. Whenever there is any building upon the land proposed to be taken, and the land and the building belong to different persons, or if the land be subject to lease, judgment, mortgage or other lien, or if there be any estate in it less than an estate in fee, the injury done to such persons or interest respectively may be awarded to them by the board, less the benefits resulting to them respectively from the proposed improvement.

Same where there is building upon land.

As amended by Section 9, Chapter 524, Laws of 1887.

SECTION 10. Having ascertained the damages and expenses of the proposed improvement as aforesaid, the board shall thereupon apportion and assess the same, or such portion thereof as shall have been determined to be chargeable to the lots and lands benefited in accordance with the provisions of section 6, of this chapter, together with the costs of the proceedings upon the real estate by them deemed benefited, in proportion to the benefits resulting thereto from the proposed improvement, as nearly as may be, and shall describe the real estate upon which their assessments may be made.

See *Gilman vs. Milwaukee*, 55 Wis., 328.

SECTION 11. It shall be the duty of the board of public works, after such assessment shall be made and before the same shall be reported by the board to the common council, to give public notice of not less than six days in the official papers of the city, that such assessment has been made, and that the same will be open for review and correction by the board of public works, at the office of the board, for not less than ten days after the first publication of such notice, during certain hours, and not less than two hours of each lay day, and that all will be heard by the said board of public works in objection to such assessments, and generally in the matter of such

SECTION 12. During the time specified in the notice mentioned in the last preceding section, it shall be the duty of the board of public works to hear all persons interested in the property assessed, or otherwise personally interested in such assessment, in making objection to any part of such assessment, and to hear all evidence which may be produced in support of such objections; and the board shall thereupon have power to review, modify and correct such assessment in such manner as they shall deem just, at any time during such review and for three days thereafter, and thereupon, it shall be the duty of said board to make report of such assessment in writing signed by them, together with the testimony taken, to the common council within the time limited by said council. Should the time originally limited for making such report prove insufficient, the common council may, in their discretion, from time to time, enlarge or extend the same.

As amended by Section 12, Chapter 524, Laws of 1887.

Assessments to be
laid before com-
mon council.

SECTION 13. The assessments so reported shall be laid before the common council when in session, and the fact of its presentation shall be entered upon the journal and mentioned in the proceedings of such session, with a statement in brief for what purpose and in what locality such assessment has been made, but the common council shall not have power to act finally upon such report until at least one week from the date of the session at which it was so presented. At or after the expiration of such period of one week last mentioned, the common council may, in its discretion, revise and correct the assessment, and shall confirm the same as corrected by them, or without correction, or refer it back to the said board for revision and correction. If said assessment shall be so referred back, the said board of public works shall proceed to review, correct and report the same in like manner and upon like notice as herein required in relation to the first assessment, and all parties interested

shall have the like rights, and the board of public works and the common council respectively, shall perform like duties and have like powers in relation to any such subsequent assessment as are hereby given in relation to the first. In all cases, however, the excess of damages over benefits in any such proceeding shall be paid out of the ward and general city funds as provided in section 6.

As amended by Section 13, Chapter 524, Laws of 1887, and further amended by Section 3, Chapter 290, Laws of 1889.

SECTION 14. Any person or persons owning or having any interest in any property affected by such assessment, may within twenty days after the confirmation of such assessment by the common council, appeal therefrom to the circuit court of Milwaukee county, by filing with the clerk of said circuit court his notice of appeal, setting forth therein his interests in the premises and the grounds of his appeal, together with a bond to the city of Milwaukee in the penal sum of five hundred dollars, conditioned for the payment of all costs that shall be adjudged against him on such appeal, which bond shall be signed by at least two sufficient sureties, each of whom shall make affidavit endorsed upon such bond that he is worth five hundred dollars over and above all his debts, in property not exempt from execution; and said bond and sureties, if objected to by the city attorney, shall also be approved by the judge of the said court. Such appeal shall be ineffectual unless the appellant shall also, within said twenty days, serve a copy of his notice of appeal and bond upon the city attorney. In case of any appeal under the provisions of this section, the city clerk shall send to the clerk of said circuit court a certified copy of the assessment of damages and benefits made and reported by the said board of public works, as confirmed by the common council, and of all proceedings of the common council in relation thereto.

Persons owning or having interest in property affected by assessment may appeal to circuit court within twenty days after confirmation by council.

The appeal shall be tried as ordinary issues of facts are tried in said circuit court; the form of the issue shall be subject to the direction of the court; and the court shall permit any person or persons interested in such damages or benefits to become parties to such appeal, upon their petition setting forth the nature and extent of such interest. If on such trial the benefits assessed by the said board of public works shall be diminished, or the damages so assessed shall be increased, than and in

When the jury shall, by their verdict, award damages to the owner of any lot or part of a lot, and judgment shall have been rendered upon such verdict, the said city shall pay the amount of such judgment, and the costs, if any, recovered therewith, or make provisions for the payment thereof, within one year after the same shall have been rendered; provided, that in case of an appeal from such judgment to the supreme court, the time of the pendency of such appeal shall not form any part of such year. And in case the appellant shall succeed, the difference between the amount assessed and the amount finally adjudged shall be chargeable to and paid out of the proper ward fund.

See Van Valkenburgh vs. Milwaukee, 30 Wis., 338.

It failed to issue bonds, and the contractor obtained a money judgment for the amount due him. *Held*, that *mandamus* would lie to compel the common council to levy and collect a tax to pay such judgment.

But the writ must state the exact duty required; and if issued in the alternative, requiring defendant to pay judgment, *or* issue bonds to pay it with, *or* to levy a tax for its payment, the writ will be quashed.

ages sustained.

SECTION 15. An appeal to the circuit court as provided in and by the foregoing section, shall be the only remedy for damages sustained by the acts or proceedings of the said city or its officers in the matter to which such assessments relate; and no action at law or in equity shall be had or maintained for such injuries or on account of such acts and proceedings.

As amended by Section 15, Chapter 524, Laws of 1887.

On such an appeal, the city is entitled to show a dedication of the lands to public use by acts *in pais* of any owner thereof.

Emmons vs. Milwaukee, 32 Wis., 434.

SECTION 16. Whenever the damages awarded to the owner by the report of the board of public works, as confirmed by the common council, for any property condemned by said city for public use, shall have been paid or tendered to such owner or his agent, or when sufficient money for that purpose shall be provided in the hands of the city treasurer, and ready to be paid over to such owner, and ten days' notice thereof shall have been given by the board of public works, in the official papers, the city may enter upon and appropriate such property to the use for which the same was condemned; and the same shall thereafter be subject to all the laws and ordinances of the city, to the same extent as streets, alleys, and public grounds heretofore opened or laid out. The claimant of such damages shall, in all cases furnish an abstract of title, showing himself entitled to the same before they shall be paid to him. If in any case there shall be any doubt as to who is entitled to the damages for land taken, the city may require of the claimant a bond with good and sufficient sureties to hold said city harmless from all loss, costs and expenses in case any other person should claim such damages. the owner of such premises as a trespasser thereon. In case of such sale, the proceeds shall be paid by such city to the owner of such building or deposited in the treasury of said city to his use.

As amended by Section 18, Chapter 324, Laws of 1882, and further amended by Section 16, Chapter 524, Laws of 1887.

Before the city can "enter upon and appropriate" property condemned for public use, the damages awarded to the owner must be paid or tendered, or provided for in case of an appeal.

Gilman vs. Milwaukee, 55 Wis., 328.

In an answer interposed by the city in an action to procure payment to plaintiffs of money awarded for taking land for public use, where no right is asserted to an abstract of title before making such payment, the charter provision requiring such abstract is thereby waived.

When proceedings to condemn land for public use have been lawfully abandoned by the city, it is only liable to the owner for damages caused by *wrongful* acts done by it during the course of such proceedings.

Feiten vs. Milwaukee, 47 Wis., 494.

The provision of law authorizing the council to abandon proceedings for condemnation theretofore held, is valid, and such abandonment renders inoperative a judgment previously rendered against the city.

SECTION 3. The city of Milwaukee is hereby authorized to purchase, or lease with the privilege to purchase, by agreement with the owners, any or all of the lands and property contemplated to be taken for the purpose of such park, but no such purchase shall be made until the same shall have been ordered by the common council of said city, by resolution adopted by an affirmative vote of a majority of the aldermen of said ward, specifying the land to be purchased, the maximum price to be paid therefor, and the terms of payment. Any such purchase may be made in whole or part on credit, and for that purpose the proper officers of said city may execute and deliver to the vendor of such land or property purchased, an instrument creating a lien thereon, and any improvements thereon, for such purchase money without creating any corporate liability therefor, to secure the whole or any part of the price in installments extending not more than ten years from the date of such purchase, which installments may bear interest at such rate as shall be agreed on, not exceeding seven per cent. per annum.

SECTION 2. In case the common council of said city shall determine to purchase, by agreement with the owners, all the lands that shall be acquired for the purpose of the extension of said park under said Chapter 235, the common council shall, upon the adoption of a resolution for that purpose, direct the board of public works to make and report their assessment of benefits to lands or premises that it ascertains and determines to be benefited by the purchase of such property for such purposes, in the same manner as said board would be required to ascertain and determine and make assessment of benefits, upon the confirmation of the report of the jury, in case such property had been taken under proceedings for acquiring property for such purpose by condemnation. Repairing of streets
and sidewalks.

SECTION 2. The grading, graveling and planking, macadamizing or paving to the center of any street or alley, and the grading, graveling, macadamizing, planking, paving, sodding and curbing of any sidewalk, and the paving of any gutter, shall be chargeable to and payable by the lots fronting or abutting upon such street, alley or gutter, or fronting, abutting, or adjacent to such sidewalk, to the amount which such grading, graveling, macadamizing, planking, paving, sodding and curbing shall be adjudged by said board to benefit such lots. The expense of all such improvements or work across streets at their intersection with streets and alleys, excepting sidewalks, and the expense of all such improvements or work across public grounds, and to the middle of streets and alleys adjacent to public grounds, and the construction of all crosswalks, shall be paid out of the fund

of the ward in which such improvements are made or such works are done. After a street, alley or gutter has been constructed to the grade established by the common council, and graveled, planked, paved or macadamized in compliance with the order of the proper city authorities, the expense of maintaining, renewing, repaving, keeping in repair and cleaning such street, alley or gutter, and the pavement or other surface thereof, and of any other subsequent improvement of such street, alley or gutter, shall be paid out of the fund of the ward in which such work is done or such improvement is made; provided, however, that when a street or alley, which has been graveled, planked or macadamized, is ordered to be paved, the expense of such paving shall be chargeable to and payable by the lots fronting or abutting upon such street or alley to the amount which such paving shall be adjudged by said board to benefit such lots as hereinbefore provided for the improvement of a street or alley; and further provided, that when a change in the grade of any street or alley shall be ordered, the expense of cutting or filling incurred by such change of grade shall be chargeable to and paid by the lots fronting or abutting on the street or alley of which the grade shall be so changed; and provided further, that the provisions of this section in relation to the maintaining, renewing, repaving, keeping in repair and cleaning of streets, alleys and gutters shall not apply to the laying, relaying, cleaning, sodding, curbing, repairing or grading of sidewalks.

As amended by Section 29, Chapter 144, Laws of 1875, and further amended by Section 4, Chapter 311, Laws of 1876, and Section 5, Chapter 388, Laws of 1889.

The tracks and right of way of a railway are not subject to assessment for street improvements.

SECTION 3. The construction and keeping in repair of the docks in front of lots or parcels of land along the banks of rivers and public navigable canals in said city, and the dredging of said rivers and canals to a width of fifty feet from their dock lines towards their centers, shall

be chargeable to and payable by the lots or parcels of land so fronting; and after a river or public navigable canal in the city of Milwaukee has been properly docked conformably to specifications on file in the office of the board of public works of said city, and has been dredged to a depth of sixteen feet below the level of the Milwaukee river, as it was in the month of March, 1836, and to a width of fifty feet from its dock line, towards its center, in compliance with the order of the proper city authorities, and at the expense of the lots or parcels of land abutting thereon, and has been duly accepted by the said city engineer, as complying with the above requirements, the expense of re-dredging such rivers or canals to a width of fifty feet from such dock line to its center, shall be charged to, and paid out of the general city fund of said city of Milwaukee, and said board shall have the same authority over said rivers and canals, and lots or lands fronting thereon, as they have over streets and lots or lands fronting thereon, and shall be governed by the same rules in respect thereto as in cases of improvements upon streets, except repairs of the docks in front of lots or parts of land along the banks of rivers and navigable canals in said city, which expenses shall be made a lien and charge upon the lots and parcels of land extending to and abutting on said rivers and canals respectively; provided, that dredging chargeable to lots and lands fronting on said rivers and canals shall be ordered and done by said city only when the middle portion of such rivers and canals respectively shall have been dredged or shall be dredged at the same time by the city; and provided, further, that no part of the cost of construction of any of the public navigable canals in said city shall be chargeable to said city or to any ward thereof, but the whole cost of such construction shall be chargeable exclusively to the lots and land abutting thereon.

As amended by Section 1, Chapter 102, Laws of 1883, and Chapter 180, Laws of 1891.

Common council
may order con-
struction of
canals.

SECTION 4. The construction of the public navigable canals in said city, including the canals, water channels, and slips, laid out and established in the valley of the Menomonee river shall include all such excavations, dredging and docking as the common council shall by ordinance or resolution in its discretion require, to make the same suitable and convenient for navigation. The

board of public works shall, from time to time, with the approval of the common council, order the construction of the canals, water channels, and slips, in the valley of the Menomonee river, and shall cause the same to be done as they may deem necessary for the public interest, in accordance with the system of canals, water channel and slips, established in said valley pursuant to chapter ninety one of the local laws of 1869. Whenever they shall order any portion of such work to be done, like proceedings shall be had as are provided by this chapter in case of grading streets; and the expense of such construction shall be apportioned by the board of public works among, and shall be a charge and lien upon, the several lots or parcels of land extending to and abutting on said canals, water channels or slips respectively, in proportion to the amount of work done opposite to such lots or parcels of land to be estimated by the city engineer, and shall be collected as other special taxes are levied and collected by and under this act, but no work in the construction of such canals, water channels or slips shall be ordered by said board except on the petition in writing of the persons owning land adjoining the work to be done, to the extent of a majority of the lineal feet of such land, measured on the line of such proposed work; but in case any portion of such adjoining land is owned by persons not residents of the said city of Milwaukee, the said board may order such work to be done on the petition of persons owning a majority of the lineal feet of such land owned by residents of the said city, measured on the line of such proposed work.

Apportionment of costs.

Petitions for canals.

SECTION 5. The docking and dredging of the Milwaukee, Menomonee and Kinnickinnic rivers, and of the public canals in said city, after their construction; opposite to any street or to public grounds abutting thereon, and the dredging of the middle ground of said rivers, and of said canals after their construction, further than fifty feet from either dock line shall be done at the cost of the city. The board of public works, subject to the approval of the common council, shall have the power and are hereby authorized and it shall be their duty when ordered thereto by the common council, without petition in that behalf, to cause the Milwaukee, Menomonee and Kinnickinnic rivers, or any portion thereof, to be docked and dredged, and to proceed therein in like manner as in cases of grad-

Board of public
works to make
recommendation
to common
council.

SECTION 6. Whenever the board of public works shall deem it necessary to grade or otherwise improve any street, alley, sidewalk or public ground, or to erect and construct a bridge or viaduct over any ravine in said city of Milwaukee, or to dredge or dock any of the rivers or of the public canals after their first construction, or to abate any nuisance caused by stagnant water in said city, it shall cause to be made an estimate of the cost of such work, and shall put the same on file in its office, and such estimate shall be open to the inspection of any party interested. Thereupon the said board of public works shall make to the common council such recommendation in relation to the proposed work as it may deem proper; and upon the same being adopted by the common council, in whole or in part, the said board may order so much of the work to be done as shall have been adopted, provided that no change of any previously established grade, and no such work, chargeable to lots and parcels of land fronting on or abutting on the same, except the grading, graveling and paving of streets, the paving of gutters and making of sidewalks, and except repairs, and docking and dredging, shall be ordered by resolution, ordinance or otherwise, unless a petition therefor shall first be presented to the common council, signed by residents of said city owning a majority of the feet in front of all the lots fronting upon such proposed improvements, owned by residents of such city, and for that purpose, every person in the actual possession of any lot or parcel of land fronting upon such improvements, under a contract in force for the purchase thereof from the owner, shall be held to be a freeholder within the meaning of this act, and to be the owner of such real estate for the purpose of petitioning as owner thereof. Each person signing such petition as a resident or as the owner of property, shall be required to write after his signature thereto a brief description of the property so owned by him, and of

the place of his residence in said city, and to annex thereto an affidavit that he is such resident and owner, and thereupon he shall be taken to be such resident and owner, and such petition shall be as valid and have the same effect as if such person were the owner of such property, and a resident of the city or ward, as stated in his affidavit, although in fact it should thereafter appear that he was not such owner or resident. The common council may order the grading, graveling and paving of streets and alleys, the paving of gutters and the making of sidewalks, without such petition, provided, however, that in the absence of such petition, the resolution of the common council ordering the work shall have been referred by the council to a special committee of five members, no one of whom shall be a resident of the ward or any ward in which the grading, graveling or paving of streets, alleys or gutters, or the making of sidewalks, mentioned in the resolution is proposed to be done, and shall have been reported by such committee to the common council with their recommendation that it be adopted, before a vote shall be taken upon its adoption, and provided such resolution shall declare why it is necessary for the public interest to proceed without such petition, and shall also upon its passage be supported by the votes of three-fourths of all the aldermen elected, and of a majority of the aldermen of the ward or of each ward in which such grading, graveling or paving, or making of sidewalks, is to be done; and provided further, that no such resolution ordering the grading, graveling or paving of a street or streets or alley, the paving of gutters or the making of sidewalks, without a petition therefor shall be voted upon or passed at any meeting of the common council held within four weeks from the time of its presentation to the council, and the vote on its passage shall be taken by yeas and nays, and duly entered in the journal of proceedings. Provided further, that whenever the board of public works shall deem it necessary to pave or otherwise improve, any street, alley or gutter, or any part of any street, alley or gutter, after the same has been once constructed to the grade established by the common council, and graveled, planked, paved or macadamized, the expense of maintaining, renewing, repairing or repaving whereof, shall be a lawful and proper charge against the funds of

the ward, in which such street, alley or gutter is situated, and a majority of the residents of said city of Milwaukee, owning a majority of the feet in front of all the lots, fronting on such proposed improvement, owned by residents of such city, shall file a petition with the said board, for any pavement or other improvement deemed by said board to cost more than the estimate made by the board, of the cost of improving said street, alley or gutter, said cost to be determined by said board, it shall be the duty of said board and of the common council to grant the request of such petition, and to proceed to repave, or otherwise improve, said street, alley or gutter, or any part thereof, named in said petition, according to the prayer of the petition, in the same manner as said board and council are now required to maintain, renew, repair or repave any such street, alley or gutter; provided, however, that all cost and expense of such repavement, or other improvement, in case of such petition, in excess of the estimated cost of the work, made and filed in the office of the board of public works, for the improvement of said street, alley or gutter, or part thereof, shall be chargeable to, and be made payable by, the lots fronting or abutting upon such street, alley or gutter, or part thereof, such excess to be apportioned by such board to said lots respectively, in proportion to the benefits adjudged by said board to have been conferred by said repavement, or other improvement, in the same manner that the original improvement of streets, alleys and gutters are now lawfully chargeable to, and made payable by such lots; provided further, that the petition for such repavement, or other improvement, required in this act, as a condition of increased cost, shall, as to form, qualification of petitioners and otherwise, conform to the requirements in case of petitions for other work chargeable to lots, and requiring a petition therefor, as provided in said Section 20, Chapter 324, Laws of 1882, of which section this act is in part amendatory.

As amended by Section 30, Chapter 144, Laws of 1875, and further amended by Section 2, Chapter 274, Laws of 1881, Section 20, Chapter 324, Laws of 1882, and Chapter 359, Laws of 1887.

One who signs a petition to common council for a change of grade, is not estopped from asserting his claim for damages caused by the new grade, it being *lower* than the one petitioned for.

Luscombe vs. Milwaukee, 36 Wis., 511.

The common council having ordained a change of grade of numerous streets, and having executed the ordinance only in part, plaintiff suffered serious special injury by reason of such *partial* execution; and in order to relieve himself from such a special injury, signed a petition to the council to have the work completed. *Held, not a waiver* of his right to damages for such change of grade.

Herzer vs. Milwaukee, 39 Wis., 360.

Under the charter provision requiring every resolution ordering work for improving streets to lie over at least four weeks after its introduction, "A resolution introduced on Monday may be acted on the fourth Monday following."

Wright vs. Forrestal, 65 Wis., 341.

The requirement that the "vote on the passage of every such resolution shall be taken by yeas and nays and duly entered on the journal," etc., is *held*, not to require a separate vote on each such resolution.

SECTION 7. Before ordering any work to be done by the owners of lots or lands fronting on the same, said board shall view the premises, and consider the amount proposed to be made chargeable against said several lots or pieces of land, and the benefits which, in their opinion, will actually accrue to the owner of the same in consequence of such improvement, and shall assess against the several lots or pieces of lands, or parts of lots or pieces of land, which they may deem benefited by the proposed improvement, the amount of such benefit which those lots or pieces of land will severally, in the opinion of said board, derive from such improvement when completed in the manner contemplated in the estimate of the cost of such work, made as provided by section six of this chapter, taking into consideration in each case any injury which in the opinion of the board, may result to each lot or piece of land from such improvement; and in case the benefits, in their opinion, amount to less than the cost of the improvement, the balance shall be paid out of the ward fund of the ward or wards in which such improvement is made; and said board shall endorse their decision and assessment in every case on the estimate of the cost of such improvement filed in their office.

Assessments of
benefits for street
work.

Assessment of
damages.

Assessment made by the board of public works, after confirmation by common council, is not conclusive as to benefits on right of way, but is conclusive as to such railroad property as is not used

for railroad purposes, when it appears that the benefits are direct, immediate and certain.

C. M. & St. P. Ry. Co. vs. Milwaukee, 89 Wis., 506.

Abutting property may be assessed for highway improvements only to the extent to which it is *actually* benefited, and must be upon *actual view*. Where such an assessment is based upon the estimated cost of the improvement, and not upon an estimate of actual benefits, the assessment is invalid, and equity will restrain the issue of a certificate to the contractor.

Johnson vs. Milwaukee, 40 Wis., 315.

(This section is substantially the same as Sec. 24, Ch. 401, laws of 1870.)

This section evidently requires a finding by the board of public works upon the question of resulting benefits and of consequent injury, the former to be modified by deducting the amount of the injury; and the lot is to be assessed only to the amount of benefits as thus modified. To this end, therefore, a finding is essential both on benefits and consequent injury to the lot.

Lieberman vs. Milwaukee, 89 Wis., 336.

Where the board of public works arbitrarily added fifty per cent. to the estimated cost of the work, and adopted such amount so determined as the measure of benefits, and the different lots were variously affected, *held*, the assessment was void, there being a failure to exercise the judgment of the board.

SECTION 8. In all cases in which the grade of any street has been permanently established by ordinance since February 20, 1852, or shall hereafter be so established, and, after such permanent establishment thereof, and after such street shall have been actually graded to such established grade, the grade so established has been or shall be altered by the city, the owner of any lot or parcel of land which may be affected or injured in consequence of such alteration of grade, shall be entitled to compensation therefor; and it shall be the duty of the board of public works, before ordering to be done the work of actually changing such established grade by excavating or filling such street to the new grade as so altered, and at the time of making their assessment of benefits, as provided in the next preceding section, to consider, determine and assess against the lots which they may deem benefited by the proposed improvement, to the amount of such benefits, the damages, costs and charges, including the cost of such improvement—arising from such alteration of grade to the owner of any

lot, parcel of land or tenement, which may be affected or injured in consequence thereof, taking into consideration in each case any advantages and benefits which may be conferred thereby upon such lot, parcel of land or tenement, in common with other property on the street affected by such grade; and the excess of the said damages, costs and charges over the benefits assessed, as provided in the preceding section, shall be paid out of the ward funds of the ward or wards in which such improvement and alteration of grade shall be made; provided, that no owner of any lot, parcel of land or tenement, who shall personally, or by his authorized agent, have signed a petition asking for such alteration of grade, or a petition asking for the grading of a street in conformity with such altered grade, shall be entitled to compensation, but every such owner shall be deemed thereby to have waived and relinquished all claim to compensation for any injury in consequence thereof; and no damages, costs or charges arising to such owner from such alteration of grade, shall be assessed or paid to such owner.

Koeffler vs. Milwaukee, 85 Wis., 397.

Any *peculiar* or *special* benefit conferred on plaintiff's lot, not common to other lots in the neighborhood, and not increasing its market value, cannot be considered by the jury in fixing damages; but if such lot, by reason of the changed grade is appreciated in value in common with other property in that vicinity, the city is entitled to have such increase of value deducted in the estimate of damages.

Church vs. Milwaukee, 31 Wis., 512.

Stowell vs. Milwaukee, 31 Wis., 523.

The liability of the city to pay damages to lot owner for change of grade is not affected by the fact that the owner did the work himself, in obedience to an order duly made by the street commissioners.

Pearce vs. Milwaukee, 18 Wis., 450.

When the city, in grading a public street then in the use and occupation of the public as a highway, leaves the same in a

dangerous condition, and without lights, guards or warning to passengers, it is liable for all damages accruing to any person injured because of such negligence.

Milwaukee vs. Davis, 6 Wis., 374.

See also French vs. Milwaukee, 49 Wis., 584.

Owens vs. Milwaukee, 47 Wis., 461.

Where a grade is duly established by an ordinance, which also provides that the faith of the city is pledged that such grade shall not be altered, the city is liable for damages caused by change of grade some years thereafter, where the grade is lowered twenty feet, and buildings erected with reference to the first grade are rendered valueless.

Goodall vs. Milwaukee, 5 Wis., 32.

It is only by statute that a municipal corporation is liable for injuries caused by an *authorized* change of grade, and the statutory remedy providing specific means for recovering damages, is *exclusive*.

Dore vs. Milwaukee, 42 Wis., 108.

The plaintiff *held*, entitled to recover the expense of grading down that part of lot fronting on the alley, the ordinances implying that the grades of alleys must conform to those of adjoining streets.

Church vs. Milwaukee, 34 Wis., 66.

The right to damages is purely statutory. Damages to the soil or building may be recovered, but not for injury to the trade or business carried on.

Stadler vs. Milwaukee, 34 Wis., 98.

The purpose to be subserved by this section is to secure to the lot owner, in the case therein mentioned, a proper allowance for damages, costs and charges arising from the change of grade, by way of compensation therefor, and payment thereof, if it exceeds the benefits, out of the ward funds.

Liebermann vs. Milwaukee, 89 Wis., 336.

Review of tax roll.

SECTION 9. As soon as any assessment of benefits or damages, or both, shall be made, as in the preceding sections of this chapter provided, the said board shall give notice to all parties interested, by advertisement for not less than four days in the official papers of the said city, that such assessment has been made and is ready for inspection in its office, and that the same will be open for review and correction by the said board, at its office, for not less than four days after the first publication of such notice during certain hours, not less than two hours of each lay day, and that all persons interested will be heard by said board in objection to such assessment, and generally, in the matter of such review and

correction. It shall be sufficient to state in such notice, in brief, what such assessment has been made for, and in what locality, and no further notice or publication of such assessment shall be necessary. During the time mentioned in such notice, the said board shall hear objections and evidence, and they shall have power to review, modify and correct such assessment, in such manner as they shall deem just, at any time during such review, and for three days thereafter; and thereupon said board shall endorse such corrected and completed assessment upon or annex the same to the estimate of the cost of such improvement, made and filed in its office, as provided in section 6, of this chapter, and shall file a duplicate of such estimate and assessment in the office of the city clerk, who shall lay the same before the common council at its next meeting; and thereupon the common council may confirm or correct said assessments, or any of them, or may refer the same back to the board of public works for revision and correction; and the said common council, and the said board of public works shall respectively have the like powers, and perform the like duties, in relation to such assessment, and any subsequent assessment made pursuant to such reference by the common council, as are prescribed and conferred in relation to the first assessment.

Duplicate assessment to be filed with city clerk.

As amended by Section 31, Chapter 144, Laws of 1875, and further amended by Section 6, Chapter 388, Laws of 1889.

SECTION 10. Thereupon, as soon as the common council shall have confirmed such assessments of benefits and damages, the said board shall enter into a contract for the doing of the same, as hereinbefore provided. Such contract shall require the contractor to receive certificates upon or against the several lots, parts of lots, or parcels of land, which may be assessed with benefits on account of the same, to apply in payment of the contract price, as now provided by law; provided that in any case where the contract price of the work to the center of the street or alley, done opposite to any lot or parcel of ground, shall exceed the benefits assessed to such lot, the excess shall be paid out of the ward fund of the ward in which such lot, part of lot or parcel of land shall be situated.

Relating to payment for work done on streets.

Excess of damages to be paid out of ward fund.

As amended by Section 1, Chapter 308, Laws of 1882.

The board of public works cannot proceed under this section without a previous ordinance or resolution of the common council.

Koch vs. Milwaukee, 89 Wis., 220.

Where the board of public works has issued a special assessment certificate, until the money has been collected therefor and paid into the treasury, *it seems* that the treasurer is the agent of the owner of the certificate. The city will only be liable to the holder after the treasurer has refused to pay over the money on demand, after it has been collected and placed in the treasury.

Silkman vs. Milwaukee, 31 Wis., 555.

Appeals from assessments, how and when taken.

SECTION 11. The owner of any lot, or tract of land, or tenement, who feels himself aggrieved by such assessment, as confirmed by the common council, as to the amount of benefits thereby adjudged to accrue to him by reason of any improvements charged against his lot or parcel of land, or the amount of damages, costs and charges, arising to such owner from an alteration of grade, may, within twenty days after such confirmation by the common council, appeal therefrom to the circuit court of Milwaukee county; and such appeal shall be taken, tried and determined, and bonds for costs shall be given, and costs awarded therein, in like manner as in cases of appeals to the said circuit court provided for in chapter six of this act. Such appeal shall not affect the rights of the contractor, or the proceedings in reference to his contract, but the certificate against the lot or parcel of land in question, shall be given as if no appeal had been taken; and in case the appellant shall succeed, the difference between the amount charged in the certificate and the amount of the benefit finally adjudged, shall be paid by the city out of the proper ward fund, to the appellant, but not until he shall have done the work in question, or have paid the certificate issued for doing the same. The amount assessed by the board of public works, or finally adjudged on appeal, for damages, costs, and charges arising from an alteration of the grade, in excess of the amount charged against property deemed benefited, shall be paid by the city out of the proper ward fund, to the person or persons thereto entitled, within one year after the confirmation of the assessment by the common council, or after final adjudgment therefor rendered by the court on appeal, as aforesaid; provided, that the time during which an appeal

from such judgment may be pending in the supreme court shall not be deemed part of the year so limited.

The remedy by appeal is not exclusive, as equity will set aside an invalid assessment, a sale under it, the certificate of sale, and restrain the issue of a deed upon such certificate.

Watkins vs. Milwaukee, 52 Wis., 98.

Where the assessment is void, the provisions of this and the following section, as to appeal being the only remedy, do not apply.

Lieberman vs. Milwaukee, 89 Wis., 336.

An original action at law for damages cannot be brought by a lot owner injured by change of grade, but he must proceed by appeal from the assessment of benefits and damages within the time limited.

Owens vs. Milwaukee, 47 Wis., 461.

See, also, Benton vs. Milwaukee, 50 Wis., 368.

SECTION 12. The appeal given by the last preceding section, from the assessment of the board of public works, as confirmed by the common council, to the said circuit court, shall be the only remedy for the recovery of any damages, costs and charges arising from any alteration of grade by the said city, or sustained by reason of any proceedings or acts of the said city or its officers, in the matter to which such assessment of damages or benefits relates; and no action at law shall be maintained for such damages or injuries, whether arising from an alteration of grade or otherwise.

Limiting right of action.

Existing remedies, either common law or statutory will not be regarded as taken away by subsequent statutes granting new remedies, unless such purpose is expressed, or *clearly* implied.

SECTION 13. After the completion and performance of any contract entered into by the board of public works for work chargeable to the lots or lands fronting thereon, or to other lots upon which assessments of benefits have been made therefor by virtue of this act,

Contractor shall receive a certificate stating amount of work done.

they shall give to the contractor or contractors a certificate signed by the board or the president thereof, and countersigned by the comptroller, stating the amount of work done by such contractor, the nature thereof, and the description of the lot or parcel of land upon which the same is chargeable. It shall be the duty of the comptroller to keep a register of all certificates issued by the board of public works against lots, and countersigned by him, which said certificates may be paid by the owner or owners of such lots at any time before the sale of such lots for the non-payment of taxes, to the city treasurer, who shall receive the amounts paid on such certificate and hold the same for the benefit of the owners of such certificates, and such owner shall be entitled thereto on producing and surrendering such certificates to be canceled.

As amended by Section 2, Chapter 308, Laws of 1882.

Where the lot owner pays the amount of the certificates to the city treasurer, the latter receives and holds the amounts so paid on such certificates for the benefit of the owners thereof, and such owners respectively are entitled to the same on their producing and surrendering such certificates for cancellation.

Hoyt vs. Fass, 64 Wis., 273.

Certificates issued under this section are liens upon the lots, draw interest at twenty five per cent. per annum from the time when the lot was sold by the city treasurer on account of such certificate liens, and are transferable by endorsement.

**Certificates, when
lots subdivided.**

SECTION 14. In all cases where the board of public works shall have issued a certificate for work done on any street, sidewalk or alley, chargeable to lots or lands according to the provisions of this act, and the lot or tract of land described in such certificate shall have been subdivided prior to the date of such certificate, then the work certified to in such certificate shall be chargeable to that subdivision of such lot or tract of land which fronts on the streets, sidewalk or alley on which such work shall have been done according to law; and it shall be lawful for the city treasurer, in collecting the special taxes assessed by reason of the issue of such certificates, to collect the amount named in such certificates from that subdivision of lot or tract of land, which fronts on the street or alley named in such certificates, and on which said work was done according to law.

**Collectable from
subdivisions.**

SECTION 15. **May appoint officer

may cause the sidewalks within such cities and villages to be kept clear of snow and ice and the expense thereof to be charged as a special tax against the abutting lots or parcels of land, when the owner or occupant fail to keep the same clean. It shall be lawful for the common council of such city and the board of trustees of such village, by ordinance, to designate some officer whose duty it shall be to keep the sidewalks clear of snow and ice in all cases where the owner or occupants of abutting lots or parcels of land fail to do so.

**Duty of officer so
appointed.**

SECTION 2. It shall be the duty of the officer designated as provided in the preceding section, under such rules or ordinance as the common council or board of trustees may make therefor, to keep the sidewalks in such city or village clear of snow and ice in all cases where the owners or occupants of abutting lots fail to do so, and the expense of clearing the snow or ice from sidewalks in front (and along the side of a corner lot or parcel of land) of any such lot or parcel of land shall be a lien thereon. And said officer shall keep an account of such expense and make a report of the same to the city or village clerk, who shall enter the amount therein charged to each lot or parcel of land in the next or subsequent tax roll, as a special tax against said lot or parcel of land, and the same shall be collected in all respects like other city or village taxes upon real estate, and no lot or parcel of land in such city or village shall be exempt from the payment thereof.

SECTION 3. This act shall not be construed as prohibiting the authorities from imposing a fine or penalty in addition to the collecting of the expenses for neglecting to keep such sidewalks clear of snow and ice.

How repaired.

SECTION 17. Whenever any sidewalk, or part of any sidewalk, shall in the judgment of the said board, declared by resolution to that effect, be in a dangerous condition to persons passing over it, for want of being repaired or remade, or on account of being above or below the grade established by the common council, the said board shall have power to order the same to be forthwith repaired or remade, and thereupon forthwith to employ fit persons to repair or remake the same for a fair price, and charge the expense thereof to the lots, parts of lots, or parcels of land abutting thereon, by a special assessment; and such assessment shall be a valid charge and lien upon such lots, parts of lots or parcels of land, without any estimate, notice, letting or other proceeding preliminary to the doing of such work, except the resolution of said board so declaring such sidewalks to be dangerous.

As amended by Section 5, Chapter 311, Laws of 1876.

SECTION 18. Whenever any nuisance, source of filth, or cause of sickness shall be found on private property, or in the alley in front or rear of such property, the common council may order the owner or occupant thereof, at his own expense, to remove or abate the same within twenty-four hours from the date of the order, or within such time as may be named in such order; and if the owner or occupant shall refuse or neglect so to do, within the time named in said order, then the board of public works shall forthwith cause said nuisance, source of filth, or cause of sickness to be abated or removed, at the expense of the lot or tract of land in the front or rear of which, or upon which such nuisance, source of filth or cause of sickness may be found.

nuisances.

Amended by Section 1, Chapter 80, Laws of 1877, which was repealed by Section 58, Chapter 324, Laws of 1882. As amended by Section 22, Chapter 324, Laws of 1882.

Where by a neglect to provide proper sewerage in the grading of a street, a nuisance is created upon a private lot, the city may provide for abating it as for other similar improvements; and where the work for that purpose has been done by contract in a regular manner, an assessment upon the lot for the cost of the work is valid at law.

Smith vs. Milwaukee, 18 Wis., 69.

A special assessment for the cost of abating a nuisance created upon a private lot by the act of the city is illegal, and will be set aside.

Weeks vs. Milwaukee, 10 Wis., 186.

In all cases mentioned in sections 15, 16, 17 and 18 of this chapter, or in either of said sections, wherein the board of public works are authorized to do any work or cause the same to be done, and to charge or assess the expense thereof upon the lots, parts of lots or parcels of land upon or in front or rear of which such work may be done, the expense of such work shall, in the first place, be defrayed out of the ward fund of the proper ward. It shall be the duty of said board to keep a strict account of the labor expended upon such work in front or rear of each such lot, part of lot or parcel of land, and of the cost thereof, and to make a report to the comptroller monthly, on the first of each month for each ward in said city, stating and certifying the description of the lots, parts of lots or parcels of land, in front or rear of, or upon

As amended by Section 23, Chapter 324, Laws of 1882. Amended by Section 2, Chapter 80, Laws of 1877, which was repealed in Section 58, Chapter 324, Laws of 1882.

Commissioners of public works not to be interested in contracts or improvements.

SECTION 20. If any commissioner of public works shall in any case be directly interested in any property liable to be assessed with benefits, on account of any public improvements, or entitled to an assessment of damages arising from an alteration of grade, the common council shall in such case appoint some disinterested person to act in his stead; and the person so appointed shall, for the particular case in which he is so appointed, possess all the powers and authority of, and be subject to all the duties and restrictions imposed by law upon a member of said board.

lots, or parcels of land, and approved by a majority of the aldermen of the ward or wards in which such street or part of such street shall be located requesting such or part of such street to be sprinkled, the common council shall order the board of public works to advertise for sealed proposals for sprinkling such street or part of such street. Such advertisement shall be published for at least six days in the official city papers, and shall state the street or part of the street to be sprinkled, and for what length of time. All contracts shall be awarded by said board to the lowest bidder in compliance with the provisions of section ten, of chapter five of this act, and shall be expressly subject to the powers given to said board by said chapter.

As enacted by Section 33, Chapter 144, Laws of 1875.

SECTION 23. The board of public works shall assess against the several lots, parts of lots, or parcels of land, fronting or abutting on such street, or part of such street, the cost of sprinkling such street, or part of such street in front of such lots, parts of lots, or parcels of land. The cost of sprinkling such street, or part of such street, at its intersection with streets and alleys, and across public grounds, and to the middle of such street, adjacent to public grounds, shall be paid out of the fund of the ward in which such work is done.

Cost of sprinkling to be assessed against adjoining lots.

As enacted by Section 33, Chapter 144, Laws of 1875.

SECTION 24. Cost of sprinkling to be first paid out of ward fund.

It shall be the duty of the said board to keep a strict account of the cost of such work done in front of such lot or parcel of land, and report to the city comptroller on the completion of each such contract, stating and certifying the description of the lots, parts of lots or parcels of land, in front of which, work chargeable thereto under such contract, has been done, and the amount chargeable to each such piece of property, and the said comptroller shall, at the time of making his annual report to the common council of the lots or parcels of land

AN ACT relating to special assessments for grading, paving and improving streets, and the issue of improvement bonds therefor, in cities of twenty thousand inhabitants and upwards.

Extension of payment of assessment of benefits, how made.

SECTION 1. Whenever, in any city having a population of twenty thousand inhabitants or more, the grading, paving, or repaving of any street or avenue, with a permanent paving, having a concrete foundation, shall, in any manner, have been duly authorized, and a specification, together with an estimate of the cost of such work, has been prepared and filed, and the necessary assessments of benefits and damages against the several lots, parts of lots or parcels of land, which may be deemed benefited or damaged by the proposed permanent improvements, shall have been made and approved or confirmed, and the contract for such improvement shall have been entered into, the board of public works, or in the absence of the existence of such board, the common council, is hereby authorized, within two weeks, after the letting of such contract, by resolution to determine that any owner or owners of any lots, parts of lots or parcels of land which may be assessed with benefits on account of such permanent improvement, shall have the option at any time within thirty days after the passage and publication of such resolution to apply for an extension of the payments of such assessments of benefits to his or their property by paying therefor in equal annual installments for such a period as the board of public works or the common council may in such resolution determine, not less than five and not exceeding ten years, the first installment to become due and payable, without interest, immediately after the completion of the first tax sale succeeding the date of the bond herein-after provided for.

Application for extension, when to be made.

SECTION 2. Any owner or owners of any lots, parts of lots or parcels of land, which may be assessed with benefits on account of any such permanent improvement, may, within thirty days after the passage and publication of such resolution, make application to the board of public works, or, in the absence of the existence of such board, to the city clerk, for the extension of the payment of such assessment of benefits to his or their property, and such application shall contain an agreement that in consideration of the privilege granted by such resolution, he or they will make no objection to any illegality or irregularity in regard to the assessments against his or their property, and will pay the same in equal annual installments, together with interest upon the unpaid balances, at a rate of interest not exceeding six per centum per annum, and for such a term of years as in such resolution may have been provided. Such application shall also contain a brief description of the property and

that the applicant is the owner thereof. After the expiration of the time within which such application may be made, an assessment list shall be prepared containing a description of each piece of property, the owner or owners of which have agreed to pay for such improvement in installments, showing the amounts chargeable to such property, together with the necessary columns to which the installment assessment shall be extended, showing the amount of each installment and interest, and when payable, and a copy of each such assessment list shall be filed with the city clerk, the city comptroller and the city treasurer. In all cases where such agreement has not been signed within the time limited, the entire assessment shall be payable in the manner and at the time as is now provided for the payments of assessments on account of street or other improvements.

Assessment list to be prepared; what to contain.

SECTION 3. Whenever any contract is entered into for such permanent improvement, such contract shall, in addition to the requirements now provided for by law in such cases, stipulate that the contractor shall receive, to apply in payment of the contract price, street improvement bonds upon or against the several lots, parts of lots or parcels of land, the owner or owners of which have agreed, as hereinbefore provided, to avail themselves of the privilege of paying for such improvement in equal annual installments; and upon the completion and performance of such contract, the contractor shall receive on account and in payment for his work, said bond or bonds upon or against said several lots, parts of lots or parcels of land, to an amount not exceeding the assessment of benefits against such lots, parts of lots or parcels of land by reason of such permanent improvement.

Contract for improvement to contain agreement to accept bonds in payment.

SECTION 4. After the performance and completion of any contract for the grading or the paving and repaving of any street or avenue with a permanent pavement, having a concrete foundation, and in case the owner or owners of any lot, parts of lots or parcels of land fronting or abutting on such street or avenue shall have applied for an extension of time for the payment of assessments as provided in section 2, of this act, the board of public works, or, in the absence of the existence of such board, the city clerk, shall issue bonds against said lots, parts of lots, or parcels of land, for the amounts chargeable against such property, said bonds to be made payable within the time limited in the resolution, which may have been passed in accordance with section 1, of this act. Such bonds shall be designated as "Street Improvement Bonds;" shall bear the name of the street or avenue for which they are issued; shall be made payable to the contractor doing the work, or bearer; shall be made negotiable; shall state the amount of work done by the contractor, the nature thereof, and a description of the property upon which the same is chargeable; shall be issued in the name of the city and countersigned by its comptroller, but neither the city nor any officer thereof shall become liable or holden for any part thereof, either principal or interest, excepting for so much as has been actually collected by the city treasurer for the payment of such part of the improvement for which such bonds have been issued. Such bonds shall bear interest at a rate not exceeding six per centum per annum, from and after the first day of February succeeding the

date of issue, and shall have attached thereto coupons, each in amount equal to the annual payment due on such bond, together with the accrued interest. Said coupons and bonds shall be payable at the office of the city treasurer, immediately after the completion of the tax collection each year to the extent of the moneys received by him on account of the improvements for which such bonds have been issued. Said bonds shall be a first lien against any lots, parts of lots, or parcels of land, and in case of failure of the payment of any installment or interest thereon, when the same becomes due, the whole amount of such bond, together with the interest chargeable against any such lot, parts of lots or parcels of land, the owner or owners of which has failed to pay the annual assessment or interest, shall, at the election of the holder of such bond, to be exercised within thirty days after such default, forthwith become due and payable and may be recovered in any court of competent jurisdiction, as mortgages are foreclosed, recovering a reasonable attorney's fee and costs. The owner or owners of any lots, part of lots, or parcels of land upon which bonds are issued, may at any time pay to the city treasurer the entire unpaid assessment and accrued interest, and receive a release of the lien and assessment against his property by paying to the city treasurer, in addition to said assessment and accrued interest, interest on said bonds for the period of three months after such payment of the assessment. The issuance of said bonds shall be conclusive evidence of the regularity of all previous proceedings and the validity of said lien. No error or irregularity upon the part of any taxing or other officer in connection with the making of such assessments or issue of such bonds, not going to the substantial justice of the case, shall invalidate said bonds.

Assessment may be paid at any time.

Annual installment assessment to be entered on tax roll.

SECTION 5. The proper city official shall, in preparing the annual tax roll, enter the amount of the annual installment assessment together with the accrued interest, against the several pieces of property on said tax roll according to the assessment list prepared and filed in the office of the city clerk for the term of years that such installment assessment list may cover, and until the entire amount chargeable to such property on account of the permanent pavement improvement, and the interest thereon, shall have been taxed and levied against such property; and such assessment shall be collectable by the city treasurer, as other taxes are collected by him. The city treasurer shall keep a separate account of the funds arising from the collection of such installment assessments and interest, and such funds shall not be diverted to the payment of any other improvement than that for which the same were collected, and he shall enter upon each assessment list, in its proper column and place, such amounts as have been paid, and such lists shall be open to the public examination. As soon as the coupons or bonds shall have been paid by the city treasurer, he shall cancel the same and turn them over to the city comptroller, by whom they shall be kept on file.

Treasurer to keep separate account.

Property fronting on street, when to be exempt from assessment.

SECTION 6. No property fronting on any street or avenue shall be exempt from any assessment of benefits on account of the paving of such street or avenue with a permanent pavement having a concrete foundation, until such property shall have paid in the

aggregate in assessments for street pavements in front thereof, the sum of three dollars per square yard for all that part of the roadway directly in front of or abutting such property, and lying between the curb line and the center of such roadway of said street. Where any property has paid less than said amount it shall be liable for any difference up to the amount of three dollars.

SECTION 7. All acts or parts of acts which are inconsistent with this act, or not in harmony with its provisions and operation, are hereby declared to be modified, amended, superseded or repealed in so far as they interfere or are at variance with the true intent, meaning and operation of this act. This act shall take effect and be in force from and after its passage and publication.

CHAPTER 479, LAWS OF 1891.

SECTION 1. The common council of the city of Milwaukee is hereby authorized and directed within sixty days after the passage and publication of this act, by resolution or ordinance to direct the board of public works of said city to proceed and complete within a time limited to five years, to fill up and improve the low and marsh land upon which there may be stagnant water in parts and portions of the southwest and southeast quarters of section 30, and the northwest and northeast quarters of section 31, what is called and known as the Menomonee valley, in the Eighth and Sixteenth wards of the city of Milwaukee, and to abate and remove any nuisance, source of filth or cause of sickness therein, proceeding and completing the filling and improvement of one-fifth thereof as near as may be each year.

Common council may improve low and marsh lands in Menomonee valley.

SECTION 2. Whenever the board of public works of the city of Milwaukee shall be directed by the common council thereof, as herein provided, to fill up or improve the low and marsh land upon which there may be stagnant water in the so called valley of the Menomonee of said city, hereinbefore designated, and to abate and remove any nuisance, source of filth or cause of sickness therein, said board shall cause to be made an estimate of the cost of said work and shall put the same on file in its office, and such estimate shall be open to the inspection of any party interested. Thereupon the said board of public works shall make to the common council such recommendation in relation to the proposed work as it may deem proper; and upon the same being adopted by the common council in whole or in part the said board shall order so much of the work to be done as shall have been adopted; and shall enter into a contract for the doing of the same as other contracts for city work are made. Provided, that the owner of any lot or parcel of land so proposed to be filled or improved, or upon which any nuisance, source of filth or cause of sickness may exist, which said city may order abated or removed, may enter into an agreement with the said city of Milwaukee, to fill up and improve said lot or parcel of land so owned by him, or abate and remove any nuisance, source of filth or cause of sickness thereon, within the time limited in such resolution or ordinance, such work

to be so done by such owner under the direction and to the satisfaction of said board of public works.

Duty of board in ordering work done.

SECTION 3. Before ordering any work to be done pursuant to such resolution or ordinance, the said board of public works shall view the premises, and consider the amount proposed to be made chargeable against said several lots or pieces of land, and the benefits which, in their opinion, will actually accrue to the owner or owners of the same in consequence of such improvement, and shall assess against the several lots or pieces of land, or parts of lots or pieces of land which they may deem benefited by the proposed improvement, the amount of such benefit which such lots or pieces of land will severally, in the opinion of said board, derive from the improvement when completed in the manner contemplated and the estimate of the cost of said work made and provided in section 2, of this act, taking into consideration in each case any injury, which in the opinion of the board, may result to each lot or piece of land from such improvement; and in case the benefits, in their opinion, amount to less than the cost of the improvement, the balance shall be paid out of the ward fund, in which such lot or tract of land is situated, and the said board shall endorse their decision and assessment in every case on the estimate of the cost of such improvement filed in their office. Provided, any owner of any lot or parcel of land, who shall personally, or by his authorized agent, have signed a petition asking for such improvement, shall not be entitled to compensation, but every such owner shall be deemed thereby to have waived and relinquished all claim to compensation for any injury in consequence thereof, and no damages, cost or charges arising to such owners from such improvement shall be assessed or paid. No action shall lie against any officer, agent, servant or employee of the city of Milwaukee or any contractor or his servants or employes who may enter upon, in or upon any of the premises herein intended to be improved pursuant to the provisions thereof for trespass or otherwise.

Notice of assessment of benefits and damages, when and how given.

SECTION 4. As soon as any assessment of benefits or damages, or both, shall be made, as in the preceding sections of this chapter provided, the said board shall give notice to all parties interested, by advertisement for not less than four days in the official papers of the said city, that such assessment has been made and is ready for inspection in its office, and that the same will be open for review and correction by the said board, at its office, for not less than four days after the first publication of such notice, during certain hours, not less than two hours of each day, and that all persons interested will be heard by said board, in objection to such assessment, and generally in the matter of such review and correction. It shall be sufficient to state in such notice, in brief, that such assessment has been made for, and in what locality, and no further notice or publication of such assessment shall be necessary. During the time mentioned in such notice, the said board shall hear objections and evidence, and they shall have power to review, modify and correct such assessment, in such manner as they shall deem just, at any time during such review, and for three days thereafter; and thereupon said board shall

endorse such corrected and completed assessment upon or annex the same to the estimate of the cost of such improvement, made and filed in its office, as provided in section 3, of this act, and shall file a duplicate of such estimate and assessment in the office of the city clerk, who shall lay the same before the common council at its meeting; and thereupon the common council may confirm or correct said assessments, or any of them, or may refer the same back to the board of public works for revision and correction; and the said common council, and the said board of public works shall respectively have the like powers and perform the like duties in relation to such assessment, and any subsequent assessment made pursuant to such reference by the common council as are prescribed and conferred in relation to the first assessment.

SECTION 5. Such contract shall require the contractor to receive certificates upon or against the several lots, parts of lots, or pieces of land which may be assessed with benefits on account of such improvement, such certificates to apply in payment of the contract price for the doing of said work, and they shall be a lien upon said lot or tract of land; provided that in any case if the contract price of the work shall exceed the benefits assessed, such excess shall be paid out of the ward fund in which such lot or tract of land is situated in the city of Milwaukee.

Contracts, what to require.

SECTION 6. The owner of any lot or tract of land, or tenement, who feels himself aggrieved by such assessment, as confirmed by the common council, as to the amount of benefits thereby adjudged to him by reason of any improvement charged against his lot or parcel of land more than twenty days after such confirmation by the common council may appeal therefrom to the circuit court of Milwaukee county and such appeal shall be taken, tried and determined, and bonds for costs shall be given, and costs awarded therein in like manner as in cases of appeals to the circuit court in chapter 6, of the charter of said city. Such appeal shall not affect the rights of the contractor, or the proceedings in reference to his contract, but the certificate against the lot or parcel of land in question, shall be given as if no appeal had been taken; and in case the appellant shall succeed, the difference between the amount charged and the certificate and the amount of the benefit finally adjudged, shall be paid by the city out of the proper ward fund to the appellant, but not until he shall have done the work in question or have paid the certificate issued for doing the same. The amount assessed by the board of public works or finally adjudged on appeal for damages, costs and charges arising from such improvement in excess of the charges against property deemed benefited, shall be paid by the city out of the proper ward fund to the person or persons thereto entitled, within one year after the confirmation of the assessment by the common council or after final judgment therefor by the court on appeal as aforesaid; provided, that the time during which an appeal from said confirmation may be pending shall not be deemed part of the year so limited.

Owner may appeal from assessment.

the common council to the said circuit court, shall be the only remedy for the recovery of any damages, costs and charges arising from any works done by virtue of this act by the said city or sustained by reason of any proceedings or acts of said city, or its officers, in the matter to which such assessment of damages or benefits relates; and no action at law shall be maintained for such damages or injuries arising, whether arising from the filling of said lot or parcel of land or the abatement of any nuisance in any manner which may be caused by stagnant water or otherwise.

Certificates, how issued.

SECTION 8. After the completion and performance of any contract entered into by the board of public works for work done pursuant to the provisions of this act, they shall give to the contractor or contractors a certificate signed by the board of public works or the president thereof, countersigned by the comptroller, stating the amount of work done by such contractor, the nature thereof, and the description of the lots and parcels of land upon which the same is chargeable; which said certificate shall be a lien upon said lot, part of lot or tract of land; it shall be the duty of the comptroller to keep a register of all certificates issued by the board of public works against lots, and countersigned by him, which said certificate may be paid by the owner or owners of such lots at any time before the sale of such lots for the non-payment of taxes, and the city treasurer who shall receive the amount paid on such certificates and hold the same for the benefit of the owners of such certificates, and such owners shall be entitled thereto on producing and surrendering such certificates to be cancelled.

Assessments to be a lien.

SECTION 9. In all cases where' by the provisions of this act, any special charge or assessment is made a lien upon land, the amount of such charge or assessment shall be carried out on the tax roll in a separate column or columns, opposite the lot or tract upon which the same may be a lien; and the treasurer may collect and sell, and do all other acts in relation thereto, in the same manner as if the amount of such lien was a general tax.

SECTION 10. This act shall be amendatory of the charter of the city of Milwaukee, being chapter 184, of the laws of 1874, entitled, "an act to revise, consolidate and amend the charter of the city of Milwaukee, approved February 20, 1852, and the several acts amendatory thereof," and the several acts amendatory thereof

CHAPTER 302, LAWS OF 1895.

AN ACT relating to legalizing special assessments for street improvements and providing for re-assessments of special taxes in certain cases in all cities of the first and second class in this state.

In any action to set aside assessment, court may stay proceedings.

SECTION 1. In case, in any action, now pending or hereafter brought to set aside or vacate any special assessment against property, for opening, widening or extending any street or alley or part thereof, or for grading, graveling, macadamizing, paving or repaving any street or alley, or part thereof, or making any other improvement thereof, or for constructing any sewer therein, in any city of this state, or to set aside or vacate any special assess-

ment certificate, tax sale or tax sale certificate, based upon such special assessment, the court shall be of the opinion, after a hearing in that behalf had, that such assessment is invalid by reason of a defective assessment of benefits and damages, it shall stay all proceedings in such action until a new assessment thereof is had in the manner hereinafter mentioned. Thereupon, the proper city authorities shall proceed to make a new assessment of benefits and damages against the property of the plaintiff in such action, in like manner as required by law in the case of such original assessment, and such plaintiff shall have the same right to appeal from such new assessment as he or his grantors would have had from such original assessment. If the plaintiff shall desire to contest the validity of such new assessment, he shall, within ten days after its confirmation by the common council, file with the clerk of the court, and serve upon the defendant's attorneys, his objections in writing to such new assessment, and thereupon the court shall direct an issue to be made up involving the objections aforesaid, which issue shall be tried summarily by the court, and thereupon the court shall file an order sustaining or overruling the objections of the plaintiff aforesaid. When by such order such new assessment of benefits and damages shall be held invalid, subsequent assessments may be had, in the manner and form as hereinbefore provided, and the same proceedings may be resorted to, to determine the validity of such assessments. When the amount to be assessed against the plaintiff's property has been finally determined by an assessment of benefits and damages to which no objections are filed, as aforesaid, or which, if objections are so filed, the court shall hold to be valid and regular, or, when an appeal is taken, upon such appeal, the court shall make an order requiring the plaintiff to pay into court, within a time to be fixed by such order, for the use and benefit of the defendant, or the parties entitled thereto, the amount which, based upon such valid new assessment, he ought justly to pay, or which should be justly and equitably assessed against the property in question, and the court shall, upon the plaintiff's complying with said order, within the time so limited, order judgment for the plaintiff with costs, and in default of plaintiff complying with such order within the time so limited, the action shall be dismissed with costs in favor of the defendant.

City authorities to make new assessment.

Plaintiff contesting validity of new assessment, to file objections.

SECTION 2. If, in any action now pending or hereafter commenced, the validity of any special assessment certificate, or tax sale or tax sale certificate, based upon an assessment for any of the purposes mentioned in section 1, of this act, is attacked and sought to be set aside, upon grounds other than those affecting the validity of the assessment of benefits and damages, or in addition thereto, the court after hearing in that behalf had, shall be of opinion that the same is void by reason of any failure to observe any provision of law, or by reasons of any act or defect in the proceedings upon which such special assessment certificate, tax sale or tax sale certificate is based, which has intervened to the prejudice of the plaintiff, it shall immediately stay all proceedings in the action, and shall cause an issue to be made up involving the extent of the injury which the plaintiff has suffered by reason

of such failure or such act or defect, and such issue shall be tried summarily by the court. In the event that in such action the validity of the assessment of benefits and damages upon which such special assessment certificate, tax sale or tax sale certificate is based, is attacked and such assessment shall be set aside, such issue shall only be tried after a new assessment has been had, as provided by section 1 of this act.

Court may require plaintiff to pay into court the amount he should justly pay, when.

When such issue has been tried and determined, the court shall make an order requiring the plaintiff to pay into court, within the time to be limited in such order, for the use and benefit of the defendant, or parties entitled thereto, the amount which he ought justly to pay, or which should be justly and equitably assessed against the property in question, based upon the finding of the court upon such issue, or in case a new assessment of benefits and damages is had, upon such new assessment and such finding, and upon such payment being made within such time, the court shall order judgment for the plaintiff with costs, but, in the event that the plaintiff fails to pay such amount within the time so fixed by the court, the action shall be dismissed with costs in favor of the defendant.

No special assessment to be invalid by reason of guarantee to keep work good for term of years.

SECTION 3. No special assessment or certificate thereof or tax sale certificate based thereon shall be held to be invalid for the reason that any contract which has been heretofore or may hereafter be let, contains on the part of the contractor a guarantee or any provision to keep the work done under such contract in good order or repair for a limited number of years, when such guaranty or provision was inserted therein for the purpose of insuring the proper performance of such work in the first instance. All such provisions in contracts for doing public work, inserted for the purpose aforesaid, are hereby legalized, and all such provisions shall be deemed prima facie to have been inserted for that purpose, unless the time during which the contractor is required to keep the work in good order or repair shall exceed five years.

SECTION 4. All acts or parts of acts which are inconsistent with this act, or not in harmony with its provisions and operations, are hereby declared to be modified, amended, superseded or repealed, in so far as they interfere with or are at variance with the true intent, meaning and operation of this act.

SECTION 5. The provisions of this act shall not apply to cities of the third or fourth class, whether operating under general or special charters.

CHAPTER VIII.

SEWERS.

Sewerage districts.

SECTION 1. The city of Milwaukee is hereby divided into three sewerage districts, as follows: All that part of the city embraced in the First, Third and Seventh wards, shall constitute one district, to be known as the East sewerage district. All that part of said city embraced

in the Second, Fourth, Sixth, Ninth, Tenth and Thirteenth wards, shall constitute one district, to be known as the West sewerage district. All that part of said city embraced in the Fifth, Eighth, Eleventh and Twelfth wards, shall constitute one district, to be known as the South sewerage district.

The Bay View sewerage district, comprising the Seventeenth ward, was created by chapter 37, laws of 1887.

SECTION 2. The board of public works of said city shall cause to be made, from time to time, as fast as the preliminary surveys can be completed, diagrams for each such district, in addition to an extension of those already made and adopted under and pursuant to the provisions of chapter two hundred and seventy-four, of the local laws of 1870, which diagrams shall conform to the system of sewerage in the district and show the plan thereof, and contain, as nearly as practicable, the lots, blocks, and tracts of land, the main sewers to be constructed, the branch and minor sewers, the man-holes, the catch basins and their connections, through overflow pipes with the sewers, the sewers already constructed, and any other data deemed by them necessary for information; provided, that the plans for sewerage heretofore made and adopted pursuant to said chapter two hundred and seventy-four, shall remain in full force and be deviated from only by authority of the common council, and that all sewers already constructed under chapter three hundred and ninety-nine of the local laws of 1869, or chapter two hundred and seventy-four of the local laws of 1870, shall be considered as part of the plan, to be in no respect altered or changed, and that no other sewers previously constructed may be included in the diagrams to be prepared, so far as the same can be used in the proposed system of drainage.

Diagrams for each district.

Present sewerage plan to remain in force.

Present sewers not to be disturbed.

SECTION 3. On the completion of any such diagram, said board shall give notice in the official papers of the city for at least six days, that a plan of sewerage is open at their office for inspection. Any person owning real estate in such district, may file with said board written objections to the said plan, stating therein the nature and reason of his objections, and may also suggest improvements to said plan.

Notice of diagram to be given.

8

Plan may be modified by board.

SECTION 4. The said board may reconsider and modify said plan, and at the expiration of ten days after the time such notice shall have been given to said resident freeholders of the district, shall report such plan to the common council for its approval.

Municipalities have same rights to repel surface waters as private persons have, and they may discontinue and abandon sewers, if the land owners are not thereby left in a worse condition than if the sewers had never been made.

Council to ratify or condemn.

SECTION 5. The common council shall take such plan into consideration, and within thirty days after receiving the same, shall return it to the board approved, or if objected to, with a statement in writing of such objections, or of any alteration or improvements thereof which they may deem desirable.

Plan may be changed or a new one prepared.

SECTION 6. The said board may, on return of such plan by the common council, modify or change the same in accordance with the suggestions of the common council, or may prepare a different plan, which shall be again submitted to the common council, and may generally modify and change their action in the premises, until a plan shall be mutually agreed upon by the board and common council; provided, that no plan shall take effect until approved by the common council, and no plan thus approved shall be deviated from except by consent of the common council; and provided further, that sewers may be ordered and constructed in any district without the plans of such district being completed in their whole extent and all their details.

Board to annually report the sewers necessary in each district.

SECTION 7. On or before the first day of March in each year, the board of public works shall report to the common council the sewers necessary, in their judgment, to be built in each district, during the current year, in accordance with the plan, stating the precise location and extent of the same, and the kind of material of which they should be composed. The common council shall take such report into consideration, and may approve the same, and make such additions to it, or alterations in it in any respect as to them may seem best, and return the same to the board, and it shall be the duty of the board to carry out the work as directed in the report

thus returned from the common council. The board may also from time to time, during the year, as may be necessary, recommend to the common council the construction of other sewers than those contained in the general report, which recommendation the common council shall take into consideration and return to the board approved, negatived or altered, as may to them seem best, and the board shall carry out the work, as prescribed in the action of the common council; provided, that said board of public works shall, at least five days before the presentation of such recommendation to the common council, give notice by publication in the official paper or papers of the city, stating the day when such recommendation will be presented to the common council, and giving a general description of the proposed improvement and extension. Upon the presentation of such recommendation to said common council, with proper proof of publication of the notice above described, the same shall be referred to the appropriate committee, and considered and disposed of in the same manner and under the same rules, as are provided in the case of ordinances or resolutions creating a charge or liability against any city or ward fund; and provided further, that no sewer shall be built or contracted for by the board until the same has been authorized or ordered by the common council.

May recommend others.

Sewers to be built only upon order of common council.

As amended by Section 3, Chapter 274, Laws of 1881, and further amended by Section 25, Chapter 324, Laws of 1882.

SECTION 8. After the common council shall, by resolution or otherwise, have ordered the construction of any sewer, the board shall advertise for and receive bids to do the work so ordered, having first procured to be carefully prepared, and put on file in their office, for the examination and guidance of bidders, plans and specifications describing the particular work to be done, and the kinds and qualities of materials to be used, as directed by the common council, and shall let the contract to the lowest responsible and reliable bidder, subject, however, to the provisions of chapter five of this act. Provided, that any contractor for such work may procure from the board of public works a license as a sewer contractor, and at the time of procuring such license he shall file with said board a bond in the penal sum of five thousand dollars, which bond shall be approved as to form

and manner of execution by the city attorney and as to the sufficiency of the sureties therein by said board of public works prior to their accepting and filing the same, which said bond shall be conditioned that such contractor and bidder will execute and perform the work for the price mentioned in his proposals and according to the plans and specifications on file in case the contract shall be awarded to him, and in case of default on his part to execute a contract with satisfactory sureties and to perform the work for which he bid, said bond shall be prosecuted in the name of the city, and judgment recovered thereon for the full amount of the penalty thereof; which penalty shall be agreed upon as liquidated damages, unless the common council shall by resolution direct that no action shall be commenced. The bond herein provided for shall be renewed as often as required by said board, and shall be taken and accepted by said board until the license hereinbefore mentioned is revoked by said board, as and in lieu of the preliminary bond accompanying bids and proposals, provided for in section 9, of chapter 5, of the Charter of the city of Milwaukee; nothing herein contained, however, shall prevent any person from making and presenting a bid and proposals pursuant to the provisions of chapter five, of the charter of said city.

CHAPTER 368, LAWS OF 1895.

AN ACT to provide for the manner of asking and receiving bids for public work or improvements ordered by the common council of any city of the first class in the State of Wisconsin.

When sewer work to be done, board of public works shall advertise for proposals.

SECTION 1. Whenever the laying and building of any sewer or the grading or making of any street or alley shall be ordered by the common council of any city of the first class as classified in Chapter 40 of Sanborn & Berryman's annotated statutes of the state of Wisconsin, and by chapter 238 laws of 1895, the board of public works of said city shall advertise for proposals for doing the same; a plan or profile of the work to be done, accompanied with specifications for doing the same, or other appropriate and sufficient description of the work required to be done and of the kinds and quality of material to be furnished being first placed on the file in the office of said board of public works for the information of bidders and others. Such advertisements shall be published at least six days in the official city papers, and shall state the work to be done and the time for doing the same, which time shall in all cases be such a reasonable time as may be necessary to enable a contractor with proper diligence to perform and complete such work.

Advertisement to be published six days.

SECTION 2. All proposals for such work shall be sealed and directed to such board of public works and shall be accompanied at the time of such bid or proposal with a sum of money equal to at least fifteen per cent. of the amount of the engineer's estimate of the cost of such work, as the board of public works in such advertisement may direct, under an agreement that such sum of money shall be returned to such bidder in case the contract for the work bid for is not awarded to such bidder, or which sum of money shall also be returned to such bidder in case such bidder will execute the contract for such work pursuant to his bid and accompany such contract with good and sufficient bond with satisfactory sureties in case the contract is awarded to such bidder, and also that in case the contract is so awarded and he shall [fail] to execute a bond with satisfactory sureties to perform the work specified for the price named in his bid within a reasonable time after such contract is prepared and ready for execution, then such sum of money shall become the property of said city as fixed and liquidated damages for such default, and shall be paid by said board to the city treasurer of such city. All bids unless fulfilling the requirements of this act shall be rejected.

Proposals to be accompanied by deposit of fifteen per cent.

SECTION 3. All acts or parts of acts contravening the provisions of this act are hereby repealed.

SECTION 9. Such contracts shall require the contractor to receive as payment for so much of the work as has been assessed against the lots opposite to the front of which any such sewer shall extend, certificates against such lots respectively; and the residue of such contract shall be paid out of the proceeds of the general sewerage tax, to be levied on the real estate and personal property within the sewerage district, by the common council, on the recommendation of the board of public works.

Contractor to take certificate in part payment.

SECTION 10. After any contract for work, under this act, to be paid for in whole or in part by special assessments, shall have been entered into, the board of public works shall make, or cause to be made, an assessment against all lots, parts of lots and parcels of land, fronting or abutting on the work so contracted to be done, on each side of the same for its whole length, and which have not before been so assessed for sewerage purposes, at the rate of eighty cents per lineal foot of the whole frontage of each lot, part of lot or lots, or parcel of land, fronting or abutting on either side of such sewer, except corner lots, which shall be assessed therefor as follows: corner lots not subdivided in ownership and subdivisions of corner lots, constituting the actual corner of corner lots subdivided in ownership, shall be entitled to deduc-

tion in making such assessment, of one-third from the aggregate of the street lines of such corner lots, or corner subdivisions thereof, on all the streets in front thereof; such deduction to be made in the assessment of the longest street line of such corner lots, or corner subdivisions thereof, or in case of equal street lines thereof, in the assessment for the second sewer to which they are liable; provided, however, that when the actual cost of any sewer shall be less than one dollar and sixty cents per lineal foot, then, and in that case, the assessment shall be for the actual cost of such sewer per lineal foot, one-half thereof to be chargeable against the property fronting or abutting thereon, on each side thereof. Whenever any lot which, as originally platted, fronts or abuts on any sewer, is subdivided, and the subdivisions thereof are owned by different persons, no subdivision of such lot, not fronting or abutting on such sewer, and not owned by the same person who owns the subdivision fronting or abutting on such sewer, shall be assessed for the cost of such sewer.

**Subdivisions, how
charged.**

**Notice of subdivi-
sions, duties of
board when given.**

SECTION 11. Whenever any lot or parcel of land, shall be subdivided by sale or any other contract, after the assessment of benefits accruing to it by a system of sewerage, shall have been made, and before such system shall have been fully carried out and extended to such lot—and the assessment on such work paid—any party interested may give notice to the board of such subdivision, and in such case, or when the said board shall in any other way become cognizant of the fact of such subdivision, they may make an equitable apportionment of the said benefit tax against any said lot, between the different parcels of it, but if, by neglect of the owners of the lot so subdivided, no such apportionment shall be made, then the entire lot shall be liable for the entire tax.

**Sewers in streets
and alley cross-
ing chargeable to
sewerage fund.**

SECTION 12. The cost of all sewers in street and alley crossings, and of all sewers, in excess of one dollar and sixty cents per lineal foot, chargeable to lots and lands, as provided in section ten of this chapter—of all catch basins for receiving the water from the gutters, and of the overflow pipes connecting them with the sewers—of all temporary catch basins—and of the repairing and cleaning of sewers—and all expenditures for temporary work necessary to carry out the system of sewerage herein provided, and all costs for constructing sewers, not pro-

vided for by special assessment, shall be paid out of the fund of the proper sewerage district; and all cleaning and repairing of sewers and catch basins, and all temporary work necessary to be done as above stated, shall be done by the authority of the board of public works, as may be necessary.

Cleaning and
repairing.

SECTION 13. The board of public works shall report to the common council, on or before the 15th day of December in each year, as accurately as may be, the amount of money required for sewerage purposes for the ensuing year, in each district, in addition to the special assessments made; and the common council are hereby authorized to direct the levy and collection of a tax for sewerage purposes in each district, for such amount as may be necessary, not, however, to exceed in any one year the sum of one and one-half mills on the dollar, on all the property, real and personal, subject to taxation within any such sewerage district; which tax, so levied, shall, when collected, be paid into the city treasury, and be placed in the fund of the sewerage district in which the same has been collected; and the city comptroller is hereby directed and required to keep a separate and distinct account with each sewerage district. The tax to be levied under the provisions of this section may be added on the tax roll to the general city tax assessed against such property.

Board to make

money required
for that year in
each district.

Sewerage tax, how
levied and col-
lected.

As amended by Section 34, Chapter 144, Laws of 1875, and further amended by Section 26, Chapter 324, Laws of 1882.

SECTION 14. Any person to whom a contract is awarded for the construction of a sewer, shall receive in payment certificates against the lots, parts of lots, or parcels of land, so as heretofore directed to be assessed, so far as the same will go in liquidation of the amount of such contract, and shall be entitled to receive city orders for the balance due, payable only out of the fund of the proper district; and it shall be the duty of the board of public works, after the completion of any contract, and acceptance of the work, to issue such certificates on the request of the person entitled to receive them; and where any sum is found to be due a contractor over and above the amount of certificates so to be issued and received in part payment, to certify the same to the common council, which may direct an order to be drawn on the

proper fund for the payment of the same. All certificates of special assessment for building sewers, shall be made by the board of public works, and signed by the board or the president thereof, and countersigned by the comptroller of the said city, and delivered by the said board of public works to the person entitled to receive the same, in the same manner as certificates of assessments for other work in the said city.

Certificates issued under this section are liens upon the lots, draw interest at the rate of twenty-five per cent. from the time of sale by the city treasurer on account of such certificate liens, and are transferable by endorsement.

Hoyt vs. Fass, 64 Wis., 273.

Where the construction of a sewer is duly authorized under a law requiring plan, specifications and estimate to be first filed before letting the contract, it is sufficient, to sustain a tax for the work, to leave in the proper office a plan, with specifications and estimate which are sufficiently accurate to enable persons of ordinary skill to bid intelligently thereon.

Houghton vs. Burnham, 22 Wis., 289.

Contracts to be ap-
proved by city
attorney and
by president of
board. •

SECTION 15. All contracts entered into by the board of public works under this chapter shall be approved as to form and execution by the city attorney, and before taking effect shall be signed by a majority of the board of public works, or by the president of said board, and countersigned by the comptroller, and all bonds taken by them shall be entered into in the name of, and shall be executed to the city of Milwaukee, and shall be approved by the board. All contracts entered into under this chapter, shall be expressly subject to the powers given to said board by chapter five of this act. And in case any work shall be suspended, in consequence of the default of any contractor, or in case the bids shall be deemed excessive, or the parties making proposals for any work shall not be deemed responsible or proper parties to be entrusted with its performance, or shall have failed to complete any contract within the meaning of section ten of said chapter five, the said board shall proceed as provided in said chapter.

In case of suspen-
sion or default.

As amended by Section 35, Chapter 144, Laws of 1875.

Grades of sewers.

SECTION 16. The grades of sewers to be constructed shall be fixed by the board of public works, with the approval of the common council, and the said board shall make or cause to be made a profile of such grades upon

the plans of the sewer to be constructed, giving a sufficient number of bench marks and their elevation, and such other data as may be necessary to make future surveys. And in all cases the work shall be subject to the superintendence and direction of the said board; and no contractor shall be entitled to recover compensation for any work executed by him, in any form of action, unless such work shall have been approved by the said board: provided, that the said board may from time to time, as the work progresses, at their discretion, grant to any contractor for a sewer an estimate of the amount and proportionate value of the work already done, withholding in all cases twenty-five per cent. of said estimate, which shall entitle the holder to receive the amount thereof, less such twenty-five per cent. from the public fund.

Work to be approved by board.

Board may grant estimates.

The powers granted to the board of public works and the common council by this section are *quasi* judicial, and the exercise of such powers by those bodies cannot be collaterally attacked.

Robinson vs. Milwaukee, 61 Wis., 585.

SECTION 17. Whenever the common council shall order the paving or repairing of any street in the city of Milwaukee, in which water and gas mains and sewers, or either of them, shall have been previously laid and constructed, they may also by resolution require the board of public works to cause water and gas service pipes and house drains to be first laid in such street, at the cost of the property fronting such street, from the main sewer and water and gas mains in such street, to the curb line on either side of the street, at intervals not less than twenty feet, along the whole length of such paved street, except at street and alley crossings; and the board of public works shall thereupon give notice to the owners or occupants of the property adjoining such paved street, by publication thereof for six days in the official papers, requiring them to do such work opposite their respective lots, according to a plan and specification to be before prepared and on file in the office of said board, showing the location and size, and the kind and quality of materials of such lateral sewers or drains, and water and gas service pipe; and if such owners or occupants shall refuse or neglect to do the same before the paving or repairing of said street so ordered, and within ten days after the publication of such notice, the said board may procure

Notice thereof to be given.

the same to be done, and charge and assess the expense thereof to the lots or parts of lots fronting upon such work in the manner provided in and by section nineteen of chapter seven of this act; and the same shall be levied and collected as other special assessments are levied and collected in said city; provided, no street shall be paved or repaved by order of the common council, unless the water and gas mains and service pipes, and necessary sewers and their connections shall, as required by the common council, be first laid and constructed in that portion of such street so to be paved or repaved.

No street to be paved until gas and water mains and sewer pipe be laid.

Contractors for paving a street will be enjoined from unnecessarily interfering with the operation of a street railway thereon, where the city has not attempted to exercise the power of stopping the running of the cars.

Mil. St. R'y. Co. vs. Adlam, 85 Wis., 142.

Board to see that all proper drains are made.

SECTION 18. It shall be the duty of the said board to see that proper drains or sewers are constructed from every lot in said city, which in their judgment requires it; and that such private drains or sewers are made to communicate with the public sewers in a proper manner; and they shall have power to require such number of private drains and sewers to be constructed as they may deem expedient.

The city is not liable for injuries to property of an owner of a private sewer, caused by the negligence of the board of public works in re-connecting such private sewer with the main sewer after the lowering of the latter, it not being an act within the line of any corporate duty.

Streiff vs. Milwaukee, 89 Wis., 218.

Board to have control, etc.

SECTION 19. The said board shall prescribe the location, arrangement, form, materials and construction of every drain and sewer, for every lot in the city emptying into the public sewers, and shall determine the manner and plan of the connection of the same; the work of construction shall be in all cases subject to the superintendence and control of said board, and shall be executed strictly in compliance with their orders; but the cost of such private sewers shall not be included in the estimate of the cost of the general plan of sewerage in any district, and shall be charged upon the lot or lots for the benefit of which such private sewers shall be constructed.

SECTION 20. The said board shall have at their office, ready for the examination of the parties interested, the specifications of any private drains or sewers so ordered to be constructed, and they shall give to the lot owners six days' notice, in the official papers, to construct the same, designating therein a reasonable time within which the work shall be completed; and in case any lot owner neglects to do the work required of him to be done, within the time specified in said notice, they shall advertise for proposals, and let the same by contract; and at the completion of the contract, shall give to the contractor a certificate or certificates against such lot or lots, which shall be proceeded with, and shall have the like effect as other certificates given for work chargeable to lots.

Specifications of private drains and sewers to be kept open for examination.

Certificates.

SECTION 21. Any person who has taken such contract from said board to construct a private drain or sewer from any lot, shall be authorized to enter upon such lots, and construct thereon such drain or sewer, and shall have free ingress and egress upon the same, with men and teams for that purpose, and to deposit all the necessary building materials, and generally to do and perform all things necessary to a complete execution of the work.

Contractor may enter premises, etc.

SECTION 22. No private drain shall be connected with any public sewer without the said board first issuing their order or permit for such connection; and there shall be paid for such order or permit, into the general fund of the sewerage district, by the owner of any lot from which a private drain is led into a public sewer, an amount to be fixed by said board, proportioned to the size of such private drain, but not less than two and a half, nor more than five dollars for every drain from any lot or parcel of a lot; and in case such amount is not paid, it shall be a lien upon such lot, and shall be collected as other taxes on real estate are collected; provided, that no charge shall be made for the order or permit herein referred to, when the connection for which it is used is made before the sewer is finished in front of the premises to be connected.

Permit to connect private with public sewers.

Fee therefor.

SECTION 23. No person shall break open or make connections with any public sewer, except by the consent and under the direction of the board of public works; and

Penalty for breaking or obstructing sewers.

any person who shall do so, or shall wilfully or maliciously obstruct, damage or injure any public or private sewer or drain in said city, or wilfully injure any of the materials employed or used in said city for the purposes of sewerage, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined not more than five hundred dollars, or imprisoned in the county jail not to exceed three months.

**Contractors to
restore streets
and alleys to
former condition.**

SECTION 24. Any contractor, or other person, acting under the direction of the board of public works, may lay sewers in and through any alleys and streets of said city, and through any breakwater into Lake Michigan, and also in any highways of Milwaukee county, whether within the limits of said city or not; provided, that it shall be the duty of such contractor to repair such streets, alleys, breakwaters, and highways, and to restore the same to their former condition, upon the completion of such sewers.

Chapter 322, laws of 1875, entitled "an act to authorize the improvement of certain streets in the third ward of the city of Milwaukee, and to authorize the levy of a special tax in said ward," is in the nature of an amendment to the city charter, and is a grant of corporate powers to the city. It is not a "special act for the assessment or collection of taxes" within the inhibition of Subd. 6, Sec. 31, Art. IV, of the Constitution of Wisconsin.

Such an act does not embrace "more than one subject," and the title is sufficient to express the subject.

Warner vs. Knox, 50 Wis., 429.

CHAPTER 88, LAWS OF 1891.

**Common council
may raise money
for sewerage
purposes in Bay
View sewerage
district.**

SECTION 1. The common council of the city of Milwaukee is hereby authorized to levy and raise by taxation upon all taxable property, real and personal, within the Bay View sewerage district of said city, in addition to the amount authorized to be raised for a sewerage fund in said district, and in addition to the amount of money authorized to be raised by taxation for all purposes within said district, now limited by law, for each of the years 1891, 1892 and 1893, a sum of money not exceeding one and one half mills on the dollar, in each of said years, upon all the taxable property within said district, for the purpose of continuing and completing the sewers contemplated by the plans for sewers in said Bay View sewerage district of said city, now on file in the office of the proper officers of said city of Milwaukee and for the purpose of constructing and continuing the construction of such sewers as shall or may be included in any amendments to or changes of the plans in said district during the years 1891, 1892 and 1893.

CHAPTER 89, LAWS OF 1891.

SECTION 1. The common council of the city of Milwaukee is hereby authorized to levy and raise by taxation upon all taxable property, real and personal, within the south sewerage district of said city in addition to the amount authorized to be raised for a sewerage fund in said district, and in addition to the amount of money authorized to be raised by taxation for all purposes within said district, now limited by law, for each of the years 1892 and 1893, a sum of money not exceeding one and one half mills on the dollar in each of said years, upon all the taxable property within said district, for the purpose of continuing and completing the sewers contemplated by the plans for sewers in said south sewerage district of said city, now on file in the office of the proper officers of said city of Milwaukee, and for the purpose of constructing and continuing the construction of such sewers as shall or may be included in any amendments to or change of the plans in said district during the years 1892 and 1893.

Common council may raise money for sewerage purposes in south sewerage district.

CHAPTER 224, LAWS OF 1893.

AN ACT to authorize the division of certain cities into sewer districts, and to provide means for perfecting the sewer systems therein by special taxation and by the issue of corporate bonds of such cities.

SECTION 1. The common council of any city operating under a special charter granted by the legislature of this state, and authorized by such charter to construct sewers, is hereby empowered to divide such city into sewer districts, and to levy a special tax of not more than one mill and a half of a mill on the dollar of the assessed value of the taxable property in any such sewer district, if in the opinion of such common council such special tax shall be needed for the extension or improvement of the sewer system for such district.

Common council may divide city into sewer districts.

SECTION 2. If in the opinion of such common council any such sewer district shall require an extraordinary outlay of money for the construction of outlets or pumping stations to perfect its sewer system, such common council is hereby authorized to provide by ordinance for issuing corporate bonds of such city payable within twenty years from the time of their issue in lawful money of the United States, bearing interest at a rate not exceeding five per cent. per annum.

Corporate bonds, when may be issued.

SECTION 3. The bonds authorized to be issued under the provisions of this act shall be executed in the manner prescribed by the charter of the city issuing the same, or if no provision for the execution of the same is contained in the charter of such city, then in the manner which may be prescribed by ordinance or resolution of the common council thereof. Such bonds shall be called sewer bonds and shall be consecutively numbered, and shall have interest coupons attached, and shall show on their face the district for the benefit of which they are issued.

Form of bonds.

SECTION 4. There shall be annually levied a direct tax upon all taxable property in the district for the benefit of which any

Direct tax, what to be levied.

sewer bonds are issued, to pay the annual interest thereon, and to raise a sinking fund each year of five per cent. on the principal of such bonds remaining unpaid and outstanding, for the payment of such principal as the same may become due.

Limit of indebtedness.

SECTION 5. No bonds shall be issued under the provisions of this act in excess of the limit fixed for indebtedness by the charter of the city issuing the same, or by the constitution of this state.

A statute granting certain powers to "any city operating under a special charter * * * and authorized by such charter to construct sewers," may be construed to apply to all cities whose special charters, *either expressly or by implication*, authorize them to construct sewers. Such cities, being authorized by their charters to repair and keep in order their streets, are "authorized by such charters to construct sewers," within the meaning of Ch. 224, laws of 1893, since the authority first mentioned carries with it the latter.

Johnson vs. Milwaukee, 88 Wis., 383.

CHAPTER IX.

HARBOR AND RIVERS.

Milwaukee harbor, what it includes.

SECTION 1. The harbor of Milwaukee shall include the Milwaukee river from lake Michigan to the dam across said river, in said city, and all those portions of the Kinnickinnick river, and of the Menomonee river, and the canals, water channels and slips laid out and established in the valley of said Menomonee river, under and in pursuance of chapter ninety-one of the local laws of 1869, which are in the limits of the city of Milwaukee, and also lake Michigan, to a distance of one mile from the shore along the east front of said city; and said rivers, and said canals, water channels and slips, are hereby declared to be public highways, and navigable from lake Michigan to said dam, and to the western and southern limits of said city.

It is not within the powers of a municipal corporation to engage in works of internal improvement, such as the construction of harbors, canals, railroads and the like without being specifically authorized by the legislature.

Hasbrouck vs. Milwaukee, 13 Wis., 42.

Soens vs. Racine, 10 Wis., 214.

Kinnickinnick a navigable river.

SECTION 2. Whenever the survey and plat of the Kinnickinnick river, describing the channel and dock lines of said river shall be made, adopted and established, recorded and filed, as provided by section twenty, chapter one hundred and twenty-nine of the laws of 1873, the

water channel of said river, as described and represented by such survey and plat, shall be deemed to be and is hereby declared to be a public navigable river, subject to all laws and regulations applicable to it as such.

SECTION 3. The common council of said city shall have power, by ordinance, to establish dock and wharf lines upon the banks of the Milwaukee, Menomonee and Kinnickinnick rivers, and the public canals in said city, wherever the same are not established by statute; to restrain and prevent encroachments upon said rivers and canals, and obstructions thereto; and to construct, alter and maintain, or cause to be constructed, altered and maintained, at the expense of the city, docks or wharves along the banks of said rivers and canals, where the same are not by law required to be constructed and maintained at the expense of the owners of the lots bounded on said rivers and canals respectively.

Dock and wharf
lines.

SECTION 4. The board of public works shall annually, in the month of April, appoint one or more harbor masters, subject to the approval of the common council. The duties and compensation of such harbor masters, shall be prescribed by the common council, by ordinance. Their term of office shall be one year, and until their successors are appointed and qualified; but they shall be subject to removal at any time by the board of public works, with the approval of the common council.

Harbor masters.

Term of office.

SECTION 5. The board of public works shall appoint, subject to the approval of the common council, all bridge tenders, whose number, duties and compensation, shall be fixed and determined by the common council. Any bridge tender may be removed at pleasure by the board of public works, or by the mayor.

Bridge tenders.

BRIDGES.

SECTION 6. Draw or swing bridges, with openings sufficient for the passage of vessels, shall be maintained and supported at the expense of the city, at the following places in said city, to-wit:

Location of draw
or swing bridges.

From Pleasant street, in the First ward, to Dock street, in the Sixth ward;

From Oneida street, in the Seventh ward, to Wells street, in the Fourth ward;

From Wisconsin street, in the Third and Seventh wards, to Grand avenue, in the Fourth ward;

From Michigan street, in the Third ward, to Sycamore street, in the Fourth ward;

From Huron street, in the Third ward, to Clybourn street, in the Fourth ward;

From East Water street, in the Third ward, to Ferry street in the Fifth ward;

ACROSS THE KINNICKINNIC RIVER.

On Clinton street, and on Kinnickinnic avenue, in the Twelfth ward; and

ACROSS THE BAYOU.

In the Sixth ward.

Buffalo street
bridge
approaches.

It shall be the duty of the common council to perfect, as soon as practicable, the arrangement now pending for the conveyance to the city of Milwaukee of a strip of land not less than sixty feet in width, extending from the west dock line of the Milwaukee river, to West Water street, in the Fourth ward, at the point located for the western approach of the bridge proposed to be constructed across said river, from Buffalo street, in said Third ward, to the Fourth ward; and as soon as such strip of land shall

be duly conveyed to said city, the common council shall proceed to construct and complete a draw or swing bridge, and to maintain the same, across said river, from said Buffalo street to the Fourth ward, as provided by chapter 129 of the laws of 1873.

As amended by Section 27, Chapter 324, Laws of 1882, and Section 1, Chapter 182, Laws of 1889.

SECTION 7. Stationary bridges shall also be maintained at the expense of the city, across the Milwaukee river, from Racine street, in the first ward, to Humboldt avenue, in the sixth ward, and on North street, from the first ward to the sixth ward; also across the Milwaukee and Rock River Canal, at the foot of Humboldt avenue, at the foot of Walnut street, and at the foot of Cherry street, and across the bayou, on Dock street, in the sixth ward; across Holton's canal, on Canal street, in the Fourth and Eighth wards; in the valley of the Menomonee river on the Muskego road, in the Eighth ward; across the Kinnickinnic river, at the intersection of Clinton street and Lincoln avenue; and across the old channel of the Menomonee river, at Canal street, in the Fourth and Eighth wards.

Stationary bridges.

As amended by Section 27, Chapter 324, Laws of 1882.

In an action against the city for damages in failing to maintain and repair a bridge which, by its charter, the city is required to maintain, the complaint must show that the city has sufficient funds on hand to do the work, which are lawfully applicable thereto, and must also show that there has been an unreasonable delay in doing the work. Such delay will not be presumed from an averment that the city has neglected "for the space of about one year" to repair the bridge.

Orth vs. Milwaukee, 59 Wis., 336.

SECTION 8. The common council of said city shall have the power to construct swinging or stationary bridges across any of the rivers or canals in the city, in addition to those mentioned and provided for in section seven of this chapter, whenever in their judgment public convenience may require the same; provided, that the same shall be so constructed as not unnecessarily to impede the navigation of the river or canal over which the same may be constructed; and provided, further, that the act, resolution or ordinance for the construction of any such bridge, shall require for its passage or adoption a vote of

Other swing bridges may be constructed by a two-thirds vote.

two-thirds of all the members elect of the common council, and shall have no force or validity without such two-thirds vote.

As amended by Section 36, Chapter 144, Laws of 1875.

**Board to advertise
for plans.**

SECTION 9. Whenever the common council shall, by ordinance or resolution, order the construction of any bridge, the board of public works shall have power to advertise for plans, with bids thereon, allowing each and every contractor to present his own plan and bid; also to prepare or procure plans, and to advertise for bids thereon; and the authority is hereby extended to the board of public works to select therefrom such bid and plan as shall seem to them to be the best for the interest of the city, and to report the same, together with all other plans and bids for such bridge, to said council, with their reasons for their choice; and the said council may approve said selection, and order contracts to be entered into accordingly, or may disapprove of the same, and by a vote of two-thirds of the council in favor thereof may select any other of the plans and bids so reported, and direct the board of public works to enter into contract on the same; provided, that no contract shall be entered into under this section without the authority of the council, expressed by ordinance or resolution.

**Council to select
and approve
plans.**

**Preservation of
bridges.**

SECTION 10. The general laws for the preservation of bridges, and the punishment by such laws provided for willful and malicious injuries done thereto, are hereby extended to and shall include all of said bridges, and shall apply to any willful or malicious damage which may be done to either of them, by any person or persons whomsoever; and the common council may from time to time make such by-laws or ordinances as they may deem necessary for the preservation of such bridges, and enforce the same by adequate penalties. In case of any damage being done to any of said bridges, by any vessel or water-craft or by the master, or any person in command thereof, such vessel or water-craft may be proceeded against under the law to provide for the collection of demands against boats and vessels.

**Prosecution for
damages thereto.**

CHAPTER 285, LAWS OF 1893.

AN ACT to repeal all acts heretofore passed prohibiting the erection of bridges by cities.

SECTION 1. All those parts of the different city charters of this state, heretofore passed, prohibiting any city from erecting bridges over waters in whole or in part in this state, are hereby repealed.

Cities may build bridges.

CHAPTER X.

WATER WORKS.

SECTION 1. From and after the first day in January, A. D. 1875, or whenever, before that time, the board of water commissioners of said city shall, by resolution, surrender the water works and property now in their charge to the city, and the common council shall consent to accept the same, all the powers, duties and functions of the board of water commissioners of the city of Milwaukee, and of the engineer and assistants, the treasurer and secretary, and all other officers, agents, employes and servants, appointed and employed by said board, shall cease and determine; and said board and its officers, agents, employes and servants, shall on that day, or at the time of such surrender and acceptance, deliver the possession of the water works, and of all property pertaining thereto, and of all their records, contracts, transactions, reports, accounts, surveys, maps, plats, estimates, profiles, plans and documents, of whatsoever nature, to the board of public works, who shall thereupon assume and have the exclusive charge and superintendence, subject to the direction of the common council, of the water works of said city; provided, that the common council may by resolution extend the time herein limited, to such later date as to them may seem best, and the powers, duties and functions of said water commissioners, and of their appointees and employes, shall continue till the expiration of the time so extended.

Surrender of water works to city.

Delivery of property pertaining thereto.

Time may be extended.

SECTION 2. It shall be the duty of said board of public works to examine and consider all matters relative to supplying the city of Milwaukee with a sufficient quantity of pure and wholesome water to be taken from lake Michigan, for the use of its inhabitants.

Water matters.

SECTION 3. The said board shall have power to construct jets and fire hydrants for public use, and

fountains at such places in the said city as the said board with the approval of the common council, shall determine, and also to lay water pipes in and through all the alleys, streets and public grounds in the said city; and generally to do all such work as may be found necessary or convenient, from time to time, for the purposes of this chapter.

See *Gilman vs. Milwaukee*, 61 Wis., 588.

May enter on premises for surveys and examinations.

SECTION 4. The said board shall have power, by themselves, their officers, agents and servants, to enter upon any land or water in the said city for the purpose of making examinations or surveys in the performance of their duties under this chapter, without liability therefor; and said board shall have power with the approval of the common council, to purchase and acquire for the said city all real and personal property which may be necessary for the construction of the works hereby provided for.

Taking of real estate for use of water works.

SECTION 5. Whenever any real estate or any easement therein or use thereof, shall, in the judgment of said board, be necessary for the construction of the said works, and for any cause an agreement for the purchase thereof cannot be made with the owner thereof, they shall report the same to the common council, and thereupon the said common council shall proceed to take such real estate, easement or use, as provided in chapter six of this act in the case of taking lands for public squares, grounds, streets and alleys, except that no petition or bond shall be necessary; but all the other provisions of the said chapter six shall apply to the taking of such real estate, easement or use, for the construction of such works, so far as the same may be applicable.

Water works property of city.

SECTION 6. All property, real, personal and mixed, acquired for the construction of said water works,—and all plans, specifications, diagrams, papers, books and records connected therewith,—and the said water works and all buildings, machinery and fixtures appertaining thereto, shall be the property of the said city of Milwaukee.

Water fund.

SECTION 7. There is hereby created for the said city a separate fund, to be called the water fund. There shall belong to such fund all bonds and proceeds thereof, authorized by law to be issued for the construction of

the said water works, all proceeds of all taxes levied for the construction of the said water works, all water rates assessed and collected for water proceeding from such water works, and all other proceeds, revenue and income of said water works,—and all other moneys and property in any way derived by the said city in aid of the said water works, or appropriated by the said common council toward the same; and the said fund is hereby exclusively devoted and appropriated to the construction and maintenance of the said water works—and to the payment of said water bonds, until the said works shall be wholly completed and the said bonds wholly paid. Said water fund shall be kept in the city treasury in the custody of the city treasurer, and shall be disbursed by him on vouchers drawn for the same in the manner provided in this act; and said city treasurer and the sureties on his official bond shall be liable for the safe keeping and disbursement thereof. It shall be the duty of the treasurer of said board of water commissioners to submit his account of the water funds in his hands on the first day of January, 1875, or at such time as the water works shall be surrendered, as provided in section one of this chapter, and to settle and adjust such accounts with the city comptroller, and to pay over any balance remaining in his hands on that day to the city treasurer, to the credit of the water fund.

How kept.

Special report.

SECTION 8. It shall be the duty of the said board of public works to report to the common council once in three months, all their doings under this chapter, and the state of the said water fund and the general condition of the said water works; and such reports, after being submitted to the common council, shall be filed in the office of the comptroller of the said city.

Quarterly reports.

SECTION 9. It shall be the duty of the comptroller of said city to keep separate accounts of all the funds, receipts, and payments on account of said water works, and a separate record of all the contracts made by the said board touching said water works, and of the estimates of the cost of such contracts, and generally to keep separate books for the said water fund and water works, as he is or may be by law required to keep of other property, funds and interests of the said city.

Separate account.

10

Control of water
works.

SECTION 10. The said water works, and all the grounds, buildings, fixtures, machinery and other things appertaining thereto, shall be under the control of the said board, who shall have the power to regulate and control and have a general supervision over the same, subject to the authority of the said common council.

The authority of the board of public works to regulate, control and supervise the water works and appurtenances is subject to the authority of the common council.

Gilman vs. Milwaukee, 61 Wis., 588.

Water rules and
regulations.

SECTION 11. The said board shall have power, from time to time, to make and enforce by-laws, rules and regulations, in relation to the said water works, and, before the actual introduction of water, they shall make by-laws, rules and regulations, fixing uniform water rates to be paid for the use of water furnished by the said water works, and fixing the manner of distributing and supplying water for use or consumption, and for withholding or shutting off the same for cause, and they shall have power, from time to time, to alter, modify, or repeal such by-laws, rules and regulations; provided, however, that no such by-law, rule or regulation, and no alteration, modification or repeal thereof, shall have any force until submitted to and approved by the said common council.

To be approved by
council.

Collection of water
rates.

SECTION 12. All regular water-rates shall be due and payable on the first days of May and November in each year semi-annually in advance, and metered and measured water-rates shall be due and payable on the first days of January, April, July and October in each year, for the three months preceding such days. To all water-rates remaining unpaid on the twenty-first day of the month in which they become due, the water registrar shall add a penalty of five per cent. of the amount of such rates, and if such rates shall remain unpaid for ten days thereafter, he shall forthwith report the same to the city engineer who shall cause the water to be shut off the premises so reported, subject to the payment of such delinquent rates, and in all cases where the supply of water shall be shut off as above provided, the said city engineer shall not cause the water to be again turned on to said premises until the said water registrar shall duly certify to him, that all delinquent rates and penalties,

and the sum of two dollars as expenses for turning the water off and on, shall have been paid. Whenever two or more dwellings or tenements or buildings are connected with a street main by one pipe only, the owner or owners of such premises shall provide a separate cut-off for each of said dwellings, tenements or buildings in such locality as the board of public works shall deem most efficient and expedient, and all such cut-offs shall be conveniently accessible to and shall be controlled exclusively by the proper officer of the water department. Said water registrar shall, on or before each day when such rates become due and payable as aforesaid, cause a written or printed notice to be mailed or personally delivered to the owner or occupant of all premises subject to the payment of water-rates, directed to the place where such water is consumed, stating the amount due, the time when and the place where such rates can be paid, and the penalty of neglect of payment. All water-rates for water furnished to any building or premises shall be a lien on the lot, part of lot, or parcel of land on which such building or premises shall be situated. If any water-rates or fractional parts thereof remain unpaid on the first day of October in any year, the same shall be certified by said water registrar to the city comptroller on or before the first day of November next following, and shall be by him placed upon the tax roll and collected in the same manner as other taxes on real estate are collected in said city. The charge of water supplied by the city in all premises where meters are or shall be attached and connected, shall be at rates fixed by the board of public works with the approval of the common council; if in any case the water registrar shall determine that the quantity indicated by the meter is materially incorrect, then in such case the said water registrar in conjunction with the board of public works, shall determine in the best manner in their power the quantity used, and such determination shall be conclusive; no water-rate or rates duly assessed by said water registrar against any property shall be thereafter remitted or changed except by the common council of said city.

Shall be a lien on
property.

As amended by Section 2, Chapter 258, Laws of 1889; also amended by Section 6, Chapter 311, Laws of 1876, and Section 29, Chapter 324, Laws of 1882.

10

Penalty for polluting water or injuring work, or pipes.

SECTION 13. Any person, who shall wilfully pollute or otherwise injure any water supplied by the said water works, in any tunnel, aqueduct, reservoir, pipe or other thing, or shall wilfully injure the said water works, or any building, machinery or fixtures appertaining thereto, or shall wilfully, and without authority of the said board, impede or derange the flow of water in any tunnel, aqueduct, pipe or other thing belonging to the said water works, or shall wilfully and without authority of the said board, bore or otherwise cause to leak, any tunnel, aqueduct, reservoir, pipe or other thing used in the said water works for holding, conveying or distributing water, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not exceeding one thousand dollars; or by imprisonment for a term not exceeding two years, or by both such fine and imprisonment, in the discretion of the court.

Protective ordinances.

SECTION 14. It shall be the duty of the said common council, and they are hereby empowered, from time to time, to pass such ordinances as may be deemed necessary or expedient to protect said water works and the use thereof, and to enforce the by-laws, rules and regulations of the said board of public works.

Assessment of benefits for laying water pipe.

SECTION 15. The board of public works for the city of Milwaukee, before laying water pipe along a street, alley, or other line in said city, shall assess against the several lots, parts of lots or parcels of land which may front or abut on the proposed line of water pipe, or which may be contiguous to and used in connection with any lot or parcel of land so fronting and abutting, the amounts which the said several lots, parts of lots or parcels of land may, in the judgment of the said board, be specially benefited by reason of laying such water pipe, not to exceed, however, the amount prescribed in the next section; provided, that no lot, parcel of land or part thereof, shall be subjected to the payment of more than one assessment for water pipe laid in the same street or alley.

As amended by Section 30, Chapter 324, Laws of 1882, and Section 58, Chapter 324, Laws of 1882, which repealed Section 1, Chapter 268, Laws of 1880.

See *Gilman vs. Milwaukee*, 61 Wis., 588.

SECTION 16. A regular lot (not corner) which may front or abut on the line of water pipe, shall be assessed an amount equal to one-half of the cost, as estimated by the said board of public works, of furnishing and laying a regular minor water pipe of approved materials and manufacture, with the required openings for connections with private service water pipe along the front of such lot, such minor pipe to be not less than four nor more than six inches in diameter, as the said board may determine. Every irregular lot, part of lot, or other parcel of land fronting or abutting on such line of water pipe, and likewise any parcel of land, or lot, which shall be contiguous to any parcel of land, or lot, or part of lot so fronting or abutting, and which in the judgment of the said board is or may be most advantageously used in connection therewith, shall be assessed for such water pipe the amount which, in the judgment of said board, shall be as nearly as may be in just proportion to the amount assessed for regular lots as compared with the special benefits derived by each from the laying of the said water pipe.

Assessment for
minor water pipe.

Irregular lots.

As amended by Section 31, Chapter 324, Laws of 1882, and Section 58, Chapter 324, Laws of 1882, which repealed Section 2, Chapter 268, Laws of 1880.

It is not a voluntary payment where one pays the entire cost of laying water pipe, not knowing what the actual cost was, but acting under the belief induced by fraudulent representations of city officers that she was being charged only half cost.

SECTION 17. Every corner lot, and every lot, part of lot or parcel of land, which may front or abut on more than one street on which a line of water pipe shall be proposed to be laid, shall be assessed for every such line of water pipe; but the aggregate of the assessment therefor on any such lot or parcel of land, shall be as nearly as may be in just proportion to the amount assessed for regular lots, as compared with the special benefits derived by them respectively, from the laying of such water pipe; and in making such assessment, the said board shall take into consideration the situation of such lot or parcel of land, with respect to its different fronts and all subdivisions thereof by sale, contract, use or occupation in severalty and may assess subdivisions separately; and may also assess any subdivision of

such lot or parcel of land in connection with any other part of such lot or other lot or land contiguous thereto and most advantageously used in connection therewith.

As amended by Section 32, Chapter 324, Laws of 1882, and Section 58, Chapter 324, Laws of 1882, which repealed Section 3, Chapter 268, Laws of 1880.

Apportionment to such subdivision.

SECTION 18. Whenever any lot or parcel of land shall be subdivided by sale or contract, or by use or occupation in severalty, whether such subdivision shall occur before or after the assessment of special benefits as herein provided, the said board of public works may, after ascertaining such fact, at any time before the sale of such lot for the non-payment of the assessment, make an equitable apportionment of the benefit tax against such lot or parcel of land, among the different subdivisions thereof.

Report of such assessment to be filed, and published.

SECTION 19. The said board of public works shall file reports of such assessments with the comptroller, who shall record the same in a book to be kept for that purpose, and give notice thereof to the parties interested, by publishing the same for three successive days in the official papers. Any person feeling himself aggrieved by the report of said board, may, within twenty days after the completion of the publication of notice by the comptroller, appeal from such report to the circuit court of Milwaukee county. Such appeal shall be entered and conducted in like manner, and like security for costs shall be required as provided, by law in cases of appeals from the decision of the common council of said city to said court, on the returns of assessments of benefits for street improvements. In the making and signing of all reports or returns, under this chapter, by the said board of public works to the comptroller or any other officer of said city, the official signatures of the president and secretary of said board shall be sufficient.

Appeals, how taken and conducted.

The remedy by appeal within twenty days is not exclusive, so as to prevent recovery by action, of the excess paid in ignorance of facts through fraudulent misrepresentations of municipal officers.

Harrison vs. Milwaukee, 49 Wis., 247.

Comptroller shall keep record of assessments.

SECTION 20. The said board of public works shall, from time to time, make reports to the comptroller of all work done, for which assessments shall have been made,

as hereinbefore provided, and the comptroller shall file such reports, and enter the same in his book of records of assessments; and of all assessments for work so reported to have been done, the comptroller shall, if possible, make certified returns to the city clerk, in time to have the same included in the tax levy for the current year; and the same shall be entered on the tax roll in a separate column, under the head of "water pipe assessments;" and the same shall be collected, and the payment thereof shall be enforced by sale, deed, and other proceedings, in like manner as is now provided by law in cases of assessments for street improvements. No certificates shall be issued by the comptroller for such assessments, but all such assessments, and the proceeds thereof, when collected, shall belong to the fund for the construction of water works, and shall be credited to said fund on the books of the comptroller and treasurer of said city.

To be entered on tax roll as "water pipe assessments."

SECTION 21. On the third Tuesday of April, 1890, and every three years thereafter, the mayor of the city of Milwaukee shall appoint, subject to the confirmation of the common council, a proper person to be the water registrar of said city, who shall hold his office for three years and until his successor is appointed and has qualified. Said water registrar shall receive an annual salary of twenty-five hundred dollars from the time he enters upon his duties. Said water registrar shall have authority to collect and receive all water-rates in said department, and shall have charge of all books and papers relating to the assessment and collection of water-rates, and shall cause the water-rates to be duly assessed and listed, and shall also keep proper books of account of the business of his said office and shall account to and pay over to the city treasurer of said city daily, all moneys which may come into his hands by virtue of the provisions of law relating to said office. Said water registrar shall appoint, subject to the confirmation of the common council, all subordinate officers in his said department, and he may require such subordinate officers to give reasonable bonds for the faithful discharge of their official duties. Said water registrar shall before entering upon his official duties prescribed in this act, take the oath of office required of other city officers by the charter of said city, and shall also execute a bond to the city of

Water registrar, duties and powers.

The water registrar shall file with said comptroller on the first day of May and November in each year, a report containing a statement of the amount of assessments for the succeeding six months, stating the amount of each and every bill issued by him, also a statement of the amounts received by him for regular water-rates in each ward during the six months preceding said days, and of any and all changes made in the assessment for said period, and of all amount of regular water-rates uncollected during such period; also a separate statement of all the metered and measured water-rates collected by him during the preceding six months, and of the amounts of water-rates remaining uncollected at such time, and of all penalties and other moneys that may have been received by him. He shall also on the first day of each month furnish to the city engineer a statement of the amount of money received by him during the preceding month. The present collector of water-rates of said city of Milwaukee shall, from and after the passage and publication of this act, exercise and hold the office of water-registrar of the water department of said city under the provisions of this act, and receive the compensation hereinbefore provided, until his successor shall be appointed and have qualified as provided in this section.

It shall be lawful for the board of public works of the city of Milwaukee, subject to the approval of the common council of said city, to issue a permit to the county of Milwaukee, national home for disabled soldiers, or any other party, to obtain water from the water works in the said city for use outside of the limits of said city; and for that purpose to connect any pipe that shall be laid outside of the city limits with any water pipe in said city: provided, however, that no such permit shall be issued until the party making application therefor shall first file with the board of public works a bond in such sum and with such surety as the said board shall

approve, conditioned that the said party will obey all rules and regulations that may from time to time be prescribed by the board of public works for the use of such water, that he will pay all charges fixed by said board for the use of such water as measured by a meter to be approved by said board, which charges shall not be less than one-quarter more than that charged to the inhabitants of the city for like use of water; and further, that he will pay the city of Milwaukee all damages whatever that it may sustain, arising in any way out of the manner in which such connection is made or water supplied is used. In case of granting a permit to the county of Milwaukee or to the national home for disabled soldiers, the board of public works may waive the giving of such a bond. Every such permit shall be issued upon the understanding that the city of Milwaukee shall in no event ever be liable for any damage in case of failure to supply water; and it shall be lawful for the said board of public works, at any time to cancel such permit, to cut off the supply of water and break such connection when in their judgment the interests of the city shall require; and in case the party to whom such permit shall have been granted, shall refuse or neglect to obey the rules and regulations prescribed by said board for the use of such water, or in case the common council of the said city shall so direct, it shall be the duty of the said board to do so.

As enacted by Chapter 54, Laws of 1887, approved March 16, 1887.

SECTION 22. The board of public works, with the approval of the common council, may require the attaching and connecting of water-meters to all service pipes supplying water from the city water works to hydraulic elevators or to manufactories and other places of business where water is used for manufacturing or other purposes, and the board, with the approval of the common council, may prescribe and regulate the kind of water meters to be used in said city and the manner of attaching and connecting the same, and may in like manner make such other rules for the use and control of water meters attached and connected as herein provided as shall be necessary to secure reliable and just measurement of the quality of water used for any such elevator or manufactory or other business place; and may alter and amend such rules from time to time, as shall

be necessary for the purpose named; provided, that all such rules and all amendments and alterations thereof, shall be approved by the common council before the same shall have effect. If the owner or occupant of any premises, where the attaching and connection of a water meter may lawfully be required, shall neglect or fail to attach and connect such water meter, as is required according to the rules of the board, for thirty days after the expiration of the time in which such owner or occupant shall have been notified by said board to attach and connect such meter, said board may cause the water supply by the city to be cut off from the premises, and it shall not be restored except upon such terms and conditions as the board, with the approval of the common council, shall prescribe. The charge for water supplied by the city in all premises where meters are or shall be attached and connected shall be at rates fixed by the board with the approval of the council, and for the quantity indicated by the meter, unless in any case the board shall determine that the quantity indicated by the meter is materially incorrect, and in such case the board shall determine in the best way in their power the quantity used, and such determination shall be conclusive.

As enacted by Chapter 463, Laws of 1887, approved April 13th, 1887.

May make rules
and regulations
for ventilating
and trapping
drains, etc.

The board of public works, with the approval of the common council, may also make rules to regulate the use of vent, soil, drain, sewer and water pipes in all buildings in said city, which hereafter shall be proposed to be connected with the city water supply or sewerage, specifying the dimensions, strength and material of which the same shall be made, and which may prohibit the introduction into any building of any style of water fixture, trap or connection, the use of which shall have

been determined to be dangerous to health or for any reason unfit to be used, and the board shall require a rigid inspection by a skilled and competent inspector under the direction of the board, of all plumbing and draining work, and water and sewer connections hereafter done or made in any building in the city, and unless the same are done or made, and made according to the rules of the board and approved by the board, no connection of the premises with the city sewerage or water supply shall be allowed.

As enacted by Chapter 463, Laws of 1887.

such city and having a contract with such city for public service, or purchase or lease the interest of such corporation in such works, or obtain the control of such works by purchasing the stock of such corporation and keeping up its organization, and in any such case such council, by majority vote, may provide for the payment for such purchase by the issuance of bonds or otherwise in such manner as the common council of such city may deem for its best interests, not contravening, however, the provisions of the constitution in respect to municipal indebtedness; and in such case such city shall provide, by appropriate ordinances for a non-partisan management of such works, and to that end, may create a board of commissioners, to be non-partisan and elected by the common council, fix the term of office of the members thereof, and invest such board with appropriate powers. Provided the authority hereby granted shall extend only to the purchase or lease of water works or lighting works already erected and established and in operation and only to cities in which there exists one such system for such purpose or purposes.

SECTION 2. All acts and parts of acts so far as they conflict with the provisions of this act, are hereby repealed.

Each of the present commissioners of the public debt of said city shall continue to hold his office until the expiration of the term for which he was appointed, and until his successor is appointed and qualified. The mayor shall, within one month after the expiration of the term of any commissioner, appoint his successor, and within one month after any vacancy shall occur by death, resignation, or otherwise, shall appoint some person to fill the vacant office for the unexpired term, all such appointments being subject to the approval of the common council.

troller, and that officer shall be ex-officio the secretary of the commissioners and shall preserve a full record of all their proceedings.

Duties of commissioners.

SECTION 3. It shall be the duty of the commissioners of the public debt to superintend the execution, issue, and use of all bonds issued or to be issued by the city, and the levy, collection and disbursement of the taxes provided for by law for the interest upon such bonds and for the sinking fund for the payment of the principal thereof, and to perform such other services and duties in respect to the same as are or may be prescribed by law.

All city bonds hereafter issued to be attested by commissioners of public debt.

SECTION 4. All bonds hereafter issued by said city shall be numbered consecutively in such manner as the common council may by ordinance prescribe, shall be signed by the mayor and clerk, sealed with the corporate seal, countersigned by the comptroller, and attested by the commissioners of the public debt of the said city, and each and every bond issued shall show on its face for what purpose, and by authority of what law it was issued, and shall have plainly engraved or printed in figures, on some convenient place thereon, a statement of the several amounts of the assessed value of the taxable property in the city of Milwaukee, for the five several years next preceding the issue of such bonds, and also of the principal sum of the bonded debt of the said city of Milwaukee, issued and yet outstanding—exclusive of the bonds heretofore issued by the said city to railroad companies—specifying severally the amount of each issue of such bonds, including the issue of which the bonds bearing such statement shall be a part.

Face of bonds shall show, etc.

Account of city bonds to be kept.

SECTION 5. An accurate account shall be kept by the comptroller, or by such other officer as may be appointed by law for that purpose, of the issue of all the bonds by the said city, of their numbers, dates and amounts, of the dates of payment of interest and principal thereon, and of the particular purpose for which each bond is issued. All bonds issued by the said city shall be negotiated and disposed of by the said commissioners of the public debt, and such bonds, and the proceeds thereof, shall be used solely and only for the purposes defined in the law authorizing their issue, and in amount shall not exceed the limits fixed by law for the respective purposes

so defined. The commissioners of the public debt shall from time to time, or when requested by the common council, report to the common council of the said city the sale or other disposition of any city bonds issued by said city.

Commissioners of public debt shall negotiate all city bonds.

SECTION 6. The principal of the aggregate funded debt of the city of Milwaukee, exclusive of bonds heretofore issued to railroad companies, and bonds which may be issued in settlement and liquidation thereof, shall never exceed a sum equal to five per centum on the amount of the assessed value of the taxable property in the said city, which value shall be ascertained and determined by the average annual amount of the assessment rolls thereof for the next preceding five years, and all bonds hereafter issued by said city shall contain a covenant to that effect, and all bonds, notes or other evidences of debt, payable at a future day, which shall be issued by the said city contrary to this section, and in excess of the limitation herein prescribed, either with or without statutory authority, shall be void; provided, that the foregoing limitation shall not apply to or include orders drawn upon the city treasurer, payable out of the revenues of the current year, nor to the certificates or scrip issued or authorized to be issued by said city, by and under section three of chapter two hundred and fifty-one of the laws of 1873, for the settlement and payment of its bonds, heretofore issued to certain railroad companies; and provided, further, that the common council may, as provided in chapter seventeen of this act, borrow money to be paid out of the revenues of the current year. If in any case, the city, or any city officer shall hereafter threaten or attempt to issue any such bonds, notes, or other evidences of debt, in contravention of the provisions of this section, they shall be restrained by injunction from so doing, upon the application of any holder of bonds of the said city, or of any citizen who shall have paid city taxes in said city for two years then next preceding.

Bonds void when limit exceeded.

City orders and scrip excepted.

Officers may be restrained from issuing excess.

Where bonds for \$100,000 are authorized to be issued, the proceeds to be used in constructing a harbor, a contract providing for a greater expenditure is void as to the excess; and subsequent ratification of such contract by the legislature, without the assent of the corporation, will not make the contract valid.

Relating to taxes.

SECTION 7. A tax upon all of the taxable property, real and personal, in the said city shall be annually levied and collected, at the same time, and in the same manner as other taxes are levied and collected in said city, sufficient in amount for the following purposes, to-wit: to pay the interest and provide for the sinking fund upon the bonds and scrip authorized by and issued under sections 1 and 3 of an act entitled "an act to enable the city of Milwaukee to readjust its corporate debts," approved March 19, 1861, as stipulated and provided in and by section 4 of the same act. Also to pay the annual interest, and to provide the sinking fund upon all bonds of the said city, issued or to be issued to provide means for the construction of water works for said city, or for other purposes, under and in accordance with the provisions of chapter 406 of the private and local laws of 1871, entitled "an act authorizing the city of Milwaukee to issue bonds," approved March 23, 1871, and the several acts amendatory thereof, as specially stipulated and provided in and by section 11 of said chapter 406. Also to pay the interest on all other bonds of said city, issued, or that may be issued under legal authority, and outstanding according to the terms thereof, and to provide a sinking fund equal to not less than five per centum each year of the principal of such bonds actually issued for the payment of such principal; provided, that this section shall not include or apply to any bonds heretofore issued by said city to any railroad company or companies. The common council shall, on or before the first day of October in each year, determine by resolution the amount of the net revenue or income of the said water works, over and above the expenses thereof, which shall be appropriated and applied to the payment of interest on the said water bonds or to the sinking fund for the payment of the principal thereof, and the amount of such net revenue or income so appropriated in and for any year to the fund for the payment of such interest, or to such sinking fund, may be deducted from the amount of tax to be levied in that year for the payment of the principal or interest of such water bonds.

As amended by Section 34, Chapter 324, Laws of 1882.

SECTION 8. The commissioners of the public debt shall, at least ten days before the levy of general city

taxes in each year, certify to the common council the amounts necessary to be levied that year for the interest and sinking funds, on bonds and scrip of the said city. It shall be the duty of the common council to levy the tax for interest and sinking funds in this act provided for, to the amount so certified by the said commissioners, at the same time in each year that the common council levy the tax for general city purposes; and if they refuse or neglect so to levy in any case for five days after the levy of the tax for general city purposes, the commissioners of the public debt shall levy the same, and certify the amount thereof forthwith to the city clerk; and if the commissioners of the public debt should likewise fail to levy such tax for interest and sinking funds within ten days after the levy of the general city taxes in any year, then the judge of any court of record in Milwaukee county, either in term time or vacation, either in open court or at chambers, may, upon summary application of any holder or holders of bonds of the said city, other than bonds heretofore issued to any railroad company, to the amount of ten thousand dollars or more, by order, levy such tax to such amount as he shall deem necessary, and certify the amount thereof to the city clerk, who shall in all cases cause such tax, however levied, to be extended upon the tax roll in like manner as other taxes levied by the common council, but in a separate column, suitably marked, to distinguish the same. And it shall be the duty of the city treasurer, or other collector of taxes, to proceed to collect and enforce such tax in the same manner as other general city taxes are collected and enforced by law. In fixing the amount of the treasurer's bond, at the beginning of his term of office, the fact that he has to collect this tax for interest and sinking funds shall be taken into consideration.

Commissioners of public debt shall annually certify amount necessary to raise tax, and council shall order it levied.

In default, judge of any court of record may order tax levied.

To be enforced and collected as other taxes.

SECTION 9. Money only shall be received by the treasurer or other collecting officer in payment of said tax for interest and sinking funds, and the same shall be kept in and disbursed from the treasury strictly as a separate and distinct fund, not subject to the order of the common council, and shall be paid out only upon orders signed by the mayor, countersigned by the comptroller and approved in writing by a majority of the commissioners of the public debt and specifying the purpose for which they are drawn; and such money shall be

drawn out only for the purpose of paying interest on the bonds and scrip provided for by section seven of this chapter, and for retiring such bonds and scrip in the manner hereinafter provided.

City shall
purchase.

SECTION 10. If upon the sale of any property for delinquent taxes the city shall become the purchaser, it shall appropriate and add to the fund raised for interest and sinking funds, a sum equal to the amount of such delinquent tax which was levied for interest and sinking funds out of the first moneys which shall be in or come into the treasury from any source whatever.

City treasurer to
report condition
of interest and
sinking funds.

SECTION 11. The city treasurer shall every year, immediately after the sale of land for delinquent taxes, and whenever else he shall be thereto requested by the commissioners of the public debt, in addition to any other report which he shall be required by law to make, report to said commissioners the condition of the interest and sinking funds, embracing a statement of all sums collected and held or disbursed by him for those funds, and no settlement by the treasurer with the common council as to those funds shall be of any validity unless confirmed by said commissioners.

Commissioners of
public debt to
advertise for pro-
posals for retire-
ment and cancel-
lation of scrip or
bonds.

SECTION 12. Once in each year, immediately after the coming of the report mentioned in the last section, the commissioners of the public debt shall cause notice to be given by the comptroller, or otherwise by publication in one daily newspaper printed in the city of New York, and one daily newspaper printed in the city of Milwaukee, each of general circulation, for twenty days at least, of the time and place of receiving bids or proposals from bondholders or scripholders to surrender their bonds or scrip for cancellation on payment out of the sinking fund applicable thereto, the manner of directing such proposals, and such other things as the commissioners shall direct to be inserted in such notice. The proposals received shall be opened by the commissioners of the public debt, in the presence of the mayor and such other persons as shall choose to attend; and the lowest rates offered, provided the same be at or below par, shall be accepted to the extent of the fund on hand to pay the same at those rates; and the bonds or scrip so offered at the lowest rates, shall be paid at those rates on being surrendered for cancellation. When the funds shall

not be sufficient to pay all the bonds and scrip which are offered at equal rates and lower than all others, the commissioners shall select at once, and publicly, as aforesaid, among such bonds and scrip, by lot, so many as they shall have the means to pay. In case any parties, whose proposals shall be accepted, shall not, within such reasonable time as the commissioners, with the approval of the mayor, shall fix, surrender their bonds or scrip, the commissioners may, with the approval in writing of the mayor, accept the next best proposal, provided they are below par, or they may advertise and proceed throughout anew, in the manner provided in this section, and so in like manner again and again, as often as the last named contingency shall arise. All bids or proposals by bondholders or scripholders, under this section, shall particularly specify the numbers of the bonds or scrip so proposed to be retired, and shall be accompanied by a certificate in each case, of the president or cashier of some reputable bank, or some person, in either case to be approved by the commissioners of the public debt, to the effect that the bonds or scrip specified in such bid are all deposited in such bank, or with such person, and will be delivered up for cancellation if such bid shall be accepted by the commissioners.

What bids shall
specify.

SECTION 13. In any case when no proposals, or not sufficient in amount to consume the moneys on hand belonging to the sinking funds, shall be received to retire bonds or scrip at or below par, the commissioners may advertise and proceed throughout again, as provided in the last section above, or with the approval of the mayor, shall in their discretion determine by lot, publicly as aforesaid, which bond or bonds, or scrip, shall be paid out of the moneys then in the sinking fund provided therefor, at par, including interest, and shall notify the holders of their readiness to pay the same, by advertisement for twenty days in one daily newspaper printed in the city of New York, and one daily newspaper printed in the city of Milwaukee, each of general circulation, and from the time of the completion of such notice in both papers, such bonds or scrip so determined by lot, shall cease to bear interest, unless the city shall neglect to pay the same for ten days after payment thereof shall afterwards be demanded; and the money shall be kept constantly on hand by the treasurer, to pay the same on

presentment, unless the commissioners of the public debt, with the approval of the mayor, shall otherwise order.

**Sinking fund money
to be a trust fund.**

SECTION 14. The moneys levied and collected for, or belonging to the interest and sinking funds, shall be held in trust for those purposes only, or for the benefit of the holders of the bonds of the different issues or classes for which such funds are specially provided, and shall in no way be diverted from the specific purposes for which they are provided; nor shall the same, or any part thereof, be subject to attachment or execution, or be liable by any process or proceeding, to be subject to the payment of any other debt than that to meet which they were specially raised or appropriated under this act.

Cancellation.

SECTION 15. All bonds and interest coupons, paid or otherwise retired, shall be forthwith marked cancelled, by the commissioners of the public debt, and by them returned to the common council of the said city, who shall forthwith publicly cancel the same.

discretion of the court; and it shall be the duty of the common council to cause an action to be forthwith commenced and prosecuted to final judgment against such officer and the sureties on his official bond, if any, for the recovery of all moneys in his hands, which, by the terms of the preceding section, and the section therein referred to, he is required to pay into the city treasury. In case said common council shall neglect to cause such action to be commenced within thirty days after any delinquency shall occur in the payment of any moneys required to be paid into the city treasury by any officer under said sections, such action may be brought and prosecuted by any taxpayer of the said city, in the name and for the benefit of said city; provided, that before commencing such action, a bond to said city shall be executed and filed in the office of the city comptroller, in the penal sum of five hundred dollars, with sufficient sureties approved by the judge of the circuit court of said county of Milwaukee, conditioned to pay all costs and damages which may be recovered against said city in such action, and to indemnify the city against any and all costs, expenses and damages by reason of said action; and such action when so commenced by a taxpayer shall not be subject to the control or management of said city or of any officer thereof.

Amendment to chapter 19, laws 1889.

SECTION 2. The common council of said city shall have power to levy annually, for the general city fund, exclusive of the amounts required for the support of schools, and for the payment of interest and principal on the funded debt of the city, and other special funds authorized by law, a sum not exceeding six mills on the dollar of the total assessed valuation of all property, real and personal, in said city subject to taxation; also for contingent fund a sum not exceeding one-half of one mill on the dollar of such assessed valuation; also for a sewerage fund in each sewerage district, a sum not exceeding one and one-half mills upon the dollar of the total assessed valuation of all property, real and personal, in such sewerage district subject to taxation; also for the special sewerage fund for said city, a sum not exceeding one mill upon the dollar of the total assessed valuation of property, real and personal, in said city, subject to

taxation; also, for a fund for ward purposes in each ward, a further sum not exceeding six mills upon the dollar of the total assessed valuation of all property, real and personal, in such ward, subject to taxation; and also for the support of all the public schools in said city, including the high school, for the next fiscal year, a further sum not exceeding three and one-half mills upon the dollar of the total assessed valuation of all property, real and personal, in said city subject to taxation; provided, however, whenever the comptroller and board of public works, to meet current and necessary ward expenses, shall deem it necessary or expedient for the common council to levy a larger amount than six mills upon the dollar as aforesaid, in any ward for a ward fund as aforesaid, and shall so certify to the common council on or before the first day of July in any year, it shall be competent for the common council to levy for a ward fund in any such ward, in any such year, a percentage upon the dollar of the total assessed valuation of all property, real and personal, in such ward subject to taxation, not exceeding ten mills; provided, also, that the percentage which shall be levied in each ward for ward purposes shall in no case exceed the amount estimated and required by the comptroller and board of public works; and, provided further, that the aggregate amount of general taxes for all purposes levied by the common council and collected upon the city tax roll for municipal purposes under this section inclusive of taxes, for the support of the public library and the public museum and for the payment of principal and interest of the funded debt of the city, but not inclusive of the tax for the support of schools, shall not, in the whole, for any one year, exceed fourteen (14) mills on the dollar of the total valuation of property, real and personal, in said city subject to taxation; and also provided, that it shall not be lawful for the county board of supervisors of Milwaukee county, in determining the amount to be raised by tax in the city of Milwaukee for the support of common schools therein, for any year, to fix an amount greater than the amount apportioned to said city in the last apportionment of the income of the school fund of the state.

As amended by Chapter 310, Laws of 1883.

SECTION 3. It shall be the duty of the common council, before the first day of February in each year, to

estimate, and by resolution determine what sums, in their judgment, will be required to meet the expenses and disbursements of said city for the current fiscal year, specifying in such resolution the sum required for each of the several funds authorized or created by law; and it shall not be lawful for said city to expend or contract a liability for any sum in excess of the amount so determined, on account of either or any of the funds of said city, except on the written recommendation of some department of the city government, specifying the reasons for such increased expenditure, which must be approved by a vote of three-fourths of the members elect of the common council. No debt or liability on the part of said city shall be contracted or created by any officer, board or department of said city, or by any subordinate or employe in the service of the city, in excess of the amount so determined and approved by the common council, on account of either or any of the funds of the said city, and every officer and employe of the city who shall participate in a violation of this section shall be personally liable to the city for all loss and damages resulting from such violation.

Annual estimates
for expenses and
disbursements.

SECTION 4. All election expenses for city, ward, or general elections, shall be chargeable to the ward fund of the proper ward.

Election expenses.

SECTION 5. The common council shall have power to appropriate sums, from time to time, out of the contingent fund, by a vote of at least three-fourths of all the aldermen elect, for any purpose or purposes which they shall declare, by their resolution, to be a proper expense to be defrayed by the said city.

Contingent fund,
how appropriated.

SECTION 6. As often as the common council shall think best for the safety or interest of the city, they shall select some bank or banks, or banking associations, with which all funds in the treasury of the city, or which shall be thereafter collected or received by the treasurer, shall be deposited; provided, however, that such bank, banks, or banking associations so selected shall, before receiving such funds, give security in the same manner as is now required of the treasurer of said city, for the safe keeping and proper distribution of such funds, which security shall be approved by the common council.

City depository.

Shall give bond.

Treasurer's weekly statement.

SECTION 7. The city treasurer shall render weekly statements to the common council of the amounts received and disbursed by him; and the balance over five thousand dollars on hand in the treasury, at the end of each week, shall be deposited with the bank or banks, or banking associations so selected, it or they giving proper vouchers therefor. From the time of so depositing such funds, the said treasurer shall be relieved from all liability to the city, arising from the failure of the bank or banks, or banking associations, safely to keep said funds. Such funds shall be drawn out only upon the check of the said treasurer, countersigned by the comptroller of said city.

His liability.

Funds, how drawn.

Balance in treasury.

SECTION 8. The treasurer and comptroller may, whenever the balance in the treasury does not amount to five thousand dollars, increase it by their check, as aforesaid, in favor of the treasurer. The true object of this is to enable the treasurer to have funds under his control with which to pay such demands upon the treasury as he is, or shall be required by law to pay.

Interest on deposits.

SECTION 9. The common council may, before or after so selecting a depository or depositories, contract with such bank or banks, or banking associations, that it or they shall pay to the city such interest upon said funds, so to be deposited, as they may mutually agree upon.

Limiting city treasurer.

SECTION 10. Nothing in this act contained shall be so construed as to authorize the treasurer to apply funds so retained by him, or so to be drawn from the bank on his check countersigned by the comptroller, to purposes other than those to which the same funds are appropriated by law. The common council may at any time when, in their opinion, the safety or interests of the city require it, direct all sums so deposited, to be paid into the treasury of the city, or to such other bank or banks as they may select under the law.

Common council may borrow on notes of city.

SECTION 11. The common council may from time to time borrow upon the notes of the city, signed by the mayor and city comptroller, such sums of money, in anticipation of the incoming taxes of the year, as they shall deem necessary to pay accruing interest on the funded debt, and to meet the current expenses of the city.

All such notes shall be paid out of the taxes of the current year, at such time as may be agreed on—not later than the first day of February next following their date. And the said common council may provide by resolution at any time for receiving moneys into the city treasury in advance payment of the taxes of the current year, and for the payment of interest thereon, at a rate not exceeding seven per cent. per annum from the time of the receipt of such taxes until the 15th day of January next ensuing and no longer. The receipts given by the treasurer of the city for such advance payment shall be countersigned by the city comptroller, and the excess of such advances, if any, over the amount of taxes of the year, payable by the party making the same shall be returned to such party with the interest thereon, between the 15th and 31st days of January next, after the making of the same.

SECTION 12. At the first meeting of the common council succeeding the charter election in each year, the city clerk shall prepare and present to the common council, a descriptive list, giving the dates, amounts and names of payees of all city orders drawn, which shall have remained in his office three years uncalled for by such payees. The common council shall cause such orders to be compared with such list, and when found or made correct, such list shall be filed and preserved in the office of such clerk, and a copy thereof, duly certified by said clerk, shall be delivered by him to the comptroller, and all such orders shall be cancelled and destroyed. The person entitled to any such order may, upon application to the common council, have a new order issued to him for the amount named in the original order so canceled, without interest, at any time within six years from the date of such original order, and not afterwards.

CHAPTER 161, LAWS OF 1889.

SECTION 1. It shall be lawful for the common council of the city of Milwaukee to provide, either by resolution or by ordinance, for the appointment by the city treasurer, subject to confirmation by the council, of such number of deputies as the council may at any time determine to be necessary, and each deputy so appointed shall, before entering upon his duties, take the oath required of the city officers and give such official bonds as the common council may require. Each deputy so appointed shall receive such compensation or salary as the common council shall determine. Each

such deputy shall have authority to collect and receive any and all taxes and other moneys which the treasurer is authorized to collect and receive, and receipt for any such moneys, signed by any such deputy, shall have the same force and effect for all purposes as if signed by the city treasurer.

Tax districts.

SECTION 2. It shall be lawful for said common council, whenever it shall be for the convenience of the public to do so, to divide the city in two or more districts for the purpose of collecting taxes, and to direct that the taxes upon real estate in each district, and upon personal property of owners residing in each district may be paid to and received by the treasurer or by a deputy at a particular place either within said district or without said district, to be specified by the council and mentioned in the notice required to be published by the treasurer upon the receipt of the tax roll. All sales of real estate in case of the non-payment of taxes thereon, shall be made at the treasurer's office as heretofore.

Tax roll may be bound in volumes.

SECTION 3. It shall be lawful for the common council of said city to cause the tax roll of said city to be so made out that it may be bound in two or more volumes so that the different volumes shall contain the descriptions of the real estate situated in the different districts, and the taxes thereon, and the names of the owners of personal property residing in the different districts, and the taxes thereon. Each of said volumes shall be so numbered or paged that it may be designated and referred to by number or pages, or by both, in the warrant and in the clerk's certificate, which are attached or appended to the tax roll as required by law, or the warrant and certificate may be attached to each such volume.

Duplicate tax roll.

SECTION 4. Whenever the common council of said city shall direct the tax roll for any year to be made out so as to be bound in two or more volumes, as provided in the preceding section, it shall be lawful for the city clerk of said city, and it shall be his duty to make out in the same manner the duplicate tax roll containing the state, county and school taxes, as required by law.

Salary of city treasurer.

SECTION 5. The salary of the city treasurer shall be five thousand dollars a year, and he shall not be held responsible for any funds deposited by him in any bank designated as the city depository.

SECTION 6. This act shall be taken and held to be an amendment to the charter of the city of Milwaukee, and shall be in force from and after its passage and publication.

CHAPTER 302, LAWS OF 1881.

AN ACT to restrict taxation in the city of Milwaukee.

Taxation limited to two per centum.

SECTION 1. The aggregate amount of taxes levied or collected from the taxable property of any ward in the city of Milwaukee, for any one year, for all purposes, including state, county, city, school, ward, special, and all other taxes, shall not exceed two per centum of the assessed valuation of all the real and personal property of said ward, provided, that whenever, in any year, three-

fourths of all the members of the common council of said city, shall declare by resolution, that an urgent public necessity exists for a larger aggregate amount of taxation, than would be derived from the taxable property of said city under the limitations hereinbefore prescribed, then and in that case, the aggregate amount of said taxes levied and collected from the taxable property of the several wards in said city, for said years, may be increased to an amount not exceeding two and one-half per cent. of the assessed valuation of all the real and personal property in any ward of said city.

Exception.

SECTION 2. This act is hereby declared to be an amendment of the charter of said city, and all acts or parts of acts contrary to the provisions of this act, so far as they conflict herewith, are hereby repealed.

CHAPTER 87. LAWS OF 1861.

AN ACT to enable the city of Milwaukee to re-adjust its corporate debts.

SECTION 1. The city of Milwaukee is hereby authorized (by ordinance, and with the approval of the commissioners of the public debt), to issue new bonds to the amount, and for the purposes following, that is to say:

City may issue bonds.

First. For re-adjusting its bonded debt, incurred for strictly municipal purposes, and of retiring all its outstanding bonds, except those which were issued to aid in the construction of railroads, to any amount not exceeding the amount, including principal and interest up to June 1, 1861, of the municipal bonds so to be retired, and not exceeding eight hundred and twenty-five thousand dollars.

For what purposes.

Second. For the purpose of funding and retiring all city orders, city notes, treasury warrants and school orders, which shall have been issued prior to February 1, 1861, and all judgments now existing against the city, and all claims against the city heretofore acknowledged and liquidated, whether secured or not (except bonds and coupons thereon) to any amount not exceeding the aggregate amount (including principal and interest up to June 1, 1861), of all such notes and other debt, (except bonds and coupons as above), and not exceeding three hundred and twenty thousand dollars.

Ibid.

SECTION 2. All the bonds issued under this act shall be numbered consecutively from No. 1, upwards in the order in which they shall issue. Each and every bond so issued, shall show on its face for which of the purposes mentioned in section one of this act, it was issued. An accurate account shall be kept by the comptroller or by such other officer as shall be appointed by law for that purpose, of the issue of all such bonds, of their numbers and of the particular purpose, as above described, for which each bond is issued. Such bonds shall be issued and used solely and only for the purposes in section one of this act described, and in amount shall not exceed the limit fixed in said section one, for any one of the purposes so enumerated.

Bonds—how numbered, what to show, and account of them kept.

How signed, where
and when pay-
able, interest, etc.

SECTION 3. All bonds issued under this act shall be signed by the mayor, countersigned by the comptroller, and attested by the commissioners of the public debt, and shall in terms be made payable in the city of New York, and all such bonds shall be payable at the end of thirty years from the date thereof, and shall each be for the principal sum of either one thousand dollars, or five hundred dollars. The commissioners of the public debt may, however, to facilitate exchanges, issue certificates or scrip, countersigned by the comptroller, for smaller sums, in exchange for which bonds of the denominations above mentioned may be given at par. No bond issued under this act shall bear a greater interest than at the rate of five per centum per annum, and no new bonds so to be issued shall be exchanged for old bonds or other evidence of debt at less than par, or dollar for dollar, except that in cases where they shall be issued and given to retire old bonds which bear ten per cent. interest, or such as are now secured by collateral pledge or deposit, the commissioners may in their discretion add to the principal sum of bonds so given, such amount as they shall deem equitable and just by reason of the circumstances last named.

Annual tax for
interest.

SECTION 4. A tax upon all taxable property of said city shall be annually levied and collected, commencing with the year 1861, sufficient in amount to pay annual interest at the rate provided in the section last above, upon the amount of all bonds authorized by this act to be issued for the purpose specified in section one hereof, and in addition thereto for sinking fund upon the same amount for each of the first five years after 1860, one-half of one per centum and for each year thereafter one per centum per annum, until all of the bonds issued under this act shall have been satisfied or provided for; and so much of the tax so levied for interest as shall not be required for that purpose, from year to year, as bonds shall be gradually retired, shall be added to and considered part of the sinking fund.

Commissioners of
public debt.

SECTION 5. On or before May 1st, A. D. 1861, three persons to be styled "commissioners of the public debt," shall be appointed, whose term of office shall be respectively for one, two and three years, as the mayor shall indicate in their appointment. Such commissioners shall continue while any of the bonds to be issued under this act shall be outstanding and unprovided for, and except in the case of two of those first appointed as aforesaid, their term of office shall be three years, and each shall hold over till his successor is appointed and qualified. The appointment of such commissioners, whether for full terms or for vacancies, shall be made by the mayor within one month after the expiration of their term of office, or after any vacancy shall occur, with the approval of the common council, and their duty shall be to superintend the execution, issue and use of the bonds to be issued under this act, and the levy, collection and disbursement of the tax herein provided for, for interest and sinking fund.

Their duty.

How tax for inter-
est and sinking
fund to be levied.

SECTION 6. The commissioners of the public debt shall, at least ten days before the levy of general city taxes in each year, certify to the common council the amount necessary to be

levied that year for interest and sinking fund. It shall be the duty of the common council to levy the tax for interest and sinking fund. It shall be the duty of the common council to levy the tax for interest and sinking fund in this act provided for, to the amount so certified by the commissioners, at the same time in each year that the common council levy the tax for general city purposes; and if they refuse or neglect to do so in any case for five days after the levy of the tax for general city purposes, the commissioners of the public debt shall levy the same and certify the amount thereof forthwith to the city clerk; and if the commissioners should likewise fail to levy such tax for interest and sinking fund within ten days after the levy of the general city taxes in any year, then the judge of any court of record of Milwaukee county, either in term time or in vacation, either in open court or at chambers, may, upon summary application of any holder or holders of bonds issued under this act, to the amount of ten thousand dollars or more, by order, levy such tax to such amount as he shall deem necessary, and to certify the amount thereof to said city clerk, who shall in all cases cause such tax, however levied, to be extended upon the tax lists in like manner as other taxes levied by the common council, but in a separate column, suitably marked to distinguish the same. And it shall be the duty of the treasurer, or other collector of taxes, to proceed to collect and enforce such tax in the same manner as other general city taxes are collected and enforced by law. In fixing the amount of the treasurer's bond, at the beginning of his term of office, the fact that he has to collect this tax for interest and sinking fund, shall be taken into consideration.

How collected.

SECTION 7. Money only shall be received by the treasurer or other collecting officer, in payment of said tax for interest and sinking fund, and the same shall be kept in and disbursed from the treasury strictly as a separate and distinct fund, not subject to the order or disposal of the common council, and shall be paid out only upon orders signed by the mayor, countersigned by the comptroller, and approved in writing by a majority of the commissioners of the public debt, specifying the purpose for which they are drawn; and such moneys shall be drawn out only for the purpose of paying interest on bonds issued under this act, and for retiring such bonds in the manner hereinafter provided. The commissioners of the public debt shall fix their own times of meeting and the mode of calling their meetings. The action of a majority of them shall be deemed the action of the commissioners. They shall transact all their business at the office of the comptroller, and that officer shall be ex-officio the secretary of the commissioners, and shall preserve a full record of all their proceedings.

Money only to be received.

Meetings of the commissioners.

SECTION 8. If upon the sale of any property for delinquent taxes, the city shall become the purchaser, it shall appropriate and add the amount of that portion of such delinquent tax which shall have been levied under this act for interest and sinking fund, to the fund raised under this act for interest and sinking fund, out of the first moneys which shall be or come into the treasury from any source whatever.

Delinquent taxes.

**Treasurer to report
to commis-
sioners.**

SECTION 9. The city treasurer shall, every year, immediately after the sale of land for delinquent taxes, and whenever else he shall be thereto requested by the commissioners of the public debt, in addition to any other report which he shall be required by law to make, report to said commissioners the condition of the interest and sinking fund, embracing a statement of all sums collected and held or disbursed by him for that fund; and no settlement by the treasurer with the common council as to that fund, shall be of any validity unless confirmed by said commissioners.

**Cancellation of
bonds.**

SECTION 10. Once in each year, immediately after the coming in of the report mentioned in the last section, the commissioners of the public debt shall cause notice to be given by the comptroller or otherwise, by publication in one daily newspaper printed in the city of New York, and one daily newspaper printed in the city of Milwaukee, each of general circulation, for twenty days at least, of the time and place of receiving bids or proposals from bond-holders to surrender their bonds for cancellation on payment out of the sinking fund, the manner of directing such proposals, and such other things as the commissioners shall direct to be inserted in such notice. The proposals received shall be opened by the commissioners of the public debt, in the presence of the mayor and of such other persons as shall choose to attend, and the lowest rates offered, provided the same be at or below par, shall be accepted to the extent of the fund on hand to pay the same at those rates, on being surrendered for cancellation. When the fund shall not be sufficient to pay all the bonds which are offered at equal rates and lower than all the others, the commissioners shall select at once and publicly, as aforesaid, among those bonds by lot, so many as they shall then have the means to pay. In case any parties, whose proposals shall be accepted, shall not within such reasonable time as the commissioners, with the approval of the mayor, shall fix, surrender their bonds, the commissioners may, with the approval in writing of the mayor, accept the next best proposals, provided they are below par, or they may advertise and proceed throughout anew, in the manner provided in this section, and so in like manner again and again, as often as the last named contingency shall arise. All bids or proposals by bond holders, under this section, shall particularly specify the numbers of the bonds so proposed to be retired, and shall be accompanied by a certificate in each case of the president or cashier, of some reputable bank, or of some person, in either case to be approved by the commissioners of the public debt, to the effect that the bonds specified in such bid are all deposited in such bank or with such person, and will be delivered up for cancellation, if such bid shall be accepted by the commissioners.

**When bonds to
cease to draw
interest.**

SECTION 11. In any case when no proposals, or not sufficient in amount to consume the moneys on hand belonging to the sinking fund shall be received to retire bonds at or below par, the commissioners may advertise and proceed throughout again as provided in the last section above, or with the approval of the mayor, shall in their discretion, determine by lot publicly, as aforesaid, which bond shall be paid out of the moneys then in the sinking fund at par, including interest, and shall notify the

holders of their readiness to pay the same, by advertisement for twenty days in one daily newspaper printed in the city of New York, and one daily newspaper printed in the city of Milwaukee, each of general circulation, and from the time of the completion of such notice in both papers, such bonds so determined by lot, shall cease to bear interest, unless the city shall neglect to pay the same for ten days after payment thereof shall afterwards be demanded, and the money shall be kept constantly on hand by the treasurer to pay the same on presentment, unless the commissioners of the public debt, with the approval of the mayor, shall otherwise order.

SECTION 12. The bonds issued under this act shall contain a covenant to the effect that said city shall issue no bonds except under or consistently with this act, until the aggregate amount of bonds issued under this act and outstanding, shall have been reduced to five hundred thousand dollars or under. All bonds, notes or other evidences of debt payable at a future day, hereafter issued by said city, contrary to the provisions of this act, during the period last named, either with or without the color of statutory authority, shall be void.

No bonds to be issued inconsistent with this act.

If in any case, the city or city officer shall hereafter threaten or attempt to issue any such bonds, or other evidences of debt in contravention of the provisions of this act, they shall be restrained by injunction from so doing, upon the application of any holder of bonds issued under this act, or any citizen who shall have paid city taxes in said city for two years then next preceding; provided, however, that nothing in this act contained shall prevent the city from issuing orders on the treasury, payable out of the revenue of the current year, or from carrying out the existing contract for the building of school houses now in process of erection.

Injunction.

Proviso.

SECTION 13. No city or school order or scrip issued prior to the first day of February, 1861, nor any such order or scrip drawn for any such debt or liability contracted prior to such date, shall be receivable in payment of any tax or in redemption of any property sold for delinquent taxes, unless it be for delinquent taxes prior to 1861.

City and school orders not receivable for taxes.

SECTION 14. Common council, with the approval of the commissioners of the public debt, may at any time, to meet interest falling due, but for no other purpose, anticipate by temporary loan on the comptroller's note, a portion of the incoming tax for the current year; provided, that in no case shall such notes be issued in any one year to exceed ten thousand dollars. It is, however, further provided, that whenever the city shall have returned to the cash system in its finances, that is to say, whenever it shall commence to act upon the plan, and shall be so circumstanced in the opinion of the common council and of the commissioners of the public debt, that it can adhere permanently to the plan of receiving nothing except money into the treasury in payment of taxes, and of allowing no city or school orders or scrip to issue except when there is money in the treasury to meet and pay the same, then the common council may, with the approval of the commissioners of the public debt, anticipate, by temporary loan

on the comptroller's note, a portion of the incoming tax not exceeding \$20,000 in any year, to meet current expenses.

Retiring of railroad bonds.

SECTION 15. Nothing in this act shall be construed so as to prevent said city of Milwaukee, with the approval of the commissioners of the public debt, and upon authority to be hereafter attained from the legislature, from issuing bonds strictly and only for the purpose of settling and retiring any balance or remainder of city bonds heretofore issued in aid of railroad companies which shall not be met or provided for by the companies. Such new bonds shall not in any event exceed in amount, altogether, the sum of two hundred and fifty thousand dollars, shall run thirty years from their date, and shall bear interest at a rate not exceeding five per centum per annum. But no such bonds shall be issued or used for the purpose of settling or retiring any of the city bonds issued to any railroad company until all the security of every kind and nature taken by the city from that company on account of those city bonds, shall have been exhausted, or shall have become in the opinion of both the common council and the commissioners of the public debt, clearly and hopelessly inadequate to the protection of the city. If any of the bonds authorized by this act to be issued for the purposes specified in section one hereof, shall not be accepted by the parties for whom they are so intended, and so in consequence thereof the sum raised for annual interest in any year shall be in excess of the amount required for that purpose, then such excess shall be added to the sinking fund, and used to retire bonds in the manner in this act provided.

The moneys levied and collected for or belonging to the interest and sinking fund under this act, shall be held in trust for those purposes only, for the benefit of the holders of the bonds issued under this act for the purposes specified in section one hereof, shall in no way be diverted from that purpose, nor shall the same or any part thereof be subject to attachment or execution, nor be liable by any process or proceeding to be subjected to the payment of any other debt than that to meet which it was specially raised under this act.

Acts repealed.

SECTION 16. All acts and parts of acts passed at any former session of the legislature, authorizing said city to issue bonds or to raise a sinking fund, are hereby repealed, and neither the said city nor any ward or wards, or any part or subdivision thereof, shall have power to issue bonds or other evidence of debt, except under or consistently with the provisions of this act.

Re-levy of unpaid taxes.

SECTION 17. Whenever any portion of the tax levied for any one year, shall be unpaid and shall remain delinquent, and the lands sold therefor shall be unredeemed, an amount equal to such delinquent tax may in the discretion of the common council, with the approval of the commissioners of the public debt, at the time of levying city taxes for the next year, be added to the amount of taxes which would otherwise be levied for the same purposes, and levied and collected as the other taxes are levied and collected by law.

SECTION 18. After so many of the bonds issued under this act shall have been satisfied and retired as to leave less than five

SECTION 5. The common council shall cause to be made a plan and detail specification for doing of said work, and the estimate of the cost thereof, and as soon thereafter as practicable, the city shall enter upon the construction of said viaduct, bridges, and approaches in conformity thereto. Viaduct to be under
control of city.

SECTION 6. The said viaduct and approaches thereto shall forever remain under the absolute control and management of the city of Milwaukee and no exclusive rights or franchises for purposes of horse railway communication, the lighting of streets, highways or the like, or any other exclusive franchises, privileges or immunities shall ever be granted over the same or any part thereof by said city, to any person or corporation whatever.

But nothing herein contained shall be construed so as to lessen or impair the right of the city of Milwaukee to require or compel the said railway company to construct causeways, bridges or viaducts over any other street in said city. And in case the Chicago, Milwaukee & St. Paul Railway and the city of Milwaukee shall fail, neglect or refuse to make and enter into the agreement above named, then and in such case the right and power of the city to require and compel the railway company to construct a bridge, causeway or viaduct over any part of Muskego avenue, shall in no wise be lessened, abridged or impaired.

The foregoing law *held* valid.

Johnson vs. Milwaukee, 88 Wis., 383.

City bonds conditioned for the payment of the principal sum at a specified time, "together with interest thereon at ten per cent. per annum, payable annually on presentation of the annexed warrants," continue to draw interest at the same rate after default in payment of the principal, such rate being higher than that fixed by law in the absence of special contract.

CHAPTER XVIII.

ASSESSMENT AND COLLECTION OF TAXES.

**Property subject to
taxation.**

SECTION 1. All property in said city, real, personal, or mixed, shall be subject to taxation for all purposes authorized by law, excepting only such property as is or shall be exempted from taxation by general laws exempting from taxation throughout the state particular classes of property or property of particular classes of corporations or persons; and the same shall be assessed in the manner hereinafter provided; and the assessors appointed under this act shall have and possess the same powers that are, or may be, conferred upon township assessors, except so far as they may be altered by this act; and the common council may prescribe the form of assessment roll, or more fully define the duties of assessors, and make such rules and regulations in relation to revising, altering or adding to such rolls, as they may from time to time deem advisable; provided, that the same shall not be inconsistent with the provisions of this act.

**Powers of city
assessors.**

The "accumulated profits" of a bank, which have not been divided among the stockholders, but have been retained for banking purposes, are not a part of its capital stock in such a sense as to be exempt from the general rules of taxation applicable to other taxable property.

State Bank vs. Milwaukee, 18 Wis., 295.

A court of equity has no jurisdiction to restrain the collection of taxes illegally or improperly assessed upon personal property, since the party injured has an ample remedy at law.

Van Cott vs. Supervisors, 18 Wis., 259.

An excessive valuation of property intentionally made, for the purpose of compelling the owner to pay more than his just proportion of the taxes, is a sufficient ground for declaring the assessment void.

Mil. Iron Co. vs. Hubbard, 29 Wis., 51.

The intentional omission from the assessment roll of valuable property which should have been assessed vitiates the whole tax levied upon such roll.

Weeks vs. Milwaukee, 10 Wis., 186.

G. B. & M. Canal Co. vs. Outagamie Co., 76 Wis., 587.

The articles of incorporation of a steamship company, provided its principal office should be in the town of Lake. It had an office there where were held the meetings of stockholders and directors, both annual and special, but all its other and general business was transacted at the office in Milwaukee of its president and secretary. *Held*, that for the purposes of taxation its "principal office and place of business" was in Milwaukee.

Mil. Steamship Co. vs. Milwaukee, 83 Wis., 590.

SECTION 2. The mayor shall appoint and submit to the common council at its first regular meeting in December of every third year for its confirmation, a tax commissioner, whose term of office shall commence on the first day of January ensuing such meeting and who shall at the time of his appointment, be a resident freeholder in said city of Milwaukee. Such commissioner shall take and subscribe an oath of office and shall execute and deliver to the city of Milwaukee a bond in the penal sum of five thousand dollars with, at least, two sureties for the faithful performance of his official duties, which bond shall be approved by the comptroller as to its sufficiency, and by the city attorney as to its form and execution. The present tax commissioner shall remain in office until the expiration of three years from the first Monday of December, 1884. The said tax commissioner may appoint a deputy tax commissioner who is hereby authorized to do all acts required by law of the tax commissioner, but said tax commissioner shall be responsible to the city and to any person interested for

He shall also cause to be copied in a book provided for that purpose, all complaints made in writing at any time in said office of the said tax commissioner, of excessive or erroneous assessments, either of real or personal estate, which said complaints shall be considered and disposed of by the board of assessors at their first meeting thereafter, in the order of their entry, unless otherwise ordered by said board.

The mayor, with the concurrence of the common council, shall, on the first Monday of January in every second year, appoint an assessor for each ward in said city of Milwaukee, whose term of office shall commence on the first day of February following, who shall have been recommended to him by the tax commissioner, and who shall be a resident of the ward for which he is appointed, at the time of his appointment, and who shall continue to reside in such ward during the term for which said appointment is made. Said assessors shall each take the oath of office provided by law to be taken and subscribed by ward or town assessors; and said ward assessors, with said tax commissioner, shall constitute the board of assessors, of which board said tax commissioner shall be ex-officio the president. The present assessors shall remain in office until the first day of February, 1887, unless sooner removed according to law.

Ward assessors,
when and how

As amended by Section 3, Chapter 391, Laws of 1885.

The tax commissioner and ward assessors now in office shall continue in office until the expiration of the respective terms for which they were appointed, and the first appointments by the mayor under sections two and six of this chapter, shall be made at the expiration of the terms of the present commissioner and assessors respectively, unless a vacancy shall sooner occur.

Ward assessors, how removed from office.

SECTION 8. The tax commissioner of the said city shall have power, with the written approval of the mayor, to remove from office any assessor in the said city who shall, in his opinion, be incompetent, or neglect to perform the duties of his office. Where there are buildings upon any lot or parcel of land, the value of the same shall be set forth in a separate column. The assessors may, if they deem it advisable, assess any lot or tract of land in such parcels or such subdivisions as they may deem proper, but it shall not be necessary to enter the name of the owner opposite to any tract or parcel of land.

SECTION 11. On the receipt of the rolls of the several ward assessors, with their valuation and assessments of real and personal property, from all the wards, the tax commissioner shall give notice by publication in the official papers of said city for ten days, that on a certain day therein named for each ward, the assessment roll for said ward will be open for the examination of the taxable inhabitants thereof; and the tax commissioner and ward assessors shall make all necessary additions to such roll, and correct the same by changes in valuation or description, so as to make the roll as perfect as possible. Any act done by a majority of the board of assessors, shall have the same force and effect as if done by the tax commissioner and all the assessors appointed under this act. After the corrections are made, the tax commissioner shall submit the corrected assessment rolls to the board of review.

Such tax roll may be bound in one or more volumes, but shall be consecutively paged, and such volumes, if more than one, shall be consecutively numbered, and shall be referred to by their numbers in a warrant attached to such tax roll as provided in the next section. As soon as said sums, or taxes, shall be levied, the common council shall cause the same to be apportioned and extended upon said tax roll, upon a uniform percentage, by setting opposite to the description of each lot, tract, or parcel of land, and to the name of each person named in said roll, in proper columns, such proportionate share of the sums, or taxes, so levied, as may be chargeable upon such lot, tract, or parcel of land, or against such person. To such tax roll shall be appended a warrant signed by the mayor and clerk, and sealed with the corporate seal of said city, directed to the city treasurer, requiring and commanding him to collect the taxes and assessments in said tax roll specified, in the manner prescribed by this act, and in case said taxes and assessments shall not be paid within such time as in said warrant shall be specified, that then he shall proceed to sell the several lots or parcels of land, or those parts thereof upon which said taxes or assessments shall remain unpaid, and to make due return to the common council, within such time as shall be fixed in said warrant. SECTION 18. All taxes and assessments, general or special, levied under this act, shall be and remain a lien upon the lands and tenements upon which they may be assessed, from the time of the filing of such assessment rolls in the office of the city clerk, and on all personal property of any person or body politic assessed for personal taxes, from the delivery of the warrant for the collection thereof, until such tax shall be paid; and no sale or transfer of such real or personal estate shall affect such lien; provided, that as between the grantor and grantee of any land or lot, when there is no express agreement as to which shall pay the taxes or assessments that may be assessed or become chargeable thereon before the conveyance, if such land is conveyed even with or prior to the date of the warrant authorizing the collection of such taxes or assessments, then the grantee shall pay the same; but if conveyed after that date, the grantor shall pay them. Time for redemption.

SECTION 26. Any lot or tract of land so sold, or any undivided interest therein, may be redeemed by the owner thereof, or by any person interested therein, within three years from the day of sale, and at any time prior to the recording of a deed thereof by the treasurer to the purchaser, by the payment to the treasurer of the amount for which the same was sold, together with the interest thereon, at the rate of 25 per cent. per annum, and the legal charges thereon; and the city treasurer shall receive such redemption money on the same being tendered to him, at any time prior to the recording of the tax deed. If the estate of an infant or lunatic be sold, the same may be redeemed upon the like terms at any time within one year after such disability shall be removed.

Rate of interest.

Infants and lunatics.

As amended by Section 52, Chapter 324, Laws of 1882.

Redemption laws are liberally construed in favor of the owner of the real estate.

Jones vs. Collins, 16 Wis., 594.

The tender of the amount to the officer must be unconditionally made.

Woodbury vs. Shackleford, 19 Wis., 55.

Tax deeds—when and how given.

SECTION 27. Any tract or lot of land sold in pursuance of this act, or any part thereof, which shall not be redeemed within three years from the day of sale, shall be conveyed by the treasurer to the purchaser, or his assigns, as herein provided; and the assignee of any tax certificate by endorsement thereon, on any premises sold for taxes by virtue of this act, shall be entitled to

receive a deed of such premises in his own name, and with the same effect as though he had been the original purchaser; provided, that it shall not be lawful for the treasurer of the city of Milwaukee to issue tax deeds for taxes unpaid on any lot, or part of lot or parcel of land in said city of Milwaukee, unless three months' previous notice, in writing, of the application for such deed, shall have been served by the sheriff of Milwaukee county, upon the occupant or occupants thereof, if the same be occupied, and upon the owner or owners thereof, if known, and the proof of such service, by affidavit, shall be first furnished to and filed in the office of said city treasurer. Such service may be made personally, or by mailing such notice, with the postage prepaid, to each person required to be served therewith, directed to such person, at his place of residence. unless it appears that such residence is not known to the party applying for such tax deed, and cannot with reasonable diligence, be ascertained by him. Like affidavit of service, in either case, shall be made and filed, as is now required by law of the service of summons in civil actions, in this state, and the said sheriff shall be entitled to the same fees for making such service, that are allowed by law for the service of summons in civil actions. No other notice of application for a tax deed shall be necessary in any case than that required in this section, and if the treasurer shall issue any deed for taxes without the foregoing provisions of this section having been complied with, he shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by fine of not less than five hundred nor more than one thousand dollars, and by imprisonment in the county jail for a term of not less than six months nor more than one year, and his office shall be deemed vacated.

As amended by Section 53, Chapter 324, Laws of 1882; also amended by Section 1, Chapter 181, Laws of 1881.

Chapter 113, laws of 1867, which prohibits the issue of a tax deed, unless a specified notice has been served on the owner or occupant of the land at least three months previously, is invalid as to cases in which tax deeds were due *before* its passage. Such chapter applies to deeds issued by both *city* and *county* officers.

State ex rel. Knox vs. Hundhausen, 23 Wis., 508.

The charter of the city of Milwaukee, Ch. 184 of the laws of 1874, is a mere consolidation and revision of the various acts then in force, defining the corporate powers of the city, including the

charter of 1852 and subsequent amendments. The words "this act" in the above section must have the same signification that they had in the charter of 1852; and the provisions of the charter of 1852, so far as they are re-enacted in the consolidated charter of 1874, are but a continuation of the provisions of the charter of 1852.

Scheftels vs. Tabert, 46 Wis., 439.

Form of tax deed. SECTION 28. All deeds executed by the city treasurer on account of sales for taxes or assessments under this act, shall be made in substantially the same form prescribed by law for deeds by the county clerk on account of sales for unpaid taxes; and such deeds shall have the same force and effect as evidence that is or may be given by law to such deeds executed by the county clerk.

Struck off to city in absence of other bid. SECTION 29. If, at any sale of real or personal estate for taxes or assessments, no bid shall be made for any parcel of land, or for any goods and chattels, the same shall be struck off to the city, and thereupon the city shall receive in its corporate name a certificate of the sale thereof, and shall be vested with the same rights as other purchasers are. If the city shall be purchaser of any personal property by virtue of this chapter, the treasurer shall have the power to sell the same at public sale, and in case the city shall become the purchaser of any real estate at any tax sale, the treasurer is authorized to sell the certificates issued therefor for the amount of such sale and interest at twenty-five per cent. per annum, and to indorse and transfer such certificates to the purchasers.

City may re-sell.

Where the lot owner does not pay special assessment certificates issued against his lot, and no bid is made when the lot is offered for sale by the city, it is proper for the latter to buy it in, to issue a certificate of sale therefor in its corporate name, which vests in the city the same right at law as any other purchaser would have had; and thereupon, the city treasurer is authorized to sell the certificate issued therefor for the amount of such sale and interest at twenty five per cent. per annum, and to indorse and transfer such certificate to the purchaser.

Hoyt vs. Fass, 64 Wis., 273.

In the sale and conveyance of land for taxes, municipal corporations have only the powers *expressly* conferred. Under the charter of 1852, the city of Milwaukee was not authorized to purchase land at a tax sale, and such a sale to the city is void.

Knox vs. Peterson, 21 Wis., 249.

A certificate issued on a sale of land for non-payment of an assessment for benefits for a street improvement, is a "tax certificate."

Dalrymple vs. Milwaukee, 53 Wis., 178.

SECTION 30. Whenever any person shall bid off any lot offered for sale for taxes, which lot shall have been bid off in the name of the city for the taxes of any previous year or years, and the certificate or certificates of such previous sale or sales thereof shall at the time of such subsequent sale remain the property of the city, such person shall, before being entitled to his certificate of such sale, purchase of the city its certificate or certificates by paying the amount of principal, interest and charges thereon, and receive from the treasurer an assignment thereof; provided, that any certificate of sale for the amount of any street commissioner's certificate or board of public works' certificate, or other special tax or assessment, held by the city of Milwaukee in trust for the owner of such certificate or of such special tax or assessment, or any certificate of sale for general, city or ward taxes held by said city, may be assigned, sold and transferred by the city treasurer, although said city may hold in trust, in whole or in part, certificates for the sale of lots for the amount of street commissioners' certificates or other special certificates or special taxes or assessments, issued in any prior year, and no liability shall attach to the city or said treasurer by reason thereof; but any such sale, assignment and transfer shall only be made upon payment of all previous general, city and ward taxes. The city treasurer shall report to the comptroller on the first day of each month a detailed statement of all his sales and transfers of tax certificates and of all moneys received by him upon redemptions from tax sales during the preceeding month, in cases where the certificates of sale were held by him as such treasurer, giving in all cases the dates of such sales and transfers, and of such redemptions respectively, and the amounts received by him therefor in every case.

Purchasers to buy
city's certificates.

What certificates
may be sold.

As amended by Section 54, Chapter 324, Laws of 1882.

It is apparent from the whole theory of our charter that the certificate of sale for the amount of the board of public works' certificates so taken in the name of the city, is held in trust by it for the owners of such certificates.

Hoyt vs. Pass, 64 Wis., 273.

In an action to set aside a street commissioners' certificate, and to restrain the city and its treasurer from issuing a tax deed upon the same, *held*, under the special circumstances of the case, that the city and its treasurer had no interest in the result, and were bound by the judgment rendered in another action only to

abstain from issuing a deed to the other defendant, or person claiming under him after commencement of the action.

Smith vs. Milwaukee, 18 Wis., 388.

Omitted lands to be assessed for back taxes.

SECTION 31. If it shall appear to the assessors that any lot or parcel of land was omitted in the assessment roll of either or both of the two preceeding years, and that the same was then liable to taxation, they shall, in addition to the assessment for that year, assess the lot or tract so omitted, for such year or years in which it shall have been so omitted, at the just value thereof, noting the year when such omission occurred, and such assessment shall have the same force and effect as it would have had if made in the year when the same was omitted. And the common council shall, in addition to the taxes for the current year, levy such taxes upon such lot or tract as the same would have been chargeable with had not the same been so omitted, and such taxes shall be collected as other taxes or assessments are for the current year. All land shall be subject to taxes that may have been omitted, in whosoever hands they may have come. Should the tax or the assessment upon any parcel of land be set aside or declared void by reason of any defect or informality in the assessing, levying, selling or conveying the same but not affecting the equity or justice of the tax itself, the common council shall cause the tax or assessment so set aside or declared void to be re-levied in such manner as they shall by ordinance direct; provided, that if the defect was in the assessment, the same shall be again assessed at such time as the common council may direct, and the said tax or assessment so re-assessed or re-levied shall be and continue a lien upon said lot or tract, and shall be collected as other taxes and assessments are collected under this act.

Taxes set aside for informality may be relevied.

As amended by Section 55, Chapter 324, Laws of 1882.

Chapter 395, laws of 1862, and Ch. 115, laws of 1863, providing for re-assessment of both real and personal property for the year 1857 in Milwaukee, *held*, valid enactments.

Cross vs. Milwaukee, 19 Wis., 535.

Treasurer to receive redemption moneys and cancel certificates.

SECTION 32. The treasurer shall receive all moneys that may be legally tendered him for the redemption of lands sold for taxes, and he shall keep an account thereof, and pay the same over on demand to the persons entitled to receive the same. He shall cancel all certificates so

redeemed, and preserve the same in his office; and at the expiration of his term of office, he shall deliver over to his successor all redemption moneys in his hands, with a statement of the amounts so received.

SECTION 33. When there shall be a sale by the county treasurer and by the city treasurer, of any piece or parcel of land for taxes, in the same year, the purchaser of such piece or parcel, who may be first in point of time, may redeem the same from the subsequent purchaser; and in case he shall not redeem, the right of the last purchaser shall be held paramount in case of the execution of any tax deed therefor. If the first purchaser in point of time shall redeem, it shall be the duty of the proper officer to make an entry in the sales book of the character in which such person may have redeemed; and thereupon the person so redeeming shall be substituted to all the rights of the holder of the certificate so redeemed, as aforesaid.

First purchaser to have preference.

SECTION 34. No person shall be permitted to institute any action or proceeding to set aside any assessment or special tax hereafter levied or assessed upon any lot or tract of land, or to set aside any deed executed in consequence of the non-payment of such taxes and of the premises therefor, unless such person shall first pay or tender to the proper party, or deposit for his use with the treasurer, the amount of all state, county and city taxes that may remain unpaid on such lot or tract, together with the interest and charges thereon.

Instituting actions to set aside assessments and taxes.

Where a tax payer attempts, by a proceeding in equity, to stop the officers of the law from collecting a tax charged against his property, his complaint must demonstrate that his property is not legally or equitably chargeable therewith.

Kaehler vs. Dobberpuhl, 56 Wis., 480.

Fifield vs. Marinette Co., 62 Wis., 532.

SECTION 35. All the directions hereby given for the assessing of land and the levying and collection of taxes and assessments, shall be deemed only directory, and no error or informality in the proceedings of any of the officers entrusted with the same, not affecting the substantial justice of the tax itself, shall vitiate or in any way affect the validity of the tax or assessment.

Informality shall not affect validity of tax.

When the common council acquires jurisdiction in the ways prescribed by Sec. 5, of Ch. IV, any subsequent omission of any

step directed in the charter would have been deemed only directory.

Gilman vs. Milwaukee, 61 Wis., 588.

This section considered in *Cramer vs. Stone*, 38 Wis., 259.

The mere failure of the assessor to verify the assessment roll, as required by law, does not necessarily render the tax apportioned upon such assessment unequal or unjust.

Fifield vs. Marinette Co., 62 Wis., 532.

In an equitable action, any irregularity in the proceedings which does not prejudice the plaintiff, or affect the substantial justice of the tax, is not a sufficient ground for avoiding the assessment.

Wright vs. Forristal, 65 Wis., 341.

A complaint showed that a contract for laying a pavement was not let within the time required by law, and that no "plan" or "profile" of the work was filed before letting the contract, but states no facts showing injury to plaintiff by such omissions. *Held*, on demurrer, there was no ground for interference of equity to restrain sale of plaintiff's lots for non-payment of special tax assessed.

Warner vs. Knox, 50 Wis., 429.

Defects in proceedings which affect the substantial justice of an assessment cannot be aided by the provisions of this section.

Liebermann vs. Milwaukee, 89 Wis., 336.

Fees for certificates, redemptions, etc.

For tax deed.

Collection fees.

SECTION 36. The city treasurer shall collect the following fees, which he shall account for and pay into the city treasury for the use of the city, to-wit: for each certificate by him issued on sale of lands for non-payment of taxes or assessments, twenty-five cents, to be added to the amount of such tax or assessment, and included in such certificate; for each lot redeemed, for which he shall issue a certificate, twenty-five cents, and five cents for each additional lot embraced in such certificate, to be paid by the person redeeming; for each tax deed executed by him, one dollar, and five cents for each additional lot or tract embraced in the same deed, to be paid by the person receiving the same. It shall also be his duty to pay into the city treasury, for the use of said city, the full amount of the percentage or collection fees received by him upon all state, county, and school taxes levied upon personal property and real estate in the city of Milwaukee, and collected by said treasurer as required by law to that effect. In case of a distress and sale by him of goods and chattels for the payment of any tax,

said treasurer shall be entitled to such fees as are allowed to sheriffs on sales of goods under execution.

COUNTY AND STATE TAXES.

SECTION 37. The city clerk shall annually make a duplicate tax roll embracing a list of all real property in the city subject to taxation, and also a list of all persons in the city having personal property subject to taxation, and being a copy of the tax roll made by him as provided by section fourteen of this chapter, and upon receiving the certificate of the county clerk of the amount of state, county and school taxes respectively to be collected in said city for the current year, he shall calculate, carry out and extend the same upon such duplicate roll in the manner provided by law, and shall deliver such tax roll with his warrant thereto attached in due form as provided by law, to the city treasurer for the collection of the state, county and school taxes therein entered and contained.

City clerk to make list of real and personal property subject to taxation.

SECTION 38. The treasurer of the city, in giving bonds, collecting such state, county and school taxes, and making his return to the county treasurer, and in all other things relating to such taxes, shall conform to and be governed by the general laws of the state, except that the return to the county treasurer shall be for the city and not for the wards.

City treasurer to comply with state laws.

CHAPTER 301, LAWS OF 1889.

AN ACT to amend the charter of the city of Milwaukee, and to authorize said city to raise a special tax in the Bay View sewerage district.

SECTION 1. The common council of the city of Milwaukee is hereby authorized to levy and raise by taxation upon all the taxable property, real and personal, within the Bay View sewerage district of said city, in addition to the amount authorized to be raised for a sewerage fund in said district, and in the addition to the amount of money authorized to be raised by taxation for all purposes within said district now limited by law for each of the years 1889 and 1890, a sum of money not exceeding one mill on the dollar in each of said years, upon all the taxable property within said district, for the purpose of continuing and completing the sewers contemplated by the plans for sewers in said Bay View sewerage district of said city, now on file in the offices of the proper city officers of said city, and for the purpose of continuing

the construction of such sewers as shall or may be included in any amendments to or changes of the said plans during the years 1889 and 1890.

CHAPTER 278, LAWS OF 1880.

AN ACT pertaining to and amendatory of chapter one hundred and eighty-four of the laws of 1874, entitled "an act to revise, consolidate and amend the charter of the city of Milwaukee, approved February 20, 1852, and the several acts amendatory thereof, approved March 10, 1874."

SECTION 1. Certificates of the sale of lands for non-payment of taxes or assessments, and charges, hereafter to be issued by the treasurer of the city of Milwaukee, under the act to which this act is amendatory, shall be in the following or equivalent form:

STATE OF WISCONSIN, }
Milwaukee City and County. } ss.

D. 18—, I sold at public auction, pursuant to law (here describe the land sold), unto ———, for the sum of ——— dollars and ——— cents, being the amount due for city taxes, assessments and charges, on said ———.

This certificate bears interest at the rate of twenty-five per cent. per annum, and if the land so sold is not redeemed according to law, the owner of this certificate will be entitled to a conveyance of so much of said land as shall remain unredeemed.

This certificate is transferable by indorsement.

City Treasurer.

SECTION 2. All certificates of the sale of lands for non-payment of taxes or assessments and charges heretofore issued by the treasurer of the city of Milwaukee, under the act to which this act is amendatory, substantially in the form prescribed in the preceding section, shall be and are hereby declared to be and to have been valid and legal and no additional matter contained in such certificates shall in any way affect or invalidate the same.

CHAPTER XIX.

DISQUALIFICATIONS, IMPEACHMENTS, ETC.

SECTION 1. No member of the common council shall hold any other city office, and if any member of the common council, shall, while a member, accept any other elective public office, he shall be deemed to have vacated his office as a member of the common council.

As amended by Section 43, Chapter 144, Laws of 1875, and further amended by Section 1, Chapter 55, Laws of 1887.

SECTION 2. No member of the common council shall vote upon any question, matter or resolution in which he may be directly or indirectly interested.

Ineligible to vote.

SECTION 3. No member of the common council shall be a party to or interested in any job or contract with the city, or with any of the wards, and any contract in which any such member may be so interested shall be null and void, and in case any money shall have been paid on any such contract, the common council may sue for and recover the amount so paid, from the parties to such contract, and from the member of the council interested in the same.

Debarred from jobs or contracts.

No person interested directly, or indirectly, as principal or surety, in any contract or agreement written or verbal, to which the said city shall be a party in interest,—or to which any officer or board under this act shall officially be a party,—for the construction of any sewer, pavement or building, or the performance of any public work whatever, or involving the expenditure, receipt or disposition of money or property of the said city, or of any ward, or by any officer or board under this act, shall be eligible to any office or appointment in said city that will in any manner give him official cognizance or authority over the subject matter of such interest; and if any person thus interested shall be elected or appointed to office, his election or appointment shall be void, and such office shall be deemed vacant.

Principals and sureties in contracts ineligible to office.

Office held vacant.

SECTION 5. If any member of the common council, or other officer of the corporation, after his election or appointment, or while in office, shall become or cause himself to become interested, directly or indirectly, in any contract or agreement, whether written or verbal, to which the corporation or any ward shall be a party in interest, or to which any officer or board under this act shall officially be a party, or in any question, subject or proceeding pending before the common council or on which such officer may be called to act officially, with intent to gain directly or indirectly, any benefit, profit, or pecuniary advantage, or if an attorney of any court of record shall, while a member of the common council, prosecute or be interested in the prosecution of any action against said city of Milwaukee, or any of its officers, he

As amended by Section 44, Chapter 144, Laws of 1875.

Penalty for member of common council accepting consideration for any vote or omission to vote or using his influence corruptly.

SECTION 8. Whenever any charges of official misconduct shall be preferred against any member of the common council of the city of Milwaukee, or any officer of said city, the common council shall appoint a committee to investigate such charges; and it shall be the duty of the committee as soon as practicable after their appointment, to investigate the matter of any charges which may have been so preferred, and report the results of their investigation to the said common council; and in case such committee shall deem it necessary or proper for the purposes of their investigation, they may examine witnesses on oath in relation to any such charges; and the several members of such committee are hereby authorized and empowered to administer oaths to witnesses to be examined for the purposes of such examination.

Investigation of charges against members of council or city officers.

NOTE.—Only two proceedings in the nature of impeachment have been had under the above provision, viz; that against Garrett Dunk, the report of which will be found in the council proceedings for 1891-92, and that against Dr. Walter Kempster, now pending in the circuit court, being removed there on *certiorari*.

SECTION 9. Subpœnas may be issued for the purpose of procuring the attendance of witnesses before any committee appointed pursuant to the preceding section. Section 45, Chapter 144, Laws of 1875.

CHAPTER XX.

MISCELLANEOUS.

Liability for damages to persons or property.

SECTION 1. Whenever any injury shall happen to persons or property in the said city of Milwaukee, by reason of any defect or incumbrance of any street, sidewalk, alley or public ground, or from any other cause, for which the said city would be liable, and such defect, incumbrance, or other cause of such injury shall arise from, or be produced by the wrong, default or negligence of any person or corporation, such person or corporation so guilty of such wrong, default or negligence, shall be primarily liable for all damages for such injury; and the said city shall not be liable therefor until after all legal remedies shall have been exhausted to collect such damages from such person or corporation.

The provision of this section holding the person or corporation guilty of wrong doing primarily liable, applies only when the

default or negligence of such person or corporation was the *sole* cause of the injury.

Papworth vs. Milwaukee, 64 Wis., 389.

Chapter 471, laws of 1889, *held* to apply to injuries happening in a city, though not in terms an amendment of the charter thereof.

Raymond vs. Sheboygan, 76 Wis., 335.

(Chapter 332, laws of 1878, and Chapter 261, laws of 1882.) The remedy given by these acts is exclusive, and the filing of a proper statement or petition in the office of the city clerk is essential. These laws *held* amendatory of the charter of Milwaukee.

Thompson vs. Milwaukee, 69 Wis., 492.

The lot owner has a right to deposit excavated earth on the half of the street adjoining, provided the street is not improperly obstructed thereby, and that it is guarded by due precaution against accident; and further, that it be removed within a reasonable time.

Hundhausen vs. Bond, 36 Wis., 29.

See generally, Johnson vs. Milwaukee, 46 Wis., 568.

Whitney vs. Milwaukee, 57 Wis., 639.

A complaint which shows that no action against the party primarily liable was commenced until five and a half years after the injury, and states no facts to explain the delay, or to show whether the city, if held liable, would be injured by such delay, fails to state a cause of action against the city.

McFarlane vs. Milwaukee, 51 Wis., 691.

Ordinarily a city is liable for a nuisance where a private person would be. If it causes earth to be left or placed in a street unnecessarily, so as to obstruct the flow of water in the gutters, it will be liable to an adjoining lot owner who is injured by the overflow of water caused by such obstruction.

Harper vs. Milwaukee, 30 Wis., 365.

A person was injured by falling on ice formed on a sidewalk by reason of water pumped upon a street by a city fire-engine. Held, that the city was not liable, it not appearing the engine was not used for a lawful purpose.

Cook vs. Milwaukee, 27 Wis., 191.

If ice or snow is permitted to accumulate upon a sidewalk in such a rounded or uneven form that one using due care cannot walk over it without danger of falling, the municipality is liable to the person injured thereby. Otherwise, if the injury results from mere slipperiness, arising from the smooth surface of the ice or snow accumulated upon it.

Cook vs. Milwaukee, 24 Wis., 270.

Perkins vs. Fond du Lac, 34 Wis., 435.

See, also, Kittredge vs. Milwaukee, 26 Wis., 46, and Lane vs. Madison, 86 Wisconsin, 453, and note in 47 Am. and Eng. Corp. Cases, 36.

A municipal corporation making improvements for the public good, is not answerable for consequential damages produced thereby to property in the vicinity of such improvement, no part of which is taken or used therefor.

Alexander vs. Milwaukee, 16 Wis., 264.

The provisions of this section *held* valid, but not applicable when the defective condition is caused by the negligence of persons making *public* improvements *under a contract with the city*.

Hincks vs. Milwaukee, 46 Wis., 559.

In general, the question as to whether or not a particular condition of a street or sidewalk amounts to a defect for which the municipality will be held liable, is a question of fact for the jury.

McMaugh vs. Milwaukee, 32 Wis., 200.

Also whether the defective condition has existed long enough to charge the city with notice.

Sheel vs. Appleton, 49 Wis., 125.

Every municipality is bound at its peril to keep its highways in sufficient repair, or to take precautionary measures to protect the public against damages from insufficient highways.

Prideaux vs. Mineral Point, 43 Wis., 513.

When city primarily
liable.

SECTION 2. Whenever any injury shall happen to person or property in the said city of Milwaukee, at any place in said city where work of any kind or nature is being done in or on any street or sidewalk by any person or party under contract with said city, or with the board of public works, in the name of the city, in consequence of any neglect or default of such person or party in doing such work or improperly fencing or otherwise guarding such street or sidewalk to prevent accident while such work is going on, such person or party doing such work and guilty of such neglect or default shall be primarily liable for all damages for such injury, and the said city shall not be liable therefor until after all legal remedies shall have been exhausted to collect such damages from such person or party so primarily liable.

As amended by Section 56, Chapter 324, Laws of 1882.

Such appointment shall be made by sending the name of the person so appointed by the mayor, either for a full term or to fill any vacancy in any unexpired term, to the common council of said city, and no appointment shall be valid until confirmed by the said common council. In case the said council shall neglect or refuse to confirm any such appointment, the mayor shall make another appointment, until the same shall have been so confirmed. The said inspector of buildings shall hold office, unless sooner removed, for the term of four years from the first day of June in the year in which he shall have been appointed, except when appointed to fill a vacancy in said term; in which latter case, he shall hold office for the unexpired term of his predecessor. In all cases the inspector of buildings shall hold office until the appointment, confirmation and qualification of his successor. Before entering upon the duties of his office, the person appointed inspector, whether for a full term or to fill a vacancy in any unexpired term, shall file with the city clerk of said city, within ten days after receiving notice of the confirmation of his appointment by the common council, a bond in the sum of five thousand dollars, with at least two sureties, conditioned for the faithful performance of the duties of his office. Such bond shall be approved by the comptroller of the city of Milwaukee as to the sufficiency of the sureties therein, and by the city attorney of the city of Milwaukee, as to the form and execution thereof; and the said person so appointed shall at the time of the filing of said bond, file also with the clerk of said city his oath in writing, to be executed in the form and manner as are the oaths of other public officers of said city. The inspector of buildings so appointed shall receive an annual salary of fifteen hundred dollars, which shall be paid to him out of the treasury of the city of Milwaukee in monthly installments, the same as the salaries of the other officers of the said city are now paid. In case of the failure or neglect of the city of Milwaukee or the common council thereof to provide said inspector of buildings with a suitable office, then and in such case he shall receive the sum of three hundred dollars per annum, to be paid to him monthly, at the time when his salary is herein directed to be paid to him, and he shall continue to receive said sum so long as said common council shall

The said inspector of buildings shall have authority to incur liability on the part of and against the city of Milwaukee not to exceed the sum of five hundred dollars in any one year.

From the liability so incurred he may hold inquests, employ clerks and stenographers, and defray other incidental expenses necessary to carry into effect the purposes of this act; and the bills for expenses within said amount shall be audited by the city comptroller of said city, and paid by the city treasurer, as are other claims against the city of Milwaukee.

SECTION 2. The duties of the inspector of buildings shall be to inspect all buildings within the city of Milwaukee, and especially those now being built or repaired, and such as may hereafter be built or repaired, and to ascertain, by or without the aid of a jury, whether said buildings have been built or repaired, or are being built or repaired as required by law, and the ordinances of the city of Milwaukee. It shall also be the duty of such inspector, when he shall deem it necessary, to examine into and ascertain, by or without the aid of a jury, the cause of all fires happening to any building in said city, and of all accidents caused by the breaking or falling down of any building in said city, and also to ascertain, by or without the aid of a jury, what buildings in said city are unsafe and dangerous to be occupied, arising either from the condition of the building or the manner in which it is used. It shall also be the duty of said inspector, by or without the aid of a jury, to find out all cases of the violation of any of the laws of the state, or any ordinance of the city of Milwaukee, relating to the construction, repairing or moving of any building in said city.

Duties of inspector.

SECTION 3. Such inspectors of buildings shall have authority and power to hold inquests, either with or without the aid of a jury, to be summoned by such inspector in the manner now provided by law for coroners juries. Whenever such inspector shall think the interests of the public require an inquest to be held, he shall proceed to hold the same, and shall have the authority to administer oaths, summon juries, if such inquest is before a jury, in the same form and manner as is now provided by law for the coroners of the several counties within this state. The expenses of said inquest shall be paid from the said sum of five hundred dollars hereinbefore provided for. Such inspector shall have all the power and authority of a court commissioner of the circuit court for the purpose of administering oaths, compelling witnesses to answer questions, issuing subpoenas and enforcing obedience to the same, preserving order during the holding of an inquest, and punishing for contempt any violation of such order, or refusal to answer any question pertinent to the subject matter of the inquest. SECTION 4. Such inspector of buildings may demand and shall have admission to any building within the city of Milwaukee at any time, except any building used exclusively as a place of residence of not exceeding two private families, for the purpose of inspecting the same, and in the performance of the duties of his office; and if such admission be refused and he be unable to obtain such admission for any reason, after properly demanding the same at a reasonable time, he may apply to the judge of the circuit court of Milwaukee county for a writ of assistance, and if the judge of said court shall be satisfied that it is proper and necessary for such inspector to gain admission to such building and is unable to do so, he may issue a writ of assistance to the sheriff of Milwaukee county, commanding said sheriff to enter in and upon said building with said inspector, with such force as may be necessary to enable such inspector to perform his duties. The board of public works of the city of Milwaukee shall issue no permit to any one to use any street for the deposit of material for the construction or repair of any building in said city, unless such person shall first file with said board his written consent, authorizing said inspector of buildings, upon reasonable notice and demand, to enter into and upon and inspect said buildings and repairs.

May apply for order restraining construction of building—when.

SECTION 5. When in the opinion of the inspector of buildings the erection or construction of any building within the city limits of said city, or the making of alterations or repairs upon any buildings within the limits of said city, are being done in a reckless, careless or unsafe manner, or in violation of the provisions of any law or of any ordinances of the city relating thereto, he may make application upon his verified complaint to any court of record of civil jurisdiction in the county of Milwaukee for an order restraining the person or persons constructing, erecting or repairing such building or buildings, and upon such application the court may issue such order restraining such person or persons from erecting, constructing or repairing such building or buildings until sufficient cause shall be shown for the dissolution of such restraining order. Such restraining order may be dissolved upon sufficient cause being shown, or upon the certificate in writing of the said inspector of buildings that the person or persons restrained therein and thereby have agreed to construct or erect such buildings, or make such alterations or repairs according to law and in conformity with the directions of the said inspector of buildings. No costs shall be taxed against the city of Milwaukee in any event upon the dissolution of any such restraining order.

"Inquest" defined.

SECTION 6. The word "inquest" as used in this act, shall be construed to mean an examination and inquiry by said inspector into those matters into which he is required by law to inquire, in order to perform the duties imposed upon him by this act.

All such cases shall thereafter be prosecuted and tried in said municipal court as provided by law in similar cases in the circuit court, and all the general provisions of law relating to criminal actions, proceedings and examinations before justices of the peace, shall apply to said police court so far as applicable.

Court to be held in Milwaukee.

Time.

SECTION 6. Said police court shall be held at the said city of Milwaukee, in some suitable place, to be provided and suitably furnished by said city, and it shall open for business every morning (Sundays and legal holidays excepted). In case of the absence, sickness, or temporary disability of said police justice he may, by an order in writing, to be filed in said court, appoint a justice of the peace of said city to discharge the duties of said police justice during such absence, sickness or disability, who shall have all the powers of said police justice while administering such office, and such justice of the peace shall receive for his services five dollars per day, to be paid by said city. Said police justice shall not voluntarily absent himself from the duties of his office more than thirty days in any one year, except from sickness.

The complaints, warrants, recognizances, commitments, attachments, venires, subpoenas, and other writs and papers in said court shall be in substance in the form hitherto used in the municipal court of the city and county of Milwaukee.

In city prosecutions, said clerk, or one of his deputies, shall enter upon the record of the court a statement of the offense charged, which shall stand as the complaint, unless the court shall direct a formal complaint to be made; and the defendant's plea shall be guilty or not guilty, and shall be entered as not guilty on failure to plead, which plea of not guilty shall put all matters in such case at issue. Said clerk shall also, under the direction of the common council of said city, procure and furnish all the necessary blanks, stationery, book and paper cases, desks, record books, office furniture, lights and fuel for the use of said police court and its clerks, at the expense of said city. Such clerk and his deputies, and the police officers attending said police court and serving its processes shall receive no fees, and all costs collected in said court shall be paid into the city treasury as herein stated, and credited to the general fund, except as hereinafter provided.

The court shall then direct the clerk to proceed to draw in the presence of the jury commissioners of Milwaukee county, from the box containing the names of persons furnished by said jury commissioners to serve as petit jurors in the municipal court of the city and county of Milwaukee, twice the number of jurors demanded, and from the list so prepared by the clerk, the parties shall then alternately strike, the accused commencing, so many names as shall leave remaining the number demanded. A venire shall thereupon be issued, commanding the officer to summon those so remaining to appear before the court at such time as may be directed, to make a jury for the trial of said action, and the court may compel their attendance by attachment. Either party may challenge any juror for cause, and deficiencies occasioned thereby, or by any other cause shall be supplied by talesmen to be selected and summoned by the officer. If no jury shall be demanded, it shall be deemed a waiver of a jury trial. If either party declines to strike from the list the names which he is entitled to strike, the court shall appoint some disinterested person to strike the same for such party. Each juror shall receive for his services the same fees allowed by law to petit jurors in courts of record in said county, and the fees of such jurors shall be taxed as costs in said action. Witnesses and jurors shall attend before said court in all city and criminal prosecutions without any payment of fees in advance or a tender thereof, upon the processes of the court duly served, and in default thereof their attendance may be enforced by attachment. The foregoing provisions shall not apply, however, to witness' fees of members of the police department of the city of Milwaukee, who may testify for the prosecution. It shall be the duty of the clerk to tax witness' fees for such members, but when collected, such witness' fees shall be paid by the clerk to the treasurer of the Policemen Relief Fund Association of the city of

Salary \$2,500 per annum.

Costs, and how paid.

SECTION 15. All persons convicted in said police court who would otherwise be sentenced or committed to imprisonment in the county jail, shall be sentenced to imprisonment in the House of Correction in Milwaukee county, and the court may order the prisoner to be kept therein at hard labor during the term of his imprisonment, if he shall have the ability to labor.

Commitments to be to House of Correction.

SECTION 16. Every person convicted before said police court may appeal from the sentence or judgment against him to the municipal court of said city and county of Milwaukee, within the time and in the manner as is now provided by law for appeals in criminal cases from justices of the peace of the county of Milwaukee. Said municipal court is empowered to hear, try and determine such appeals and all provisions of law relating to appeals in criminal cases from justices' courts, and the trial and determination thereof shall apply to appeals from said police court to the municipal court.

Appeals, how made.

be deemed and treated as pending in said police court for all purposes, to the same extent, and with the same effect as if said actions, proceedings and examinations had been originally commenced and had in said police court, but until said first Monday of May, 1895, the jurisdiction and procedure of said municipal court shall continue unaffected by this act.

SECTION 18. All laws, and provisions of laws contravening the provisions of this act are hereby repealed.

CHAPTER 35. LAWS OF 1853.

SECTION 2. The city of Milwaukee, in its corporate name, may sue for and recover any and all fines, penalties, and forfeitures under said city charter, and the acts amendatory thereof; or under the ordinances, by-laws, or police or health regulations made in pursuance thereof, any general law of the state to the contrary notwithstanding; and such action shall be commenced by complaint substantially in the following form:

STATE OF WISCONSIN, }
Milwaukee County, } ss.
City of Milwaukee }

being duly sworn, complains on oath to the police justice of the city of Milwaukee, that did, on the day of 18, violate the section of an ordinance, by-law, or resolution (describing it by the title,) which said is now in force, as this complainant verily believes, and prays that said may be arrested, and held to answer to the said city of Milwaukee therefor.

Subscribed and sworn to before me, this day of 18.

It shall be sufficient to give the number of the section or sections, and the title of the ordinances, by-law, regulations, or resolution, or of the law violated, in such complaint. And said complaint may be sworn to before any officer authorized to administer oaths in the courts of this state. Upon the filing of such complaint in the office of the police justice, he shall issue a warrant thereon, substantially as follows:

STATE OF WISCONSIN, }
City and County of Milwaukee }

To the sheriff, or any constable of said county, or to the marshal of the city of Milwaukee,
Greeting:

Whereas, has this day complained to me in writing, on oath, that did, on the day of 18, violate the section or sections of an ordinance, by-law, regulation, or law (describing it by its title), which said is now in force and effect, as said complainant verily believes; therefore, in the name of the state of Wisconsin, you are hereby commanded to arrest the body of the said and him forthwith bring before the police justice of the said city, to answer to the said city of Milwaukee, on the complain aforesaid.

Given under my hand, this day of 18.

Police Justice.

Upon the return of the warrant, the court may proceed summarily with the case, unless it be continued by consent, or for cause. If the cause be adjourned, the defendant, if required by the court so to do, shall recognize with surety for his appearance, in such sum as the court shall direct; or, in default thereof, may be put in charge of the officer who made the arrest; or be committed to the common jail of Milwaukee county. The complaint made aforesaid shall stand in lieu of a declaration, and the plea of not guilty shall put at issue all subject matter which pertains to the defense of the action.

SECTION 5. In city prosecutions the finding of the court or jury, shall be either guilty, or not guilty. If guilty, the court shall render judgment thereon against the defendant, for the fine, penalty, or forfeiture contained in the ordinance, by-law or resolution for the violation of which the person or persons shall have been adjudged guilty, and for the costs of suit; but if not guilty, the costs shall be taxed against the city. Upon conviction and the non-payment of such judgment, the court may forthwith issue an execution, and shall determine and enter upon the docket the length of time the defendant shall be imprisoned, which, in no case, shall exceed six months, and also insert such time in the commitment or execution.

Such execution may be in the following form:

STATE OF WISCONSIN, }
City and County of Milwaukee }

To the sheriff or any constable of the county of Milwaukee, the city marshal, and to the keeper of the common jail in said county:

Whereas, the city of Milwaukee, on the day of 18 , recovered a judgment before the police court of said city, against for the sum of dollars, together with dollars costs of suit, for the violation of, (here insert the number of section and the title of the ordinance, as set forth in the complaint). These are, therefor, in the name of the state of Wisconsin, to command you to levy distress on the goods and chattels of the said (excepting such as the law exempts), and make sale thereof, according to law in such cases made and provided, to the amount of said sums, together with your fees, and twenty-five cents for this writ, and the same return to me in thirty days; and for want of such goods and chattels, whereon to levy, take the body of the said and him convey and deliver to the keeper of the common jail in Milwaukee county. And the said keeper is hereby commanded to receive and keep in custody, in said jail, the said for the term of , unless said judgment, together with all costs and jail fees are sooner paid, or he be discharged by due course of law.

Given under my hand and seal this day of 18 .
[L. S.]

Police Justice.

The form of commitment may be substantially the same as that of the execution, leaving out all that relates to levy and sale, and return of the writ.

SECTION 7. * * * And said common council may, by resolution, direct the police justice to discharge from the jail, any person confined for a judgment, unless said common council shall so direct in their resolution. Upon filing a certified copy of such resolution, attested by the clerk of the common council, the police justice shall order such defendant discharged from custody, and make an entry of such discharge upon his docket; an execution may issue or be renewed by indorsement from time to time before or after the return day thereof, and before or after the commitment of the defendant, until the judgment is satisfied or released; but after the defendant shall have been committed no execution shall be issued against the body of the defendant nor if previously issued shall authorize the taking of the body of the defendant thereon.

SECTION 2501, Rev. Stat. 1878 as amended by Sec. 3, Ch. 256, 1879, and Ch. 265, 1891.

The provisions of an act entitled "An Act to establish a code of procedure for the police court of the city of Milwaukee," approved March 17, 1853, so far as the same are applicable, shall apply to the municipal court, except the sixth section of said act, which is repealed.

**SECTIONS 938, 939 AND 940, R. S.
LIABILITY OF CITY FOR INJURIES BY MOB.**

938. Whenever any property, real or personal (except houses of ill-fame, when the owner has notice that the same are used as such), shall be destroyed or injured by, or in consequence of, any mob or riot, the city, or if not in a city, then the county in which such property is situated, shall be liable to the owner thereof for the damages so sustained by him. And in like manner, a remedy in law is hereby given against such city or county (as the case may be), for any bodily harm or injury sustained by persons, not in any way implicated in such unlawful assemblage or riot, and who have not by their own act or negligence contributed to the injury thus sustained; provided, that within six months after such destruction or injury, an action shall be commenced therefor, or the claim be presented to the proper authorities of such city or county in the manner prescribed by law.

(Secs. 1 and 5, Ch. 211, 1863, amended so as to exclude houses of ill-fame from the right to damages, inasmuch as they may be said to have invited destruction by violating law. The exception, however, does not embrace such property as the owner has no notice of the illegal use of. In New York the courts have held, under a similar statute to our present one, that the owner of such property is not debarred from recovery.)

939. No person shall be entitled to recover under the provisions of the preceding section, when such destruction or injury to his property was occasioned, or in any manner aided, sanctioned or permitted by him, or caused by his negligence, nor unless he shall have used all reasonable diligence to prevent the same, and shall have immediately notified the mayor of the city, or sheriff of the county, after being apprised of any threat or attempt to destroy or injure his property by any such mob or riot. Every mayor and sheriff receiving such notice shall take all legal means to protect the property threatened or attacked; and every such officer who shall refuse or neglect to do so shall be liable to the party aggrieved

for the damages sustained to his property by reason of such mob or riot, if such party shall elect to bring his action against such officer instead of against such city or county.

(Sec. 3, Ch. 211, 1863, verbally amended.)

940. Any city or county may settle with and pay the owner of any such property the damages so sustained; and any city or county which shall have paid any sum under the provisions of the two preceding sections, or upon such settlement, may recover the same, with all costs paid by it from any or all the persons engaged in such destruction or injury.

(Secs. 6 and 7, Ch. 211, 1863, amended to enable the municipality to recover the sum actually paid, without the necessity of proving against the wrong-doer that it was not cheated. Secs. 2 and 4 of Ch. 211 are omitted as entirely unnecessary, the law not being doubtful without them.)

SECTIONS 1339, 1339a, 1339b, 1339c.

LIABILITY OF CITY FOR INJURIES FROM DEFECTIVE HIGHWAYS.

Recovery for damages caused by defective road.

SECTION 1339. If any damage shall happen to any person, his team, carriage or other property, by reason of the insufficiency or want of repairs of any bridge, sluiceway or road in any town, city or village, the person sustaining such damage shall have a right to sue for and recover the same against any such town, city or village; but if such damage shall happen by reason of the insufficiency or want of repairs of a bridge, sluiceway or road, which any county shall have adopted as a county road, and is by law bound to keep in repair, such county shall be liable therefor, and the claim for damages shall be against the county. If such damages shall happen by reason of the insufficiency or want of repairs of a bridge erected or maintained at the expense of two or more towns, the action shall be brought against all the towns liable for the repairs of the same; and upon recovery of judgment, the damages and costs shall be paid by such towns, in the proportion in which they are liable for such repairs; and the court may, in its discretion, direct the judgment to be collected from, or issue execution against each town for its proportion only. No such action shall be maintained against any county, town, city or village, unless within ninety days after the happening of the event causing such damage, notice in writing, signed by the party, his agent or attorney, shall be given to the county clerk of the county, a supervisor of the town, one of the trustees of the village, or mayor, or city clerk of the city, against which damages are claimed, stating the place where such damage occurred, and describing generally the insufficiency or want of repair which occasioned it, and that satisfaction therefor is claimed of such county, town, city or village.

But no notice given under the provisions of this section shall be deemed invalid or insufficient, solely by reason of any inaccuracy or failure in stating the time or in describing the place and the insufficiency or want of repair; provided, it shall appear that there was no intention to mislead, and that the party entitled to notice was not in fact misled thereby.

Limitation as to recovery.

Section 1339a. (Ch. 454, 1885.) In any action brought against any county, town, city or village under the provisions of section 1339, of chapter 52, of the revised statutes, the amount recovered by any person for such damage or injury shall in no case exceed the sum of five thousand dollars.

Primary liability for damages—Parties.

Section 1339b. (Sec. 1, Ch. 471, 1889.) Whenever any injury has happened or shall happen to any person or property in any city or municipal corporation or towns by reason of any defect in any highway, street, alley or public ground, or for any other cause for which such city or municipal corporation or towns would be liable, and such defect, incumbrance or other cause of such injury shall be caused by, arise from, or be produced by the wrong, default or negligence of any person or corporation or towns, such person or corporation or towns so guilty of such wrong, default or negligence, shall be primarily liable for all damages arising from such injury; but such city or municipal corporation or towns may be sued in the same action with the one so primarily liable and be complained against as if primarily liable. If said city or municipal corporation or towns shall answer that it is not primarily liable, showing who is, and the verdict or finding shall be that it is liable, but not primarily, then the court shall enter judgment for the amount stated in the verdict or finding against all the defendants against whom the verdict shall be found or the finding shall be made; but the court shall stay execution against such city or municipal corporation or towns, until execution against those found to be primarily liable shall have been returned unsatisfied in whole or in part. When such execution shall have been so returned, then such judgment may be enforced against such city or municipal corporation or towns for whatever amount shall remain uncollected or unpaid thereon.

Amendment of Complaint.

SECTION 1339c. (Section 2, ch. 471, 1889.) If any action shall be brought against any city or municipal corporation, as mentioned in the preceding section, and such city or municipal corporation shall answer that it is not primarily liable therefor, showing who is, and the person or corporation thus shown to be so primarily liable shall not have been made a party, the plaintiff may amend as provided by section 2834, of the revised statutes. And if any action shall be brought against any person or corporation, not making such city or municipal corporation a party, the plaintiff may amend in like manner by making such city or municipal corporation a party.

SECTION 4986, R. S.

RELATING TO CHARTER PROVISIONS.

In force in cities and villages.

SECTION 4986. All the laws contained in these revised statutes shall apply to and be in force in each and every city and village in the state so far as the same are applicable, and not inconsistent with the charter of any such city or village; but when the provisions of any such charters are at variance with the provisions of these revised statute, the provisions of such charters shall prevail, unless a different intention be plainly manifested.
